To Keep Skin Fresh and Fine These Heated Days

It would be much better for the skin if little cream, powder or rouge were used during the heated term. Mixed with perspiration, dust and grime, these things are anything but beautifying. Ordinary mercolized wax will do more for the complexion, and without giving an oily, streaked, spotted or pasty ap-pearance. It is the ideal application for the season, as it not only keeps the pores clean, but daily removes particles of scarf skin which have been soiled by dirt scarr skin which have been solled by dirt or weather. By constantly keeping the complexion clear, white, satiny, it does more toward perpetuating a youthful countenance than any of the arts or ar-tifices commonly employed. One ounce of mercolized wax, obtainable at any of mercolized wax, obtainable at any drug store, will completely renovate the worst complexion. It is applied at night like cold cream and washed off in the morning. There's nothing better for ranned, freckled or reddened skins.—Advt.

Terrible Weeping PASSENGERS HURT RICHMOND ST. CAR

Miss Mary Webb, Nurse At St. Joseph's Hospital, Has Leg Broken-Other Persons Cut, Bruised - Gates Raised-Slow Speed Prevents Fatalities.

Miss Mary Webb, 98 Horton street, sustained a fractured leg when C. P. R. engine No. 2205 struck street car No. 66 of the Richmont line at the Richmond street crossing at 7:15 o'clock on Friday evening. Several other passengers on the car were slightly injuried.

Carrying a fairly large number of passengers, the street car was proceeding south in charge of Motorman William Patton. When the crossing was reached the car was held up by the gates, which at that time were down, the westbound train having arrived from the east and having arrived from the east and having arrived from the east and having arrived from the derail closed, said the motorman.

According to residents of the vicinity, it is the custom for the gates went up and the derail closed, said the motorman.

According to residents of the vicinity, it is the custom for the gates to be lowered when the train first pulls in, and then to be raised to let traffic cross during the time in which the engine is being detached from the string of cars. After this duty is completed the gates are lowered again and the engine commission was projected, which are timed to the string of cars. After this duty is completed the gates are lowered again and the engine crosses Richmond street.

Last night, it was said, the first part of the procedure was adopted, but before the street car could clear the north train track the engine was upon it, striking it half way between the front and rear wheels. One of the THAMER DADY CONDITY (CHIREDT HADDIC CENT

At the regular meeting of the local branch of the Ontario Forest, Fish and Game Protective Association, held in the court house last evening the resignations of President William Smith and Secretary Ernie Heard were refused. A certain amount of it is left for us to do, but we cannot do it all, especially that which others are asked to do. This is not my sole reason. Those Who Pay the Service Charge Foolish," Says H. B. Ashplant.

Upon request from the Independent Labor party, the Labor representation Labor party, the Labor representation committee last night decided to make preparations for the next federal election, which, in the opinion of many, is not far distant. The executive committee of the L. R. C. will arrange with the U. F. O. of East Middlesex for a meeting, when definite plans can be made for the selection and support of the candidates. East Middlesex includes the suburbs of London, such as Ealing and Chelsea Green. It is most probable, it was said, that the L. R. C. will work hand in hand with the U. F. O. members from East Eligin in support of the Farmer-Labor movement.

E. A. Pocock gave a resume of the short sitting of the investigating committee of the attorney-general's department held yesterday at Toronto. The investigating committee attended upon invitation the annual meeting of the Crown Attorneys' Association of the Province of Ontario, where the question of crown attorneys doing private practice was discussed. The members at the meeting, according to Mr. Pocock, were about divided in their opinion regarding crown attorneys making a regular practice of handling cases outside their jurisdiction. On the evidence given by the complainant and a witness, Gilbert Harris of this city was committed for trial by Squire Chittick at the county court house Friday afternoon on a charge of doing bodily harm and assaulting Mrs. Mamie Ray of Manor Park on Saturday, July 24. The assault is alleged to have been committed in Mrs. Louise Russell's home in Manor Park.
