TORONTO.

Milk Street . . . London England.

CHOLERA

Affects the price of more than one imported article—rags for instance. Rags play a leading part in the manufacture of paper. Rigid quarantine laws have cut off supplies, and American paper-makers have advanced prices. Fortunately for its customers this company's stock of rags will, it is thought, hold out until the embargo is removed, and no increase in price will be made until absolutely necessary.

The quality of our out-put is increasing right along. Send for samples and prices.
