What may prove to be valuable placer deposits have been discovered in the Low?r Seine district of the Western Ontario gold fields. Finds of gold-bearing gravel have been made on two mining locations on the shores of Bad Vermillion Lake, two or three miles northwest of the Town of Mine Centre. These locations are the Emperor and Cuckoo properties, operated by a company of which J. C. Beebe of Minneapolis is the chief promoter. The Duluth Herald correspondent at Mine Centre, who is responsible for the story, says that Mr. John Watson, superintendent of the Emperor, while digging a shallow well near his camp, went through a stratum of gravel, while appeared to be a placer bed, and he at once panned a quantity of it. To his surprise tails of fine gold and coarse particles of the precious stuff, amounting in size to nugprecious stuff, amounting in size to nug- opi gets, were collected each time in the pan. The Herald man says that this is phenomenal and unexpected, as mining experts have always maintained that placer finds would never be made in this region. However, as time passes, extraordinary developments are constantly being brought to light in Western Ontario, and Mr. Watson seems confident that a thorough investigation of the bed of gravel which he discovered only last week, will prove it to be a valuable deposit.

The big Strike in Cripple Creek.

Colorado Springs, April 9.—The big strike on the Excelsior, one of the Anaconda Comtinues to be the talk of the Camp.

All the parties interested in the lease are well-known and popular business men of the city, who have been leasing in the distinct of the shaft, which is of the same depth. At this point a cross vein is enterply, when he, too, entered a bed of vel. Washed in the pan, the gravel ply, when he, too, entered a bed of vel. Washed in the pan, the gravel was a greated place bed, and show on the same vein. South the vein, and running parallel, is a slight ravine, filled with glacter drift, in the is found the raputed place bed, and as thought that the furiferous metal in gravel has come from the quartz lode process of crosson.

the gravel has come from the quartz lode by process of \$6708100.

Gold Beneath a Lake.

The Herald goes on to say that it has been known for a number of years among indians and a few white men that the bottom of Shoal Lake contained placer gold. Last fall Englishmen representing a London syndicate organized, a small party, and made some preparations to test the bottom of that body of water, but, being unable to obtain suitable tools and machinery, gave up the aftempt for the time. Within the last few years several accidental discoveries of gold have been made but so far nothing has been done. The country rock on all sides of the lake is cut by innumerable quartz veins, and it would not be surprising if quantities of the precious metal had found their way into the sedinent at the bottom of this arm of the Seine River.

While this sensational talk of placer deposits goes on, the development is being installed. On the Foley development work proceeds in several of the shafts. Sinking in the north shaft has been discontinued for the time, to allow breaking into the drift on the fourth level. On the Golden Star the two cross-cuts on the 150-foot level are reported to have exposed beds of quartz 8½ feet and 12 feet, respectively. The shaft has reached a depth of 225 feet, and the latest New York assays of ore from the second level are said to un over \$75 to the ton. The management are said to be figuring on the erection of a 40-stamp mill this summer, and meantime arrangements are being made for the first of the first of

ron Mask trouble—that always cures. That one is Dodd's Dyspepsia Tablets. But he knew of no other,

The lawyer agreed with the doctor, as to the misery caused by Dyspepsia. But he claimed that Indigestion, Sour Stomach, Foul Breath, Wind on the Stomach, Biliousness, Waterbrash and Catarrh of the Stomach are responsible for equally as much torture.

"You are correct," said the doctor "But I will wager \$1000 I can cure the worst case of any one of these diseases with Dodd's Dyspepsia Tablets, They are the natural digestive. They digest the food, and there will be no stomach disease.

"Every case of Dyspepsia, Indigestion and other stomach trouble is accompanied by constipation, more or less severe. To make their cure complete, The Dodds Medicine Co. put in every box of Dodd's Dyspepsia Tablets appackage of small, brown Tablets, that are simply perfection as a regulator of the bowels.

E. J. Henderson, the liquidator, produced his bond for \$15,000, and stated that he had appointed Watson, Smoke & Masten his so-licitors, with the approval of the Advisory mittee, and after receiving the state-

Committee, and after receiving the statement of the firm that they were in a position to act independently, George Kerr, of Kerr, Bull & Rowell, representing Gault Bros., Montreal, one of the Jargest creditors, objected, and produced an affidavit by William Mackenzle, one of the Advisory Committee, and an inspector of the estate, also the agent of Bradbury & Co., one of the largest English creditors. The affidavit deposed: (1) That John Macdonald & Co., Nicholas Garland, John Calder & Co., and A. Bradshaw & Son, were fraudulently preferred creditors to the amount of \$19,000; (2) that Watson, Smoke & Masten had acted as solicitors for John Macdonald & Co., Nicholas Garland, Calder & Co., and W. A. Thompson, the president of the Army & Navy Clothing Company; (3) that Nicholas Garland was a personal client of the firm appointed solicitors; (4) that all the members of the Advisory Committee, with the exception of Mr. Garland, who was personally interested, were averse to the appointment.

Mr. Smoke replied, and denied the state-

Hundreds of people, after trying all sorts of remedies, have been cured by

Here's a remarkable case of Mr. Arthur Greenwood, of Randboro, Que., who writes as follows :-

"Having suffered from Scrofula on the face, and the many medicines I took not seeming to do me any good, I thought I would give up trying for a cure, but decided to try B.B.B. before doing so. I got one bottle and before it was finished my face was well. I could fill this paper with words of gratitude to Burdock Blood Bitters. Nothing in the world equals it."
