

AMERICAN EDITORS—An editor, and a Western one, expresses the hope that his subscribers will excuse the scarcity of original matter in a certain number of his paper, for he has had too much headache, the gout, a fit of the ague and fever, and an increase of one to his family; besides, he hasn't been very well himself. He of course, under such circumstances, ought to be excused. But about the coolest thing on record is the advice of the editor of the *Madison Courier* who, in the absence of reading matter from his paper, remarked that if reading the news alone was the object of his subscribers, they will find enough that is new to them in the Bible, and it is good reading too.

WEAK STOMACH, OPRESSION AFTER EATING, &c.—Indigestion takes innumerable shapes. Sometimes the stomach becomes so sensitive that it rejects even the simplest food; and in other instances, digestion is so painful that the patient is afraid to indulge the appetite. It is in cases like these that the tonic properties of **BRISTOL'S SUGAR-COATED PILLS** are most strikingly manifested. Mrs. Margaret McElroy, of Troy, New York, testifies that for five years, she was unable to digest solid food—taking nothing but jellies, rice, and arrow root—and even these caused her so much uneasiness, three times a day. She was terribly emaciated and, to use her own words, "hardly cared to live." After having tried more than twenty modes of treatment, she at length commenced taking **BRISTOL'S SUGAR-COATED PILLS**, and she states the result as follows: "I am thankful to say that I am quite well. I eat heartily, sleep comfortably, have recovered my flesh, and feel no pain. All this I owe to **BRISTOL'S SUGAR-COATED PILLS**, and I earnestly recommend them to all who suffer from weak stomach. They are sure."

They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, **BRISTOL'S SARPAPARILLA** should be used in connection with the Pills. J. F. Henry & Co. Montreal, General Agents for Canada. For sale in Montreal by Devins & Bolton, Lamplough & Campbell, Davidson & Co., K. Campbell & Co., J. Gardner, J. A. Harte, Picault & Son, J. Goulden, R. S. Latham and all Dealers in Medicine.

A CARD FROM THE AMERICAN WATCH COMPANY WALTHAM, MASS.

THIS Company beg leave to inform the citizens of the new dominion of Canada that they have made arrangements to introduce their celebrated Watches to their notice. They are prepared to prove that their watches are made upon a better system than others in the world.

They commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one half of all the watches sold in the United States. Up to the present time, it has been impossible for them to do more than supply the constantly increasing home demand; but recent additions to their works have enabled them to turn their attention to other markets.

The difference between their manufacture and the European, is briefly this: European Watches are made almost entirely by hand. In them, all those mysterious and infinitesimal organs which when put together create the watch, are the result of slow and toilsome manual processes, and the result is of necessity a lack of uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative vary. But it is a fact that, except watches of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthless Ancre, Lepine, and so-called Patent, Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take them to the nearest watch merchant. He stamps and engraves them with any name or brand that may be ordered—whether London, Paris, Geneva or what not; and many a man who thinks he has a genuine "M. I. Tobias, of Liverpool," (whose only fault is, that he can never regulate it to keep very good time), is really carrying a cheap and poor Swiss imitation.

HOW AMERICAN WATCHES ARE MADE.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All their operations, from the reception of the raw materials—the brass, the steel, the silver, the gold and the precious stones, to the completion of the Watch, are carried on under one roof, and under one skillful and competent director. But the great distinguishing feature of their Watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust a hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it. If any part of any American Waltham Watch should be lost or injured, the owner has only to address the Company, stating the number of his watch and the part wanted, whether it be spring, pinion, jewel, or what not, and by return mail he would receive the desired article, which any watchmaker would adjust to its position.

The Company respectfully submit their watches on their merits only. They have fully succeeded in overcoming popular prejudices in the States in favor of European watches, and solicit a thorough examination and fair trial for their manufactures elsewhere. They claim to make

A BETTER ARTICLE FOR THE MONEY

by their improved mechanical processes than can be made under the old-fashioned handicraft system. They manufacture watches of every grade, from a good, low priced, and substantial article, in solid silver hunting cases, especially adapted to the wants of the farmer and lumberman, to the finest chronometer for the navigator; and also ladies' watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named "Home Watch Company, Boston," ALL WATCHES made by them

ARE FULLY WARRANTED

by a special certificate given to the purchaser of every watch by the seller, and this warrant is good at all times against the Company or its agents.

WHO IS MRS. WINSLOW?

As this question is frequently asked, we will simply say that she is a lady who, for upwards of thirty years, has untiringly devoted her time and talents as a Female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup, for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are daily sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it, mothers—try it now.—*Ladies Visitor*, New York City.

Be sure and call for
'MRS. WINSLOW'S SOOTHING SYRUP.'

All others are base and dangerous imitations.

