With Little to Pay and Lots

of Time to Pay, No Home

Need Should Go Unfilled

Now comes the best of all the season's opportunities to buy Furniture and all sorts of Home Needs. We inventory our tremendous stocks before the end of this month (less than two weeks) and it is to our decided advantage to have as few goods on hand as possible. To this end we have gone through the store and marked down every odd piece, all discontinued lines of furniture, broken rolls of carpeting, odds and ends in every department, anything and everything that will make the listing difficult. And we are going to pay you handsomely for aiding us in lessening our stocks. The special items following will give you some brief idea of what we are going to do. Come. Come early. Come often. Come prepared for surprises.

CONTEST IN STANSTEAD RESULT IS DOUBTFUL

Interesting Features in Connection
With the Bye-Election
Campaign.

MONTREAL, Jan. 18.—One of the most interesting contests ever waged in this province since the advent of the Laurier regime is now being fought out in the County of Stanstead. The feature of the campaign is the unusual victory which is being put into the fight by the Conservative party. The other evening Mr. F. D. Monk, M.P., expressed the opinion that no more acclamations should be allowed in this province, and this has, in a very few days, become a veritable war cry amongst the followers of Mr. Borden in the Province of Quebec, and especially in the district of Montreal. All things being equal, Stanstead is a Conservative constituency, and all things being equal, the same party should win out in the present contest. All things, however, are not equal, for it is evident that Hon. Sydney Fisher is leaving no stone unturned to secure a triumph for Mr. Lovell and the administration. Mr. Moore, ex-M.P., is a

very able man and one of the best hustling speakers in rural Quebec, and that is saying a good deal. As a matter of fact, no one is so hide-bound a partisan to deny that Mr. Moore is much better equipped to be the choice of the electors than the county that a big independent vote will be cast for the opposition standard-bearer on the account of election day. If, in fact, the French Conservatives stick to their guns and the Magog cotton operatives are allowed to cast their ballots according to their convictions, Mr. Moore will be returned as member for the county, which sent Hon. C. C. Colby so many years to parliament. At the last election for the federal seat the Conservative magnates in Montreal, who control the cotton industry, set all their machinery to work in Hon. Mr. Fisher's favor, with the result that Mr. Moore was defeated by a substantial majority. While the statement is made that these men will do the same trick on polling day, others say that there are indications that the employees will be allowed to vote as they please, and if this be the case the government candidate is doomed. Public sentiment has all along manifested itself in favor of the opposition candidate, and this will prevail at the end unless, as just intimated, the mill hands are driven to the polls to vote for Mr. Lovell, as they were forced to vote for his father a few years ago. The result of the election is, therefore, in doubt, but the returns from the industrial centres of the country will be scanned with a great deal of

Interest on the night of the election. Splendid service has been rendered the Conservative cause by P. D. Monk, George E. Foster, H. B. Ames, Hon. M. F. Hackett, and others, while the minister of agriculture and the Quebec ministers have been campaigning the county for Mr. Lovell and the powers that be. On the whole, more life has been infused into the contest than in any previous election since the Liberals came into power, and one thing is certain, whether they win or lose, the Conservative party shows signs of vigor that have not been visible for many past months.

Big Fees For Witnesses.
WINDSOR, Ont., Jan. 18.—(Special).—Joe Boyle of Woodstock, who recently won a big mining suit against some Detroit capitalists and secured an amicable adjustment of another action, has presented record-breaking fees for his witnesses. He put in a bill for \$1700 each for Charles Barwell and Charles Boyle, the latter being a brother of the plaintiff. He wants a fee of \$300 for Arthur Treadwell, another witness, and \$300 for himself. Witness fees alone run to nearly \$5000 and the bill is being taxed.

Giving Organs Away.
This heading is misleading if you like, only to the extent that when Heintzman & Co., Limited, 110-117 West King-st., Toronto, announce that they are selling organs at \$10, \$15 and \$20 each, in payments of \$6 a week, it is not so much giving the piano away. One can hardly expect that such bargains will last very long. Wise ones will see about the matter at once.

Mixed.
A pawnbroker, giving evidence at Yarmouth as to receiving some stolen articles in pledge, said: "I was satisfied in my own mind by her answers that the articles were not stolen, but had my suspicions privately."

