

CIVIC WELCOME TO GREAT EDITOR

John R. Rathom of Providence Journal Has Won International Fame.

EXPOSED HUN PLOTS

Traced Canadian Nickel to Deutschland and Warned Ottawa of Fire Outrage.

One of the most important statements made by John R. Rathom, editor of The Providence Journal, who has reached Toronto yesterday was that the members of his staff had traced Canadian nickel to the Deutsche land. There was no doubt about it. He was also of the belief from the investigations made by his staff that the German spies responsible for the destruction of the parliament buildings at Ottawa. His paper had information that the burning of the building had been planned and had warned the authorities three weeks before it happened. But it was difficult to prove that it was going to happen. The Canadian nickel, he declared, had been shipped about in the United States two years before it reached the Deutschland. He traced its whereabouts back to the time when it was placed on the submarine for transportation to Germany.

No other man in the world has done more to defeat the plots in the United States than Mr. Rathom through his great staff organization, the secret of which has never been disclosed. Through this organization he was aware of every plot as soon as it was planned, and published the full details before they materialized, enabling the government to defeat the conspirators and bring the guilty persons to justice. The revelations of The Providence Journal are estimated to have been the basis for about three-quarters of the proceedings of the United States Government against the plotters.

Civic Welcome. For his services to the British Empire the mayor and city council took the opportunity yesterday of extending a civic welcome to Mr. Rathom. The distinguished journalist was accompanied by his wife, who was met at the Union Station by Mayor Church, Controller Shaw, J. G. Elliott, editor of The Kingston Whig, and president of the Canadian Press Association, J. F. Mackay, Hartley Dewar, K.C., M.L.A., and others. After handshakes the party was taken to the city hall, where Mr. Rathom was met by a committee presented by the council. Miss Church presented a bouquet to Mrs. Rathom.

Welcoming Mr. Rathom on behalf of the Canadian Press Association, Mr. Elliott said that no journalist on the continent had done more for the cause of humanity than the publisher of The Providence Journal. Just as St. Paul was described as the apostle of the Gentiles, so Mr. Rathom might be regarded as the apostle of the allies. He was an honor to the journalistic profession of a country, whose recent action brought it into the great brotherhood of humanity.

Mayor Adams. In his formal welcome to the distinguished visitor, Mayor Church included in his address a welcome to Mrs. Rathom. "It is my honor on behalf of the people of Toronto to bid you welcome and to assure you that you come into a community where your name and your achievements are as well known and greatly esteemed," said the mayor. "You come not among strangers, but among friends. There are few indeed among us who are not familiar with the remarkable campaign of The Providence Journal to expose and stamp out the machinations of the Teuton spies in the United States."

"No newspaper in the United States has more strongly or unflinchingly upheld the cause of the allies since the beginning of the war than the Providence Journal, and there is no more loyal exponent of true Americanism. We realize as never before how much we, as Canadians, have in common with our American cousins. In saluting you, we desire also to salute our friends in the other part of the world war. We recognize in you a public-spirited man who saw clearly from the first the ideas for which Great Britain and her allies have been struggling for almost three years."

Speaking briefly in reply, Mr. Rathom stated that it was not merely figure of speech to say he was deeply honored by the welcome. On the other side of the border they watched the tide of war with thrill and excitement and anxiety for nearly three years. They had watched and joyed in the resuscitation of France, and he thanked God Britain still remained mistress of the seas. But more than all, they watched the progress of the glorious Canadian army. It was no secret to say that 20,000 soldiers of the United States had reached the front in the last two weeks. They will find this story already made by soldiers of their sister nation.

"But I want to say one thing more," said Mr. Rathom in conclusion. "We have accomplished what we have accomplished, not by aid of pipe lines, or card reading or secret service men. We have accomplished it by the best men on earth—when they are good—the newspaper reporters."

Replying to a question, Mr. Rathom stated that the secret service men of Great Britain did not associate themselves with his reporters in unearthing German plots in the United States. The staff itself was responsible.

LABOR BUREAU MOVES. The bureau section of the provincial labor news will be moved from 164 Bay street to the Nordheimer Building on Yonge street, this week, but the women's section will remain on Bay street for some time.

THINGS TO WORRY ABOUT AT THE HOME PLATE

THIS MUST BE A FIFTEEN INNING GAME

SHOULD BILL EXEMPT POLICE AND FIREMEN?

Fire Chief Says Department Would Be Demoralized if Firemen Are Called.

