WOMAN SUFFRAGE.

World declares that the time has come tone. to enfranchise the women of this country. It hopes that Ontario will lead the NEW STEEL PLANT FOR MONT. OTTAWA, Nov. 5.- (Special.)-The way, and advises the promoters of the capitalists who propose to develop movement to confront the premier power at the Long Sault Rapids, near with a requisition signed by the ma-Cornwall, give notice that they will of the women of the province.

The woman suffragists were more apply to parliament for an act to in- active in Ontario fifteen or twenty errporate the St. Lawrence Power years ago than to-day. A woman's Transmission Co. with a capital stock franchise bill was a feature of every of half a million dollars, and head-ed fellow-citizen, Mr. John Waters, ary champion of the cause, but he left no successor of the same callbre. If the women of Ontario, or any large proportion of them, want the ballot, they will have to advertise the fact more effectively than in the past few years. To do this, it is not necessary to copy the militant methods of some Norway, women for the first time were granted the rights of suffrage. They voted heavily in the towns, but lightly in the country districts. Returns are incomplete, but sufficient of them have of their English sisters. A Toronto Col. Matheson's doorstep—he is an old ping. Influential friends are now raisbachelor—or glaring at him thru his ing funds for her defence, while it is dining-room window. The women of Ontario can bring the question to the

sex. The effect in Canada would be, London Advertiser: The Toronto esthess into politics and elevate its

REAL.

MONTREAL, Nov. 5.— Special).—The Montreal Steel Co. have bought thirty-six acres of land in the eastern harbor front, near Langue Point, from Graham Fraser of New Glasgow, N.S., and will start a new plant there sooner of later.

MILLIONAIRES AS HEALTH-GIVERS.

NEW YORK, Nov. 5.—(Special).— Mrs. Sage and Andrew Carnegfe may, it is reported, enter war on the diseases of tuberculosis and pellagra, along the lines of John D. Rockefeller's effort to eradicate the bookworm disease. Want New Trial for Mrs. Boyle. PITTSBURG, Pa., Nov. 5.—(Special.)
-A big sensation is likely if Mrs. Boyle is tried again for the Whitla kidnap

the exoneration of Mrs. Stetson sad such action is not binding on the mother church in Boston and that the decision of the mother church in revok-ling the license of Mrs. Stetson to teach "I've been to a wedding," she said.

The Arctic rule seems to be to bury really want it. Their sisters in Australia and New Zealand have won it, ably they've got the pole packed in three years or the seems to be to bury really want it. Their sisters in Australia and New Zealand have won it, and there is an explanation of her three years or the pole packed in and there is a second to the front by the arts of peace—by petition and demonstration—and they will get the ballot when they prove that they were the pole packed in the pole packed in the pole packed in the pole packed away index a state of the pole packed away index a state of peace—by petition and demonstration—and they will get the ballot when they prove that they were the pole packed in the pole packed in the pole packed away index a state of peace—by petition and demonstration—and they will get the ballot when they prove that they were the pole packed in the provention of the provention and the proventin and the provention and the provention and the provention and th
