WALL STREET SHOWS FAIR RALLYING POWER

THURSDAY MORNING DECEMBER 23 1920

Early Strength Is Partly Lost, But Another Sharp Rally Comes Just Before Close -Failure of Prominent Brokerage House Comes as a Surprise.

New York, Dec. 22.—The stock market ably liquidated to establish year-end losses.

A Vigorous Rebound.

WEAKNESS CONTINUES IN CANADIAN STOCKS

IN MONTREAL TRADING

Montreal, Dec. 22.—The increase in the trading on the local stock exchange of some 7000 shares over yesterday met today with better absorption in spots, and, altho thruout the list declines were general, many of very substantial proportions, here and there a stock managed to move against the trend.

Among such, Abitibi, Brompton, Laurentide, Brewerles, Spanish River and Steamshop were prominent, and these issues finished the day at new gains of a fraction to 1½ points.

Among other issues, Dominion Steel bed its ground at 39 to 40, with the close at/the latter; Steel of Canada held at 513, to 55.

beld its ground at 39 to 40, with the close at the latter; Steel of Canada Held at 54 to 55.

The remainder finished the day at net loves of a fraction to thirty points, the latter going to the usually inactive Price Bros., which sold down to 250. Another lastive stock to score a large decline was Orlivie, down 10 points, to 175, while St. Maurice Paper lest four, and Detroit Tailway five points. The bond list was active and irregular, with prices fractionally higher to frac-

ANOTHER BIG PROJECT FOR PRODUCING PAPER

Record of Yesterday's Markets

THE TORONTO WORLD New YORK STOCKS.

Linked & Company of the Content o made partial recovery in the first half of today's session from the sweeping reaction of the previous day, but the uncertain trend later suggested that involuntary liquidation was still a factor to be reckoned with.

Announcement of the fallure of a prominant brokerage house actively identified with the expansion of the metal industry occasioned surprise. The firm's difficulties were primarily ascribed to the calling of loans on depreciated collateral.

Other firms and individuals were reported to be experiencing considerable ambarrassment in meeting the demands of their banks, but the general financial situation in its relation to stock exchange loans was declared to be eminently sound.

Dealings fell away somewhat from yesterday's high record, but the number of individual shares traded in was almost as large, embracing a variety of investing and individual shares traded in was almost as large, embracing a variety of investing and individual shares traded in was almost as large, embracing a variety of investing and the large and united States Steel, related issues also retrieving much of their loss of the mid-season.

Net losses of 3½ to 6 points were made by Texas, Pacific, Coal and Iron, U.S. Rubber and Reploge Steel, the latter at no time making more than a feeble rally from yesterday's spectacular descent.

Shorts were driven to cover just before the close by a vigorous rebound in the leaders, notably Mexican Petroleum, School Petroleum, Reading and United States Steel, related issues and retrieving much of their loss of the mid-season.

Wall Street was a little more placid, but matters, commercial and otherwise, were unsettled and financial sentiment here was not increased on any different point of outlook. Canadian speculative stocks are diffing lower under the protection of insiders in some obses. The public demand is quite small and the buyer, rather than the seller, now occupies the preferred position.

New low records were made again in many of the speculative shares, with the papers, perhaps, the weakest section. Montreal caused some concern, and here it was felt, that eastern traders had been badly hit both in their own and the New York market.

market was also an evident bearish factor as to wheat, and so likewise was the absence of any big export buying.

Various rallies took place, but they seemed due mainly to shorts covering, and to be of a transient character, not withstanding predictions current here of a revival of business and of greath industrial activity in the near future. Some selling of wheat to go into store here was reported, and there were deliveries today of 115,000 bushels on remier contracts.

Notice that a large manufacturer of corn products would close its plants until after the holidays was a special weakening influence in the corn market.

Bes des, receipts were heavier.

Oats sagged with corn.

Higher quotations on hogs gave considerable firmness to provisions.

these stocks, outside of bearish rumors to the effect that the Whelan interests have become involved financially thru over-expansion, but these reports are not taken seriously in usually well informed circles. Boston & Montana was firm and Eureka-Croesus steady. The official report of Boston & Montana shows that the properties to date cost \$1,000,000, and the railroad \$1,200,000, while other rights and equipment are valued at \$1,100,000. Ore ready for milling is valued at \$8,330,000, with probable ore valued at another \$8,330,000, and prospective ore at \$83,300,000. The combined value of the blocked-out and probable ore, according to the above, is equivalent to \$3,32 on authorized shares of Boston and Montana.

Ottawa, Dec. 22.—(Dominion Live Stock Branch—Receipts of dressed poultry are reported to be disappointingly light, considering the season, particularly turkey. The egg situation is practically unchanged. In eastern Ontario it would appear that the peak of high prices has been reached and unless severe weather curtails production from now on it is anticipated that prices will gradually work to lower levels.