Unless the compulsory service bill exempts policemen from military service approximately three-fourths of the members of the Toronto police department will be eligible under the various drafts of the bill. The force is composed of 600 members, of which number over 450 may be called. The departmental records also show that there are about 150 single members on the force, one hundred of whom are eligible for the first draft.

Of the 375 members of the fire department 35 would come under the first draft. There are in all 47 single men, but 12 are over the age limit of the first draft. Chief Smith, however, does not believe that the government will reduce the efficiency of the department by calling these men. "We have had forty-five men enlist so far, and their places had to be filled by untrained men, and a fireman is not trained in one year. It takes him five years to obtain a first-class fireman's pay. If thirty-five men were taken from me now it would practically demoralize the whole department."

According to the return made to the board of control the male employees of the city hall staff number approximately as follows: Public works, 1500; street cleaning, 761; treasury, 150; law department, 19; assessments, 85; architect, 43; city clerk, 28, and property department, 135. What proportion of the number are of military age has not yet been determined.

That conscription will seriously affect the Toronto Street Railway was the opinion of R. J. Fleming, yesterday. The general manager was optimistic, however, and stated that they would let every man go that was called and would continue to advertise for returned and rejected men. The time might come when female help would be sought but this would be very much against his inclination.

"There will be no complaint from us if we lose our men. These are times when they are badly needed and so far as we are concerned we will do our best to keep all our lines running as heretofore," said Mr. Fleming.

Local Greeks Await News Before Expressing Opinions

The Toronto Greeks expect to hold a meeting in the near future in regard to the developments in Greece and will then voice their opinion in regard to the abdication of the king. The general impression among the local Greeks is that the abdication of Constantine will be a good thing for their nation. They also express themselves as pleased that the crown prince, who had German leanings, will be replaced by the younger son, who was much better liked by the people.

Drinking Tea Upset Nerves

Mr. Burroughs Compares Canadian Customs With Those in Old Land, and Tells How Nerves Were Set Right.

Orillia, Ont., June 13.—"How do he and I differ?" is the question many are asking at this time, and in this letter you will find the answer. It tells something of the blood-forming, nerve-invigorating, infatigable Dr. Chase's Nerve Food, the great restorative which is causing so much talk here just now.

Nature's way of curing disease is by building up the vitality of the body, and this is exactly what Dr. Chase's Nerve Food does. The blood is made rich and red, and nourishes the exhausted nerves back to health and vigor. The experience of Mr. Burroughs as described in this letter is similar to that of hundreds of others in this community who have recently put this well-known food cure to the test. Mr. George Burroughs, 23 Peter street, Orillia, Ont., writes: "A few years ago, after coming out of this country from England, the change of customs seemed to have some effect on me. In the country the habit of drinking strong tea was prevalent, and after arriving here I suffered very much from nervousness. If I put my hand down on the table it would shake very noticeably, and while performing my work I would easily tire and want to sit down and rest. A friend recommended Dr. Chase's Nerve Food, so I secured some and took a treatment. It built me up and made me strong and healthy. If I had not had a course of the nervousness since, I have used Dr. Chase's Ointment also, and find that it heals the skin very quickly. In fact, I find all of Dr. Chase's medicines good."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 4 boxes for \$2.50, at all dealers, or Edmondson, Bates & Co. Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

BAPAUME PICTURE AND ITS TAKING

Battery of Six Cameras Employed in Making Famous Film.

RESULTS WERE EDITED

Trained Men Choose Best of Series for Public Exhibition.

When the Fall of Bapaume picture was first shown in Toronto there was a natural wonder among many of those who saw it as to how a motion picture camera was operated in so many places in such a short time. As a matter of fact, the time taken by the picture is no measure of the time it took to make the film. The spectator of the moving picture on the screen sees the whole of it in about an hour and a quarter. It consists of six reels or six thousand feet, with an additional reel as a prelude showing the latest and the only picture of the British navy on the duty in the North Sea.

But the original length of this film was ten reels, or 10,000 feet, and that was after the editors had selected the best parts and condensed the assembly of a moving picture for public presentation. The film as shown here has been condensed to six reels, with the determination to show action, action, always action. The result is a film which moves from scene to scene with the quickness of thought itself.

How was it taken, this wonderful self-seesing picture? How did a camera ever come to see so much? As a matter of fact, the taking of this film occupied several weeks, and it was not taken by one camera, but by six. It is the combined production of six experienced military moving picture machine experts who have been authorized by the British Government to make an official record of the war on film. And it shows the most comprehensive view of the British armies in action during the advances of the present spring it would be possible to offer.

