Unusually Interesting Programs Have Been Prepared for Meetings in Bloor Street Church.

The program arranged for the semial meetings of the Toronto Preserial W. H. M. S., to be held next esday, morning and afternoon, incor Street Presbyterian Church, is of unusual interest and attracess. At the morning meeting, which begins at 10 o'clock, in addition to the usual business and reports, there will be two addresses. Mrs. Strachan will give an account of her visit to the educational homes and schools of Toulon, Man, and Mrs J. A. Macdonald is to repeat by special request the address given by her at the general assembly in Edmonton, a speech which was characterized by the press at that time as the best one heard at the assembly.

Luncheon will be served at noon thru the kindness of the ladies of Eloor Street Church.

The afternoon meeting at 2 promises to be equally inspiring. After the election of officers, an address will be given by Rev. Mr. Macbeth of Paris, whose book, "Our Task in Canada." has just come from the press. He will be followed by Rev. Mr. Edmison, home mission secretary for the Dominion, who will give a general survey of the work, dealing especially with the problem of "following up the stranger."

All women interested are cordially invited to attend which begins at 10 o'clock, in addition

All women interested are cordially invited to attend.

Boys Broke Windows in Jewish Mission on Hallowe'en.

WHERE WAS POLICEMAN?

That a gang of over 100 Jewish youths could gather pefore the Jewish youths could gather before the Jewish mission on Centre avenue during the early part of Hallowe'en and break seven windows without the police being aware of it, is a mystery, but that the same bunch could smash a window of a storekeeper next door, who remonstrated with them, is a greater puzzle than ever. Yet this is identically what happened in front of the little Jewish Mission, 23 Centre avenue, Thursday night, and while a policeman was supposed to be on guard against this sort of thing.

Rev. Henry Singer, the missionary, claims that it was an organized attack on his mission by the Zionists, who

claims that it was an organized attack on his mission by the Zionists, who have posted notices through the ward, warning parents not to heed the teachings of the Christians. Mr. Singer further says that he advised the police that an attack was to be made, and they promised to post a policeman in front of the church. Where was the policeman? Mr. Singer would like that answered.

VETERANS A MALGAMATE

against the proposition, a committee was appointed to confer with the committees of the various organizations on the best means of bringing about the ultimate union of all veteran socie-

W. H. Smith, 1245 West St. Clair evenue, who was appointed secretary of the committee, to receive suggestions from any army or navy veterans in Toronto, was ordered to report at the next monthly meeting.

LONDON WANTS CIVIC SQUARE.

LONDON, Ont., Nov. 1.—(Canadian Press.)—Ald, Coles, representing the city, leaves for Ottawa tomorrow, where he will consult with Hon, Robt.
Rogers and Col. Sam Hughes on the
project of a civic square, bounded by
Waterloo, Dundas, Wellington and
King streets. The government is willing to give \$160,000 if a block for a new postoffice site is donated by the city. The city, however, thinks the grant should be increased.

BRITISH WELCOME LEAGUE.

On Sunday evening at 7 o'clock the Rev. Alfred Half, senior chaptain for Carada of the Brit'sh and Foreign Sailors' Society, London, Eng., will give an address at the British Welcome League on the High Destiny of the British People." Sir James Whitney has kindly consented to preside.

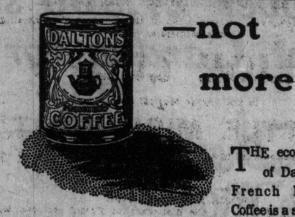

SENT FOR TRIAL.

John Butler, a drug clerk, who swore in the police court that Albert Sutton angered Hector Ross into assaulting him on Witon avenue some time ago, was committed for trial by the magistrate yesterday morning.

More Than 500 Applications Received in Recent Campaign, Which Formally Closed Yesterday.

There was a turn out of about All Secieties in Toronto Will in Future
Work Together.

All here was a turn out of about twenty of the thirty captains in the beard of trade membership campaign at the final luncheon held yesterday under the presidence of Chairman III At a meeting of the Imperial South African Veterans, held last night, a move was set afoot for the amalgamation of all the veteran societies of Toronto, consisting of the Veterans of '55, the Veterans of '66, the Army and Navy Veterans, the Imperial South African Veterans and the Canadian South African Veterans.

The original idea was to form one grand society of a purely social and grand society of a purely social and society of a purely social and grand society of a purely social and g grand society of a purely social and traternal nature, which should extend a welcoming hand to all soldiers who had served under the British flag either the latter number might easily be made up before the end of the year. This suggestion met with so much approval that forty more applications were gromised towards the desired toproval that forty more applications were promised towards the desired to-

tai.

In response to a call from the chairman, W. M. Douglas, Assistant Secretary Tolchard stated that "miscellancous" was responsible for sixty new applications; H. N. DeWitt for 44, Preferred against him by B. Axler. The Wm. Crocker for 29, Mr. McEachrea for 37, Mr. Marriott for 32, S. C. DeWitt for 21, Mr. Johnston for 27, Secretary Mcrley for 24, and Mcssrs. R.L.Thompson and S. Eleck for 20 each.

Inventions Hit Upon by Chance Among the inventions that have been given to the world in recent years are many that were hit upon purely by chance. For instance, the making of kakhi the canvas cloth so widely used for soldiers' uniforms, came about in curiously haphazard way. For years

dy it. For a long time he searched for a dye that would remain impervious to coap or soda. Months of experimenta-tion were required to solve the prob-lem. The cloth that finally resisted soap proved to have been dyed by a liquid that had rested in a metal dish of a certain kind. It was some quality of this metal that had contributed the very quality needed to insure perman-ence. The remainder of the problem was easy. The khaki that we know. was the result, and a most profitable has a better apparatus for the up-

was the result. and a most printable industry sprang up.
Years ago a firm of printers in Paris executed an unusually large order for almanacs. Each sheet was punched with a small hole for eyeleting, and an immense number of tiny circles of colored paper accumulated in the work-rooms. One day a workman grabbed a rcoms. One day a workman grabbed a handful of these and, in a spirit of funthrew the bits of paper over a girl worker who was passing. She retaliated; others followed the example of the two, and a miniature snowstorm was in progress when the head of the

of the spectrum. Technically speaking, these layers of silica are said to possess a different index of refraction from that of the matrix. As the opal is moved the various layers break the light into colors, which change, of course, according to the position of the

of-pearl, is also a matter of form and not actual color. In fact, all "changeable" colors are more or less the result of form even where there is pigmentation beneath, such as in certain ribbed silks. When sunlight bears directly upon finely ribbed metal, as a file, there is the same play of colors. In the case of mother-of-pearl an in-teresting experiment has been made. An impression of the pearl was taken upon pure white wax. It was then found that the apparents smooth surface of the pearl has still sufficient irregularities to impress upon the wax a surface that resulted in similar color