Sold by all Druggists. 25 cents a bottle
April, 1867. 2m

MURRAY & LANMAN'S FLORIDA WATER.—All the finest perfumes are obtained from tropical flowers, and of these essences of the Aromatic Flora of the Tropics, this is one of the most permanent, pure and delicious. It imparts to the breath a pleasant fragrance, when used to rinse the mouth at the morning toilet, and neutralizes the taint of the cigar. Gentlemen who, in spite of the present passion for beards, have still a prejudice in favor of the razor, will find that this delightful toilet water exempts them from the usual penalty of shaving—smarting and tenderness of the abraded skin. 184

Beware of Counterfeits; always ask for the legitimate MURRAY & LANMAN'S FLORIDA WATER, prepared only by LANMAN & KEMP, New York. All others are worthless.

Agents for Montreal—Devins & Bolton, Lamplough & Campbell, Davidson & Co., K. Campbell & Co., J. Gardner, J. A. Harte, Picault & Son, H. R. Gray, J. Goulden, R. S. Latham, and all Dealers in Medicine.

MARVELLOUS!

Toronto, C.W., July 8, 1864.

Gentlemen,—I send you a certificate of the great benefits I have derived from using **BRISTOL'S SARPAPARILLA**. I have been terribly afflicted for years with Acute Rheumatism; my knee joints were swollen to an enormous extent, and it was with the greatest difficulty I walked. I was treated with the best physicians in the city without any apparent benefit. My friends persuaded me to try **BRISTOL'S SARPAPARILLA**. After taking the first bottle I was almost cured; and now, after taking the third, I am a new man. If agreeable, I desire that you should publish this certificate, and let the afflicted know of the great benefit I have derived from your valuable medicine.

I am gentlemen, yours truly,
EDWARD SCOTT,
63 Queen Street.

WANTED.

A MALE TEACHER, with a diploma, to teach an Elementary School. Apply St. Columban, County Two Mountains, Canada East.

WILLIAM HART, Sect. Treas.

CONVENT OF THE SISTERS OF THE CONGREGATION OF NOTRE DAME,

WILLIAMSTOWN (NEAR LANCASTER) C.W.

THE system of education will embrace the English and French languages, Music, Drawing, Painting, and every kind of useful and ornamental Needle Work.

SCHOLASTIC YEAR, TEN MONTHS.

TERMS PER MONTH:

Board and tuition in the English and French languages, \$5.00
Music, 3.00
Drawing and Painting, 1.50
Bed and Bedding, 0.50
Washing, 1.00
Bed and bedding, washing, may be provided for by the parents.
No deduction for pupils removed before the expiration of the term, except in case of sickness.
Uniform for Winter, Dark blue. Summer, Shepherd's Plaid.
Payments must be made invariably in advance.

AGUA DE MAGNOLIA.—The prettiest thing, the "sweetest thing," and the most of it for the least money. It overcomes the odor of perspiration; softens and adds delicacy to the skin; it is a delightful perfume; allays headache and inflammation, and is a necessary companion in the sick room, in the nursery and upon the toilet sideboard. It can be obtained everywhere at one dollar per bottle. **SARATOGA SPRING WATER**, sold by all Druggists.

S. T.—1860.—X.—The amount of Plantation Bitters sold in one year is something startling. They would fill Broadway six feet high, from the Park to 4th street. Drake's manufactory is one of the institutions of New York. It is said that Drake painted all the crooks in the Eastern States with his cabalistic "S. T.—1860.—X." and then got the old grumpy legislators to pass a law "preventing disgracing the face of nature," which gives him a monopoly. We do not know how this is, but we do know the Plantation Bitters sell as no other article ever did. They are used by all classes of the community, and are death on Dyspepsia—certain. They are very invigorating when languid and weak, and a great appetizer. **SARATOGA SPRING WATER**, sold by all Druggists.

"In lifting the kettle from the fire I scalded myself very severely—one hand almost to a crisp. The torture was unbearable. The Mexican Mustang Linctant relieved the pain almost immediately. It healed rapidly, and left very little scar. CHAS. FOSTER, 420 Broad St., Philadelphia."

This is merely a sample of what the Mustang Linctant will do. It is invaluable in all cases of wounds, swellings, sprains, cuts, bruises, scalds, etc., either upon man or beast. Beware of counterfeits. None is genuine unless wrapped in fine steel-plate engravings, bearing the signatures of G. W. Westbrook, Chemist, and the private stamp of DEMAS BARNES & Co., New York. **SARATOGA SPRING WATER**, sold by all Druggists.

All who value a beautiful head of hair, and its preservation from premature baldness and turning gray, will not fail to use Lyons celebrated Kathairon. It makes the hair rich, soft and glossy, eradicates dandruff, and causes the hair to grow with luxurious beauty. It is sold everywhere.

SARATOGA SPRING WATER, sold by all Druggists.

