## At Various Sports

Horse World: "That new betting system at Benning's is all the paprika," said a turfman just back from the Washington track. "Running horses and trotting bookies—beat that combination and you're a live one."

"I've been trying it on for two weeks and if there's going to be a six-day walking match at the Garden this winter watch me get into it and win. Never was any system of exercise invented to beat that betting gag at Benning's."

"If you're not there with the heel and toe thing, you might just as well stay at home and play mumbletypeg with yourself. Look me over. I dropped 18 pounds in the Benning's betting ring, and I'm as hard as a Kootenay trapper that's lived for four years on nothing but venison."

"Sol Lichtenstein left 30 pounds of himself in the Benning's betting ring, and now he's got to throw all of those gay, gleeful winter clothes away and order new togs that'll fit his shrunken shape. All of the bookies who went to Benning's and stuck it out look as if they'd been training for a long-distance bicycle race."

"They've got knobs of muscle on the calves of their legs as big as ping-pong balls from their constant shuffling around on the concrete floor of the ring. Bob Pinkerton, who staked himself to the job of hurdling through the ring every nine seconds or so and bawling at the chalkers to keep a-moving—Bob improved so much in the footwork thing that he's going to enter himself in all the weight-for-age sprints next year for people over 50."

Did you hear the latest? The Tigers want to take a chew out of the Yale Blues! If the Tigers ever go against Old Elm they will not get over the effects in time to get in the O. R. F. U. game next year.

Montreal sports come high. The majority of the spectators at the McGill-Tiger game were perched on the mountainside overlooking the campus Saturday.

Toronto Telegram: The score does not say so, but the game was hard fought, especially during the last half, when McGill made Dumoulin's all-star company of players sit up and take notice.

The Tigers have an undoubtedly great team—a team that will take a lot of beating if they hold together another season. McGill made the mistake of not claiming anything on the field; while Dumoulin, like an election agent, claimed everything.

Tigertown may have its Hayhursts, its Sherrings, et al., but Seppy Dumoulin is certainly the big dog with the brass collar in Hamilton, Ont., this very night.

According to all accounts, Detroit will have an almost entirely new diamond outfit next season. With the exception of O'Leary and Schaeffer, the present crew will be made the recipients of a bunch of brand new tin cans.

Beell and Gutch are slated for another bout, to take place at Kansas City on the 17th of this month. That statement does much to clear up the cloudy outlook of the recent match which was won by Beell. Return matches are always good for a piece of loose change.

A meeting of the Forest City Football Club is called for tomorrow evening at the Tecumseh House. Every member should make it a point to be on hand, as officers are to be elected, and a delegate is to be chosen for the O. R. F. U. annual meeting, to be held shortly in Toronto. The report of the secretary-treasurer is to be presented for the past season.

At one time Jack O'Brien was a 2 to 1 favorite over Burns. At present Jack looks like a phoney deuce in a crooked deck.

There is a mistaken impression current that the Stanley cup is a trophy for amateur teams, pure and simple, says the Ottawa Journal. The trophy is simply supposed to represent the hockey championship of Canada, and nothing is mentioned in the deed of gift as to the clubs being amateur. The deed of gift merely sets forth the following conditions:

1. The winners to give bond for the return of the cup in good order when required by the trustees for the purpose of being handed over to any other team who may in turn win.
2. Each winning team to have at their own charge engraved on a silver ring fitted on the cup for the purpose, the names of the team and the year won.
3. The cup shall remain a challenge cup and will not become the property of any team, even if won more than once.
4. In case of any doubt as to the title of any club to claim the position of champions, the cup shall be held or awarded by the trustees as they may think right, their decision being absolute.
5. Should either trustee resign or otherwise drop out the remaining trustee shall nominate a substitute.

There is some talk of switching the football rules around next season. Wonder—what's coming? Rules forbidding rooters-silence-opponents-signal clubs, a la Hamilton; or provisions for the maintenance of a Red Cross Society on the gridiron?

A South African Rugby team trimmed up the strong Wales (England) team, recently, by a score of 11 to 0. Shades of Oom Paul! Rouse mit!

At last the "Champville" Rooters' Club is outrooted. Here is one from the Princeton Tigers' den:

The styles are always changing in our good old football game, and yet the Princeton Tiger goes on winning all the same; The Tiger says the forward pass is easy meat for me; I learned it throwing coconuts with the chimpanzee.

