Application for tag days, one by the Sportsmen's Recruiting Association the other by the 213th Battalion. American Legion, was made to the volice commissioners at their regular meeting in the city hall yesterday, and alfused.

Application was also made by a circus for two days' show here. In consideration of the constant demand upon the public purse for patriotic purposes, the board would concede one day only. Mayor Church was of the opinion that the law should be amended in respect to circus concessions, and that there should be no more permits granted on the \$50 basis. A proposal to amend the by'aw relating to the punishment of disorderly characters was introduced and dis-cussed. It was felt that a disorderly

person, who under the present statute was liable to punishment by fine only, should be placed in the same category as the keepers of disorderly houses and punished by imprisonment. PRUSSIAN GUARDS BROKEN.

LONDON, July 11.—Philip Gibts says the battle of Contalmaison will be a distinct and important episode in the history of this campaign.

Mametz Villags behind our lines was being shelled heavily by the enemy, and it was a very ugly spot, but even that was a health resort, as the soldiers say, compared with any of the German positions in the neighborhood of Contalmaison. We were also putting a terrific barrage round the Village of Contalmaison and Acid Drop copse. Our batteries, heavy and light, seemed to be in rings round this storm centre.
