The Story of an Old Man Now Nearing the Foot of Life's Hill--How Relief Came to Him After Repeated Failures and Dis

of my age, and never during that time have I made a statement more willingly and conscientiously than now. My body has been tortured by pain for upwards of thirty years, caused by rheumatism, and there are thousands enduring a like affliction that need not if they would but heed my experience and avail themselves of the proper means of relief. The disease first affected my hip and appeal to my legs and arms. Like many suffaces I reproduce the control of the control o Pense in seeking something to alleviate the pain. The disease had made me so helpless that I was unable to put on my coat and my hands and fingers were being twisted out of shape. There seemed not the shadow of a hope of relief and Very naturally I became discouraged and disheartend, and time after time have I given up in despair. While in Arizonal I heard of Dr. Arizona three years ago I heard of Dr. William's Pink Pills. I sent for six boxes in order to give them a fair trial followed the directions closely and by the time the fourth box was finished the pain had greatly lessened and I was nuch improved. My friends having

Unfortunately I neglected getting another supply for nearly a year after returning to this part and I felt that to me Pink Pills were one of the necessaries of the tink Fills were one of the transfer a few hoxes and have been taking them since with with a very satisfactory effect am glad to free from pa'n or stiffness of joint. I have a slight numbness of feet and naffthese pills will relieve this feeling. Although well advanced in years, I am able and do walk many miles a day.

Norman, Ont., January 15, 1890.

W. H. Constock, Brockville, Ont.

Dear Sir,—Your "Dr. Morsot's Indian Root Pills' are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is theresult!—at first, only a slight difference is perceptible in its time-keeping, but wait you; at the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.