The racing season has closed at the Benning's track, and now the Baltimore bookies, who have been there reaping in the green stuff, will hit themselves back to their various occupations, to wit: Slingshot high-balls and picking oysters from the briny deep. It's just the same old story: "One day it is milk and honey, the next day it is—free lunches and up against it."

## BOWLING.

### HAVE NOT FORGOTTEN IT YET.

London, Dec. 3.—The Scotch bowling team which visited Canada was entertained to dinner by the Scottish Bowling Association of Glasgow.

President Fingland said that the team could not have been better entertained than they were by the Canadians, whose patriotism was unbounded.

Ex-President Morrison, in proposing the Ontario Bowling Association, said that, although the Canadians did not win many games, they won many hearts. The "Maple Leaf" was sung, and the hope expressed that Canadians would return the visit.

## SOCKEY.

### MORRISON OFF TO CALUMET.

Toronto, Dec. 3.—Bert Morrison left last night to join the Calumet, Michigan, team in the professional hockey league. He had not intended going so soon, but a hurry-up message pulled him out.

## THREE MORE GO.

Ottawa, Dec. 3.—Tommy Smith, Horace Gaul and Billy Band, three well-known local athletes, left Saturday night for Pittsburgh, where they will join the Pittsburgh hockey team of the professional league. Band will play point and Gaul and Smith on the forward line. The Pittsburgh team will probably consist of five Ottawa boys, Hod Stewart, Band, Smith, Gaul and Band.

## THE WHEEL.

### THE SIX-DAY GRIND.

New York, Dec. 2.—The annual six-day bicycle race will be begun at the Madison Square Garden next Sunday night, with most of the various champions entered in the contest.

## THE RING.

### CORBETT AND MCGOVERN ARE

### MATCHED.

New York, Dec. 3.—Young Corbett and Terry McGovern will fight before the Eureka Athletic Club, of Baltimore, the last week in January. McGovern, representing the club, offered 70 per cent of the gross receipts and his bid was accepted today. He posted a \$1,000 forfeit.

### JOHNSON WANTS A FIGHT.

New York, Dec. 3.—Jack Johnson, the colored heavyweight, wants to get busy at some of the Philadelphia clubs. Johnson says he is willing to meet any two men in the same ring, and, if necessary, will guarantee to take on three of them. Johnson has also sent a challenge to both Jack O'Brien and Tommy Burns, but up to the present has not heard from either man. He has been doing light work for two weeks and is now in good shape.

### HERMAN STARTS WORK.

Tonopah, Tex., Dec. 3.—"Kid" Herman has started on his serious work for his battle with Joe Gans before the Casino Club's New Year's Day. "I am small and light," said Herman today, "and I figure that the more big men I wrestle the more strength I shall develop. I am going to work off six pounds in the next two weeks, bringing me down to about 128 pounds, then I shall build up to 133 if possible. I believe this will be the best way to get into the proper trim to meet Gans."

## WARM FIGHT ON FOR PRESIDENCY

Ballard, Hamilton, and Sice Toronto, Would Like O. R. F. U. Place.

Toronto, Dec. 3.—Nominations for the Ontario Rugby Football Union executive closed on Saturday, and a warm fight is promised for the presidency between W. J. Sice, of Toronto, and Geo. Ballard, of Hamilton.

Mr. S. S. DuMoulin, after a two-years' term, has retired, and will at once take charge of the Bank of Hamilton branch at Teeswater. He is probably out of football for keeps, after a most brilliant career on the gridiron, and on the executive committee of the Ontario Union, upon which he represented his club for many years before being elected to the presidency.

Three nominations have been received for the vacant office, but the chances are that Mr. Hewitt will resign. For the vice-presidency, Mr. A. A. Hollingshead, of Peterboro, will probably be elected by acclamation. J. B. Hay has again been elected by acclamation to the secretaryship. The nominations are as follows:

For President—W. J. Sice, Toronto; George Ballard, Hamilton; W. A. Hewitt, Toronto.  
For Vice-President—A. A. Hollingshead, Peterboro; W. A. Hewitt, Toronto; W. J. Sice, Toronto.  
For Secretary—J. B. Hay, Toronto.  
For Intermediate Representative (one to be elected)—W. H. Seymour, Hamilton; E. A. L. Clarke, Dundas; W. J. Morrison, Toronto.  
Junior Representatives (two to be elected)—Russell Britton, Gananoque; J. J. Greenan, St. Michael's College, Toronto; George Mara, Toronto.  
Senior Clubs—Agonists, W. A. Hewitt; Victorias, J. P. Carter; Peterboro, T. W. McDonough.

