The sentleman who has arranged the deal for the syndicate is chairman of the South African General Development Syndicate, which was organized in 1894, with a capital of £60,000. Col. Eggledue's fortunate experience with the Mikado Mine, and his recent deal with the Government, show that the members of the English Syndicate have faith in the future of the Rainy River ountry. They have already put \$25,000 in the Mikado, and they have put up \$20,000 with the Government as evidence of their good faith in doubtedly of the opinion that gold mining in New Ontario is to be a paying wenture. While all this is true, we do not see how the Government can justify the deal with Col. Engledue. What in reality does the deal amount to ? What does the syndicate an exclusive license to explore for minerals over, two sections of the Rainy River siven them? The Government gives the syndicate an exclusive license to explore for minerals over, two sections of the Rainy River District, embrae-ning 64,000 acres.
