REUNION OF EX-MAYORS

New City Launches Out Under Happy Auspices - A Memorable Event-News Notes.

WEST TORONTO, April 22.-The coby those present as an extremely interesting and delightful event. It was simply "great." Expressions of goodwil, of national and civic progress, and many delightful reminiscences of bygone days constituted the substance of the remarks by the toastmasters. It was a remarkably complete gathering of representatives from the different spheres of Canadian public life.

Mayor Baird presided at the head table, and with him were W. F. Maclean, M.P., Dr. Forbes Godfrey, M. L.A.; Dr. J. T. Gilmour, warden or the municipal government, but when I came into office, thru inability to do much with it, I let the old town go to try something else." The mayor paid a tribute to the two ex-mayors now deceased, Messrs. Bond and Armstrong.

Dr. John T. Gilmour gave an interesting little address, and brought back many reminiscences of the growth of the town since 1884.

Ex-Mayors St. Leger, Dr. Clendenan, P. Laughton and Jesse Smith also made remarks.

The marriage took place this after-

Several times to day word came that Moir was sene in certain localities, but invariably the clue turned out to be a wouldn't be anything else if I could. As a lover of nature and of the forests he has just presented the citizens of Massey with a beautiful park of six acres. It stretches along the shore of Spanish Biver at the south end of the town. It is a natural park of great beauty, and, it is believed, will be an incentive to other generous citizens invariably the clue turned out to be a false one, or a case of mistaken identity. The latest word was received from St. Jacob's, when it was said a man answering Moir's description had been caught, and Detectives Nickle and Egleton left on the 4.30 train to look up the scent.

Wouldn't be anything else if I could. This country is our hope and the hope of our children. The territory and integrity of Canada we are prepared to maintain, by the grace of our neighbors to the south of us, and in spite of them we must. That's the idea.