Although the world is your oyster, you sometimes have to dive into a sea of trouble to bring it to the surface.

Thank heaven, the multiplication table doesn't change! It is the only thing a mother knows that is the same as when she went to school and which she can speak about without being corrected.

## Niagara Power Bylaw Gets Two Readings by Council

Third Reading in January, if the People Approve—Cost Placed at \$17.50 to \$23.50.

Therefore the council of the city of London enacts as follows:

1. That it shall be the duty of the mayor and clerk of the said corporation to execute a contract with the hydro-electric power commission of Ontario for the supply to the said corporation of electrical power or energy for the uses of the corporation and the tenants thereof, for lighting, heating and power purposes, at from \$17.50 to \$23.50 per horsepower per annum for continuous power, ready to be distributed by the said corporation, such price to include all charges for interest, sinking fund, for cost to construct, and the cost to operate, maintain, repair, renew and insure the plant, machinery and appliances to be used by the said corporation.
2. This bylaw shall take effect on, from and after the passing thereof.
3. That the council of the city of London shall call a meeting of the electors of the said city of London to be taken on this bylaw on Monday, the 7th day of January, 1907.

Stripped of its preamble, and minor conditions as to the counting of the vote, etc., the above is a copy of the Niagara power bylaw which was given two readings by the city council at the meeting last night.

The measure carried by a unanimous vote. Hon. Adam Beck was present, and he gave the aldermen such information as they desired. It was about 11:30 when the bylaw came up, the aldermen having previously devoted three hours to the discussion of the water question.

### On Safe Side.

Mr. Beck said the commissioners had placed the price at a figure which would protect them. It might prove that the price was a dollar or so high, but he thought the commission was justified in what it had done. If the city used the larger amount it should not have to pay over \$22.50 per horsepower.

"The bylaw does not bind you to buy any given quantity of power," Mr. Beck said. "It simply empowers the council to buy what power you need at not more than \$23.50 per horsepower. We feel that as we get going the price will drop a dollar the first year and another dollar the second year."

"The price of water-generated power at Fort William, of which so much is heard, is \$22 a horsepower, and Mr. Beck declared that London will be able to distribute Niagara power and beat this price by \$5 a horsepower per annum. Mr. Beck also stated that London has not taken the interest it should in Niagara power. It is a matter of vital importance to the city, he said. When London was after the Deering's, said to the committee: 'You are all right, but you haven't got cheap power.' Cheap power will build up London's industries."

### Consumers Will Pay.

"It will be the consumers of Niagara power, not the ratepayers, who will pay for the bringing of the power here," Mr. Beck continued. "Niagara power will save the city \$10,000 to \$15,000 a year for street lighting, \$5,000 a year for coal at the waterworks; you will get lights for your house at 5 cents or 6 cents per kilowatt hour, and power will be supplied manufacturers and others at half what steam-generated power costs."

Mr. Beck, in reply to Ald. Scarlett, said

## WHAT NEXT WILL THE TIGERS DO?

Said to Have Issued Challenge to Play Yale's Mighty Team.

Hamilton, Dec. 3.—Not satisfied with having won the Canadian Rugby championship, the Tigers have issued a challenge to the famous Yale College team to play for the American championship.

The locals would be willing to play in Yale's grounds providing the Collegians will agree to one-half of the game being played under American college rules, and the other half under Canadian rules.

## KELLY IS BARRED FROM THE AMERICAN

Chicago, Dec. 3.—Michael J. Kelly, formerly manager of the Minneapolis baseball team of the American Association, was today declared guilty of having knowledge of the filing of false affidavits relating to the charge that an umpire had bet on a game upon which he officiated in Minneapolis last July, and was forever barred from any participation whatever in affairs of the American Association. The charge against Kelly implicated Umpire Clarence E. Owens, he having been accused of having rendered unfair decisions in the game in question which was between Minneapolis and Columbus. At a meeting of directors on Aug. 1 Owens was exonerated, and both Owens and Kelly of having filed and published false charges against Umpire Owens. Kelly was found guilty on Aug. 22, and the case was taken before the national baseball commission, which declared that it had no jurisdiction. The case was again taken up by the board of directors of the American Association, with the result that Kelly was declared ineligible as owner, manager, player, or for any other position with the association. L. A. Lidyard, secretary of the Minneapolis Club, was also expelled. He was charged with having conspired with Kelly to ruin Owens' reputation.