A winding-up order was applied for yesterday at Osgoode Hall by creditors of the Toronto and Belleville Rolling Mills, Limited, Belleville, to wind up the said company. The assets are approximately \$25,000, with outstanding debts of \$100,000. James Hardy, of the firm of Jenkins & Hardy, chartered accountants, 124 Toronto-st., was appointed provisional liquidator.

JAPS HAVE NO SECRET CONCERNING THEIR FLEET

Deny There is Sinister Intentions
Against the United
States.

TOKIO, Jan. 18.—Reports attributing a sinister design to the Japanese naval administration in connection with the Pacific squadron are absolutely unfounded. Vice-Admiral Saito, minister of the navy, in an interview with the correspondent of the Associated Press to-day, said: "We have no secrets from America concerning the distribution of our fleet. Daily reports are handed the naval attaches showing the whereabouts of every vessel, which can be easily ascertained."

"In view of the sensational reports

emanating from various quarters, we desire emphatically to say that no vessel of the Japanese fleet is any nearer the Pacific coast of America than Yokosuka. Every one of the battleships is now on the home station, either at Yokosuka, Kure or Sasebo, and the entire flotilla of torpedo boats and submarines are at the same stations. "The only Japanese war vessels now outside of home waters are one cruiser at each of the following Chinese ports: Hankow, Fuchow, Amoy and Yenchow; two at Shanghai and three small ships at Korea. "A training ship squadron consisting of three old cruisers will sail on Jan. 23. One of these vessels is going in the direction of Colombo, in Ceylon, via Manila, where she will call on a friendly visit. "Any statement differing from this is absolutely without foundation."

Vice-Admiral Saito was evidently surprised that any idea prevailed abroad that Japanese war vessels were cruising in the direction of America. Commander John A. Dougherty, the American naval attaché, when he was seen by Vice-Admiral Saito's statement, said: "I can positively confirm the statement of the minister of the navy from my own knowledge of the Japanese naval situation."

JEROME'S BIGGEST SURPRISE

Move to Exclude Public From Court Was Unexpected.

NEW YORK, Jan. 18.—The most astonishing move that has yet been made by either the prosecution or the defence in the trial of Harry K. Thaw, charged with the wilful murder of Stanford White, came yesterday, when District Attorney Jerome asked the court to exclude from the courtroom the public, including the newspaper writers, during the recital by Evelyn Nesbit Thaw of the story she told on the stand during the first trial.

The district attorney had given no hint of his intended action, and even Mr. Littleton of the defence said he had not considered the matter before, although he quickly added his request to that of Mr. Jerome. Justice Dowling did not rule on the point, further than to say that he thought if such a motion was to have been made, it should have been made at the first trial, and announced that he would take the question under consideration and give a decision on Monday.

At the first trial hundreds of people besieged the courtroom and used every artifice to secure admission, while young Mrs. Thaw was telling her story on the stand. The lines were drawn very tightly, even then, only a few outsiders and those persons who had influence with the court officers securing admission. There were a few women in the courtroom when the story was begun, and Justice Fitzgerald stopped the testimony to give those of them who desired an opportunity to leave the room. Not one of the few women who had schemed so hard for admission took advantage of the opportunity, but all remained until the story was finished. District Attorney Jerome has succeeded in keeping a large portion of young Mrs. Thaw's story of her early life out of the record, and it was believed that he would attempt to prevent her from re-

NOT LAID UP, BUT VERY TIRED. You need a rest; you would take it if you could; your nerves are all upset, your stomach sour, and appetite poor. Urine is dark in color, with a heavy sediment, and bowels irregular. You are on a straight road to a general breakdown and you will certainly arrive there if you do not take immediate steps to improve your condition. The age of miracles has passed, some diseases are incurable, but you can prevent contracting them. King's Palmetto Compound will give you immediate relief. If your wait until Bright's disease develops it may be too late. King's Palmetto Compound is not a patent medicine. Its formula is plainly printed. It is the result of scientific knowledge combined with plain common sense. Do not wait until actually laid up. Take King's Palmetto Compound now. Give it a trial. Write for a free sample bottle to the King's Palmetto Compound, Bridgeburg, Ontario.