WHAT DID IT?—A young lady, returning to her country home after a sojourn of a few months in New York, was hardly recognized by her friends. In place of a rustic, flushed face, she had a soft, ruby complexion, of almost marble smoothness; and instead of 22, she really appeared but 17. She told them plainly she used Hagan's Magnolia Balm, and would not be without it. Any lady can improve her personal appearance very much by using this article. It can be ordered of any druggist for only 50 cents. **SARATOGA SPRING WATER**, sold by all Druggists.

Heimstreet's inimitable Hair Coloring has been steadily growing in favor for over twenty years. It acts upon the absorbents at the roots of the hair, and changes it to its original color by degrees. All instantaneous dyes deaden and injure the hair. Heimstreet's is not a dye, but is certain in its results, promotes its growth, and is a beautiful Hair Dressing. Price 50 cents and \$1. Sold by all dealers. **SARATOGA SPRING WATER**, sold by all Druggists.

LYON'S EXTRACT OF PURE JAMAICA GINGER—for Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, &c., where a warming is required. Its careful preparation and entire purity makes it a cheap and reliable article for culinary purposes. Sold everywhere, at 50 cents per bottle. **SARATOGA SPRING WATER**, sold by all Druggists.

BARNES, HENRY & Co., Montreal,
Agents for the Canadas.
DEMAS BARNES & Co.,
New York.

CLAREMONT, Fayette Co. Iowa.

Mr. Briggs,
Dear Sir,

Mrs. Grinnell brought home with her one bottle of your 'Velpen's Hair Restorative,' on her return from New York. I have tried the compound on my hair which had become prematurely gray, and from the effect it produced I judge it possesses merits equal to its claim.

REV. JOEL GRINNELL.

Sold by all Druggists everywhere.

CHOLERA.

A CERTAIN CURE FOR THIS DISEASE

MAY BE FOUND IN THE USE OF
DAVIS' PAIN KILLER.

VEGETABLE PAIN KILLER.

MANHATTAN, Kansas, April 17, 1866.

Gentlemen— I want to say a little more about the Pain Killer. I consider it a very valuable medicine, and always keep it on hand. I have travelled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1849, and with better success than any other medicine. I also used it here for cholera in 1855, with the same good results.

Yours truly,
A. HUNTING, M.D.

I regret to say to say that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifty or sixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House has been used with considerable success during this epidemic. If taken in season, it is generally effective in checking the disease.

REV. CHARLES HARDING,
Sholapore, India.

This certifies that I have used Perry Davis' Vegetable Pain Killer, with great success, in cases of cholera infantum common bowel complaint, bronchitis, coughs, colds, &c., and would cheerfully recommend it as a valuable family medicine.

REV. JAS. O. BOOMER.

Messrs. Perry Davis & Son:—Dear Sirs,—Having witnessed the beneficial effects of your Pain Killer in several cases of Dysentery and Cholera Morbus within a few weeks past, and deeming it an act of benevolence to the suffering, I would most cheerfully recommend its use to such as may be suffering from the aforementioned or similar diseases, as a safe and effectual remedy.

REV. EDWARD K. FULLER.

Those using the Pain Killer should strictly observe the following directions:—
At the commencement of the disease take a teaspoonful of Pain Killer in sugar and water, and then bathe freely across the stomach and bowels, with the Pain Killer clear.

Should the diarrhoea and cramps continue, repeat the dose every fifteen minutes. In this way the dreadful scourge may be checked and the patient relieved in the course of a few hours.

N.B.—Be sure and get the genuine article; and it is recommended by those who have used the Pain Killer for the cholera, that in extreme cases the patient take two (or more) teaspoonfuls, instead of one.

The Pain Killer is sold everywhere by all Druggists and Country Store-keepers.

PRICE, 15 cts., 25 cts. and 50 cts. per bottle. Orders should be addressed to
PERRY DAVIS & SON,
Manufacturers and Proprietors,
Montreal, C.E.

CONVENT

OF
VILLA-ANNA,

LACHINE,

(NEAR MONTREAL, CANADA EAST).

This Institution contains in its plan of education every thing required to form Young Girls to virtue, and the sciences becoming their condition. The diet is wholesome and abundant. In Winter, Dark Blue Dress, with Cape.
July, 5, 1866. 12m

PROSPECTUS

OF

MASSON COLLEGE,

TERREBONNE,

NEAR MONTREAL.

THE object of this institution is to give to the youth of this country a practical education in the French and English languages.

The course of instruction embraces the following branches, viz:—Reading, Writing, French and English Grammar, Geography, History, Arithmetic, Book Keeping, Practical Geometry, Architecture, Music, and Drawing.

The course is of five years, commencing by an Elementary class, in which pupils of seven years are commonly admitted.

Every pupil capable of studying, and furnished with good moral recommendations, is received in the institution without distinction of religion; strict conformity to the rules and discipline of the house being required of all.

All matters are studied in English as well as in French, in order that the pupil may become proficient in both languages.

Particular attention is given to the teaching of French to the English pupils, a professor being specially charged with that branch; their progress is rapid, as may be known from the fact, that many who, at the commencement
