## THINK THESE FACTS OVER

Our men have filed demands for \$1,000,000 in additional wages for the next year.

Since 1914 we have increased our wages \$490,000 a year and paid higher prices for materials.

Last year the company's return on its investment was only 2.4 per cent.

As a fair and reasonable return may be placed at 8 per cent, public service is now being given at less than cost.

How can this company sustain a \$1,000,000 increase in expense? Think it over.
