

### KASTELLA'S DISMISSAL FOLLOWED ON INQUIRY

Methods of Superintendent of Dominion Dredging Found to Be Loose.

#### NATIVE-BORN GERMAN

He Will Not Be Allowed to Leave Country and Will Be Watched.

Ottawa, Ont., Feb. 13.—August Kastella, superintendent of Dominion dredging, has been dismissed as the result of a department investigation. Some months ago an inquiry came under the supervision of Hon. Robert Rogers, minister of public works, who suspended him and ordered an inquiry.

Agitation Against Him. Since the fire, his name has been mentioned prominently in the press as one of the German-born employees of the government who were in possession of information that would be advantageous to enemies of Canada, and the argument has been put forward so that he should not remain in the public service.

#### BELLEVILLE SOLDIER FOUND FROST-BITTEN

Pte. John Nunn Had Feet and Hands Badly Frozen While Sleeping in Shed.

Special to The Toronto World. BELLEVILLE, Ont., Feb. 12.—Pte. John Nunn, a member of the 15th Battalion, which is being mobilized in this city, was yesterday found in a shed suffering severely from frost-bite. One man had evidently lain in the shed the greater portion of Friday night. His feet and hands were frozen to such an extent that it is feared amputation will be necessary. Nunn's name has been for some time in Hastings County.

#### POPULATION OF U. S. STEADILY EXPANDING

One Hundred and Two Millions Mark is in Sight.

WASHINGTON, Feb. 12.—Census bureau experts estimate today that the population of the United States on Jan. 1 last was 101,208,815, and that by July 1 it would be 102,017,302. On July 1 last year they figured the population at 100,939,218. Western states have led in growth, Washington heading the list with Oklahoma, Nevada, North Dakota and New Mexico following in the order named. The bureau's estimates are based on the rate of increase between the 1900 and 1910 censuses.

### Grip Going? Not Yet!

United States Health Officials Say Cold Will Spread Epidemic

WASHINGTON, Jan. 18.—The United States public health officials today issued a warning of a long-sustained nation-wide epidemic of grippe. The clear, cold weather which ordinarily was supposed to be a multiple remedy for grippe will increase, instead, of its mission, the present widespread epidemic, according to Dr. W. C. Rucker, Assistant Surgeon-General.

At the first appearance of a cold—the forerunner of grippe—a Smo-Ko Cigarette will open the pores of the head and nose and stop discharges in a few minutes. Smo-Ko Cigarettes will instantly kill any nose or throat germs, soothe the inflamed parts. If your cold has gone so far that you have a fever, your bones ache, and there are chills or pain in your back, secure at once a bottle of Munyon's Grippe Remedy and take the little pills every 15 minutes. They will kill inflammation, reduce fever, and take away the grippe pains and aches. One of the effects of a cold or of the grippe, is a congested condition, and this is most easily relieved by taking a few Paw-Laxative Pills at night. These little pills aid digestion and strengthen the general system.

### LANSING IS PONDERING BERLIN'S LATEST BLAST

"Careful Consideration" Promises to Share Honors With "Watchful Waiting" Phrase.

WASHINGTON, Feb. 12.—Secretary of State Lansing studied at his home tonight the text of the memorandum from Berlin announcing the intention of the German Government to regard armed merchant ships of the entente allies as war vessels after Feb. 29. He will discuss the subject with President Wilson either tomorrow, or the latter's return from his weekend cruise, or on Tuesday before the meeting of the cabinet. It is probable that the memorandum will be placed before the cabinet.

It is considered doubtful that an announcement of the position the United States will take in the matter will be defined until both documents have carefully been digested and considered. Between now and the time the attitude of the government is made known, the government will notify the representatives of the entente allies of the contents of the memoranda so that their governments will be completely informed on the subject.

### HAD LONGEST BEARD IN EUROPE'S HISTORY

John Mayo, Painter to Emperor Charles, Enjoyed Distinction in This Respect.

LONDON, Feb. 12.—The longest beard referred to in European history is that which adorned the person of John Mayo, painter to the Emperor Charles V. It is said of him that he was very tall, his beard was so long that he could tread upon it. Naturally he was very proud of his possession, and took such great care of it that he usually went about it carefully gathered up in festoons, the points of the hair being looped up and tied with ribbon to a buttonhole in his coat. But sometimes, by the express desire of the emperor, Mayo would unroll his beard to its full length, whereupon his majesty would command the windows to be opened so that the board might have full play. "The emperor," it is said, "took great sport in watching the wind blow this long beard in the faces of his courtiers." But the latter must have enjoyed dining with his majesty much better when the artist was not present.

### FRENCH TROOPS CROSS OVER VARDAR RIVER

Take Up Position at Point Where Line of Allies' Defence Begins.

PARIS, Feb. 12.—The Saloniki correspondent of the Petit Parisien telegraphs that French troops crossed the Vardar River on Feb. 10 and are now encamped on the right bank of the river and in the region of Janiza and Verla. The Town of Verla is an important railroad station on the line between Saloniki and Monastir.

### OPPOSITION TO MAKING BARCELONA FREE PORT

Many Regions in Central Spain Against Giving This Concession.

MADRID, via London, Feb. 13.—It is officially stated that the creation of Barcelona as a free port is as yet only a project, the details of which will require long examination and discussion. Many regions of central Spain already have protested against such a concession to Barcelona.