## Gas Or Electricity

Mr. Beck, in reply to a question, said that producer gas engines furnish power at \$40.40 per horsepower for 24 hours, whereas Niagara power can be delivered to a firm like the McClarys for \$25 a horsepower for a 24-hour day.

As to whether manufacturers will be compelled to pay for the full 24 hours, though their factories run only ten hours, Mr. Beck said this is a matter which will have to be regulated by the city. It will be for the city to say whether a flat rate or a meter rate shall be adopted. The meter rate is the fair one, because you pay for what you get, he said.

"We do not say what you shall sell power for," Mr. Beck explained. "We simply tell you what it will cost you to get it here."

If the benefits of overlapping are considered, the price of power in London will be greatly reduced, he said.

### Pay By Meter

The city will pay by meter for what power it gets.

The bylaw was then read a first and second time. The third reading will take place in January, if the people carry the bylaw.

On motion of Ald. Matthews, it was decided to invite the members of the Board of Trade, Real Estate Association, manufacturers' committee, Trades and Labor Council, and any other citizens who may be desirous to be present, to attend the meeting of the Niagara Power Municipal Union, which will be held here on Friday afternoon next. As the city hall will be used for a basis on Friday, Ald. Matthews and Ald. Scarlett were named a committee to secure a place to hold the meeting.

## THE TURE.

At New Orleans—Monera, 4 to 1; Dargin, 12 to 1; Charlie Eastman, 11 to 10; Juggler, even; Voting, 15 to 1; Orly II.

### TOM LAWSON'S HORSES SEIZED.

Albany, N. Y., Dec. 3.—Amasa J. Parker, an attorney of this city, said tonight that attachments had been made by the sheriff of New York today by Mr. Parker's order upon two lawsons owned by Thomas W. Lawson, of Boston, namely, Glorious Red Cloud and Glorious Whirling Cloud, to satisfy a claim of the Argus Company, of this city, for publishing some of Mr. Lawson's advertisements during his noted newspaper campaign a few months ago. The horses are well known prize winners in horse shows and are said to have been sent to New York.

## IT RINGS IN YOUR EARS

That same cough is everywhere you go, deep and hollow because consumptive. First it was catarrh which could have been cured by Catarrhoxone. Moral: never neglect a cold, never trifle with catarrh, go to your druggist and get Catarrhoxone. It's instant death to colds, cures them in a few minutes. Throat trouble and catarrh disappear as by magic. Catarrhoxone is the great throat, nose and bronchial remedy today. Thousands use it, doctors prescribe it—why, because it does relieve quickly and cures thoroughly. Two sizes, 25c and \$1.00, at all dealers.

## THE LOU DILLON CASE.

New York, Dec. 3.—Major P. P. Johnson, president of the National Trotting Association, and several members of the board of review, who are to sit in judgment on the Memphis gold cup race, in which it is charged that Lou Dillon was drugged at the meeting which will begin Tuesday at the Murray Hill Hotel, arrived in New York today. The gold cup case has been pending nearly a year. Horsemen expect to see it finally disposed of before the board adjourns. Another case on the docket is that of A. L. Thomas, who was ruled off for life at the grand circuit meeting in Syracuse last September. This was refused. He thereupon took the horse off the track and refused to start him in the third heat. For this the judges expelled him from every race track in America. Thomas has since made a public apology for his attitude toward the judges at the time.

## COLD IN NEW YORK

The Mercury Drops 22 Degrees in Six Hours, and High Wind at That.

New York, Dec. 4.—New York had its first real touch of winter last night, when the mercury dropped from 40 degrees to 18 degrees in six hours. High, freezing winds were responsible for this unusual drop of 22 degrees in so short a time.

## Oak Hall Here to Stay

You may have noticed in the public press an announcement that the Beattie estate had disposed of the premises now occupied by us to another firm. As many of our customers are at a loss to know what this may mean to us we think it well to explain.

While it is true that the sale has been made, yet we hold a lease of the premises which does not expire for many years, so the public will find us in our present premises, 154 Dundas street, catering to their clothing needs and dealing out satisfaction with every parcel for many years to come. And when we are ready to move we will have a much better store to go to than the one we now occupy.

So our many friends may rest assured that "Oak Hall," which has become a familiar name in every household in Western Ontario, and that has sold hundreds of men in this community their first short pant suits twenty years ago, will still be here supplying the clothing needs of this city and surrounding country twenty years hence—WE'RE HERE TO STAY.

Truly yours,

**OAK HALL**