The Fall of Bapaume will be shown today and tomorrow at the Rialto Theatre, after showing of the film was sent out of the city to fill other bookings. The Toronto World, under whose auspices it is being shown, believes it should be the purpose of everybody with any personal interest in the war to see it while the opportunity remains.

RETURNED SOLDIERS OFF TO THE FARM

Premier and Ministers Give Them "Send-Off" From Parliament Buildings.

The first of the returned heroes of Ontario to take advantage of the provincial government's offer of a bonus in agriculture, and a farm in Northern Ontario in this demonstration farm at Monteth last night. The party was made up of 24 veterans of the present war, in charge of Major Kenneth of Dixie. The men left at 6.20 p.m., the first stop of any length being made at New Liskeard, where they were entertained by the board of agriculture.

At Monteth a three months' course of training in agriculture will be given during which they will receive army pay and separate allowance, all paid by the provincial government. At the close of the training all who have proved their ability to become successful farmers will be taken to the farm in Northern Ontario. Mr. McPherson, member of the land and agriculture department and of the land settlement bureau, and the following brief addresses by the premier and the ministers present.

Premier Hearst spoke of the splendid future which awaited the veterans. There would be difficulties to be overcome, but men who had faced death in the trenches would not be afraid of the difficulties of the farm. The government would operate and aid them in their work. They were to be pioneers in that portion of the province, and he expressed the wish that success would crown their efforts in the northland.

Hon. G. H. Ferguson said he hoped to visit them in the near future in their new homes by the government was prepared to advance all funds necessary to make the new scheme a success. Hon. W. D. McPherson spoke on behalf of the Soldiers' Aid Commission. "Anything we can do," he said, "will be most cheerfully done."

"You are laying the foundations for a settlement where British sentiment will be kept alive," said Hon. F. G. Macdormand. "The government is determined to see this venture a success and will support you in every laudable desire to go on the land." The party then assembled in common to receive their short addresses as were delivered by William Banks, M.L.A., A. A. Greig, deputy minister of lands and mines, and C. F. Bailey, assistant deputy minister of agriculture. Mr. Bailey spoke on conditions in the north, and supplemented his remarks with views of the demonstration farm at Monteth, taken on a recent trip. These in the party were: R. W. Aldridge, Thomas Ashby, J. A. Adams, R. Beament, S. J. Beech, F. P. Capper, Thomas Clark, D. L. Cunningham, James Davis, H. Downey, W. T. Kille, W. Gough, J. H. Harney, G. G. Hendon, H. W. Hovess, S. Johnstone, George Kerrigan, P. J. Lalonde, D. A. Lower, Angus Robertson, R. Roger, G. A. Titus, S. Vincent and J. F. Yates.

GREAT AMERICAN SUCCESS TO BE INTRODUCED IN CANADA

Seven Million Bottles sold in two years. At present rate of sales grand total will reach 9,000,000 bottles by end of present year. Large and modern laboratories at Dayton, Ohio, occupy 60,000 square feet of floor space. Capacity of plant recently doubled to take care of rapidly increasing business. Present capacity 80,000 bottles daily. Branch plant to be established in Canada to have capacity of 8,000 bottles daily.

Publicly endorsed through the daily press by men of prominence throughout the United States, including Supreme Court Judges, Mayors of leading cities, lawyers, doctors, bankers, State and Government officials, prominent educators and well-known Ministers of the Gospel.

Tanlac is purely vegetable and is composed of the most beneficial roots and herbs known to science. Formula complies with all National and State pure food and health laws of United States and Canada. Absolute merit responsible for unprecedented success.

Leading Drug Firms of U.S. Wire Local Dealer

G. Tamblin, Ltd., Receives Numerous Telegrams From Prominent Drug Firms of United States Telling of Unprecedented Success.

The following telegrams received yesterday by G. Tamblin, Ltd., tell in plain, cold figures of the remarkable growth and development of Tanlac throughout America:

- Memphis, Tenn., June 12, 1917. G. Tamblin, Ltd., Toronto, Ont. On advice of Mr. Willis we are giving you our experience on the handling of Tanlac. We have handled the account more than a year, and our sales have amounted to approximately \$200,000. April was the twelfth month, and we sold five carloads during that month. We would consider you fortunate to be selected as Toronto agent for this account. Any further information that you might want from us will be very gladly given. (Signed) HESSIG-ELLIS DRUG CO., R. R. Ellis, President.
- Knoxville, Tenn., June 12, 1917. G. Tamblin, Ltd., Toronto, Ont. Out of city, hence delay answering. Excellent record of Tanlac most satisfactory. Have handled over 4200 cases. Preparation pleasant and repeats. Have sold over 400,000 bottles since taking agency. (Signed) KUEHLMAN-CHAMBLISS CO., Per Dan M. Chambliss.
- Atlanta, Ga., June 12, 1917. G. Tamblin, Ltd., Toronto, Ont. Have had exclusive Tanlac agency since September 1915. Have sold 87,000 bottles at retail in our eleven Atlanta stores. Agency very satisfactory. (Signed) JACOBS PHARMACY CO., Per Chas. M. Smith, Manager.
- Houston, Texas, June 12, 1917. G. Tamblin, Ltd., Toronto, Ont. Tanlac agency valuable and satisfactory. Makes new customers. Have had agency since one month, sold 11,000 bottles at retail. (Signed) A. E. KEISLING.
- Nashville, Tenn., June 12, 1917. G. Tamblin, Ltd., Toronto, Ont. We accepted Tanlac agency August, 1915, since which time we have sold at retail 154,000 bottles. Have found it best selling proprietary ever handled by us. All dealings with manufacturers entirely satisfactory. (Signed) SPURLOCK-NEAL DRUG CO.
- Macon, Ga., March 15, 1917. G. Tamblin, Ltd., Toronto, Ont. Dear Sir: In reply to your letter of the 5th requesting an expression of opinion from us as to our experience with Tanlac, we are pleased to advise you that from November 17th, 1915, to date we have bought and sold ten carloads. There has been a marvelous demand for the preparation, and it still keeps up. Yours very truly, LAMAR, TAYLOR & RILEY DRUG CO., Per J. B. Riley.
- Oklahoma City, Okla., March 7, 1917. G. F. Willis, Atlanta, Ga. Rush our car of Tanlac. We are entirely satisfied. Orders piling up. (Signed) ALEXANDER DRUG CO.
- Fort Worth, Texas, March 14, 1917. G. F. Willis, Atlanta, Ga. Orders pouring in on us every mail. They are certainly crying for Tanlac. Put traces behind car and get it in here as quick as possible. (Signed) MAXWELL-CLARK DRUG CO.
- Dallas, Texas, March 13, 1917. G. F. Willis, Atlanta, Ga. Have enough orders in house to take all car shipped. Have next car of Tanlac move at once. Also order additional car to be shipped early as possible. Moral: Keep us in Tanlac so we can supply demand. (Signed) GREINER-KELLY DRUG CO.
- Not a day goes by without Tanlac being sold. It is the best seller we have and gives perfect satisfaction to everyone. We always keep Tanlac to the front.—Coley Drug Co., Milan, Tenn.
- Dallas, Texas, June 12, 1917. G. Tamblin, Ltd., Toronto, Ont. We have handled Tanlac for past six months. Sales averaging about 15,000 bottles per month. Our dealings with Tanlac Company highly satisfactory. (Signed) GREINER-KELLY DRUG CO.
- Nashville, Tenn., June 12, 1917. G. Tamblin, Ltd., Toronto, Ont. Have handled Tanlac two years, and have sold 70,000 bottles at retail in Nashville. The best agency we ever had. (Signed) DEMOVILLE DRUG CO.
- San Antonio, Texas, June 12, 1917. G. Tamblin, Ltd., Toronto, Ont. Our dealings with Tanlac exceedingly satisfactory. Sales at retail since last October, 14,356 bottles. (Signed) H. L. WAGNER DRUG CO.
- Atlanta, Ga., June 12, 1917. G. Tamblin, Ltd., Toronto, Ont. We gladly give you our experience with Tanlac. We took the agency October, 1915. Have sold over 100,000 bottles to date at wholesale. Account has been very satisfactory. (Signed) LAMAR-RANKIN DRUG CO.
- Jacksonville, Fla., June 12, 1917. G. Tamblin, Ltd., Toronto, Ont. Have been handling Tanlac sixteen months and have sold approximately nineteen thousand bottles at retail in our two Jacksonville stores. Account has been very satisfactory in every respect. Cannot speak too highly of proprietors. (Signed) THE BETTES PHARMACY INC.
- Houston, Texas, June 12, 1917. G. Tamblin, Ltd., Toronto, Ont. We began handling Tanlac November last, and have disposed of about 110,000 bottles. Has been most satisfactory in our support. (Signed) SOUTHERN DRUG CO.
- Atlanta, Ga., March 15, 1917. Mr. G. F. Willis, Fourth National Bank Building, Atlanta, Ga. Dear Sir: Replying to your inquiry, we are pleased to advise that we are now selling Tanlac at the rate of considerably over 2000 bottles per week. On one Saturday alone we sold through our eleven Atlanta stores, approximately 700 bottles at retail, direct to consumers. The record is far in excess of any we have ever made before in the distribution of any one preparation—in fact, we have never handled anything that even approaches it as a seller. Yours very truly, JACOBS' PHARMACY CO., Per Chas. A. Smith.
- Nashville, Tenn., March 15, 1917. Mr. G. F. Willis, 1101 Fourth Nat'l Bank Bldg., Nashville, Tenn. Dear Sir: Our books show that during the year we have bought and disposed of over ten cars of Tanlac in this immediate territory, thereby setting a record as the largest sale by us in a given time of any proprietary remedy in the history of our business. Yours very truly, SPURLOCK-NEAL COMPANY, (Signed) C. S. Martin, Vice-President and Gen. Mgr.
- As can readily be seen, it is nothing unusual for dealers to order a carload of Tanlac and have orders for every bottle of it before it arrives. In fact many of the Tanlac jobbers and distributors invariably order the second and third cars before the car en route has time to reach them.

