Mesers. Picault & Son, Chemists and Druggists, No. 42 Notre Dame Stree!, Montreal, have received ! the following testimon; :-

MONTHEAL, C.E., July 31, 1863.
Messrs. Doctors Picault & Son: Sins,—This is to certify that for five years I was troubled with general debility, unable to perform any household duties, and suffering violently from palpitation of the heart. I was constantly under the influence of a chilly fever, and experiencing awful pain in my whole body. I tried everything—sought medical anvice—but all to no avail. Twelve months ago I was induced to try BRISTOL'S SARSAPARILLA, and before I had taken two bottles, experienced a decided improvement; but my menns not allowing me to continue its use, I was becoming worse again, when you kindly gave men few bottles. It was the needed remedy, and its effect on my system was wonderful. I am now another woman; I feel well, eat well and sleep well, and do all my work without the least fatigue. I cannot too strongly recommend this invaluable medicine to the suffering, and I have not the least doubt they will derive from it the same be-

Reading, Pa. 6th May, 1861. J. C. Aven, M. D. Dear Sir I have a long time been afflicted with an eruption which covered my whole body, and suffered dread-fully with it. I tried the best medical advice in our city without any relief. Indeed, my disease grew worse in spite of all they could do for me. I was finally advised by one of our leading citizens to try your Sausa-randa, and after taking half a bottle only. I found that it had reached my complaint, and my health improved surprisingly. One single bottle completely cared me, and I am now as free from the complaint as any man in the world. Publish this, and let the at flicted know what you have done for me, and what may be done for their relief.

Yours, with great respect and gratitude, Jacon H. Hais. The above certificate is known by us to be true, and any statement from Mr. Hain entirely reliable.

It has not failed to come upon her in cold weather, nor has any remedial aid been able to hasten its departure before spring, or at all alleviate her sufferings from it. This season it begna in October with its usual violence, and by the advice of my physician I gave her your Sarsaparitti. In a week it had brought the tumor out upon her skin worse than I had ever seen it before; but it soon began to disappear. The itching h # ceased, and the humor is now entirely gone, so that she is completely cured. This remarkable result was undoubtedly produced by your Sassapanilla. Charles P.