Tanlac, the Celebrated Medicine Which Has Been Accomplishing Remarkable Results Throughout the United States, to be Sold in Canada--Sales Record of Over Seven Million Bottles in Two Years Phenomenal and Unprecedented.

Tanlac, the celebrated medicine which is having a remarkable sale in the United States, will now be sold in Toronto and throughout Canada. The amazing success achieved by this medicine in only two years' time is not only phenomenal, but unprecedented.

SEVEN MILLION BOTTLES SOLD IN TWO YEARS

Although placed on the market but little more than two years ago, over seven and one-half million bottles have been sold and its sales record has probably never been equaled in the history of the drug trade in America.

Mr. Cooper's unique theories on health and right living have attracted attention all over the country and have been the cause of considerable scientific discussion. It is conceded by all well-informed persons that he is a man of extraordinary ability and wonderful insight into the fundamental principles of physical hygiene. This new preparation, which promises to mark a new era in medical science, was perfected only after years of study and experimenting in the Cooper laboratories.

PROMINENT MEN OUT FOR TANLAC

Mayors, Judges, Lawyers, Doctors, Editors, Leading Educators, Ministers and Others Indorse It.

PRESIDENT STATE BOARD INDORSES IT

Dr. Wm. E. Bingham of Alabama, Says Tanlac is Producing Remarkable Results.

The following letter from Dr. Wm. E. Bingham, president of the state board of pharmacy of Alabama, is probably the first indorsement ever given a proprietary medicine by an official of that department of an state government, and the same in sufficient answer to anyone who doubts the high esteem in which Tanlac is held by leading druggists everywhere. Dr. Bingham's letter follows:

Tuscaloosa, Ala., Jan. 21, 1916. Atlanta, Ga. Dear Mr. Willis,—In reply to yours of recent date, I am pleased to advise that the Bingham Drug Company has never handled anything that gives as much general satisfaction as Tanlac. And I desire to thank you for the excellent co-operation you have accorded us. Very truly yours, BINGHAM DRUG COMPANY, Per Wm. E. Bingham.

WORLD'S RECORD BROKEN BY TANLAC

Tanlac has brought a new romance to the commercial world. It is the story of an acceptance and appreciation of merit never before attained by a proprietary medicine. Staid business men to whom the actual figures of the production of Tanlac have been presented, have accented them until the proof was shown.

"One firm alone," said Mr. G. F. Willis, "has given me orders for a total of 100,000 bottles within 18 months time. The firm I refer to is the Spaulding, Neal Co., of Nashville, Tenn. Mr. C. B. Martin, president of this great firm, who is also president of the Southern Drug Jobbers' Association, will verify this statement."

"Tanlac is the result of many years of arduous study by Mr. Cooper and his associates. So remarkable have been the results obtained from this medicine that I doubt seriously if either of these men realize the immensity of their success. Like many other great discoveries, it has required time to prove its far-reaching effects."

I desire to thank you at this time for the privilege and pleasure of being a Tanlac dealer. Our great sales are running far beyond expectations and the indications are that they are just beginning.—John H. Reed, Dyersburg, Tenn.

INSPECT TO REPORTED EMPLOY QUALITY At veterans' agreement co-operation, education, and the residents of the board purpose. A before the 5 them, it was took place McClelland household a section with cre. The purpose of the board would not be Chief Ins.
