A HANDSOME WINDOW
Rev. A. G. H. Dicker Presents
New Window to St. Paul's (Valley) Church.

A large congregation gathered in the chapel connected with St. Paul's (Valley) church last evening, when a new East window, the gift of the late rector, Rev. A. G. Hamilton Dicker was dedicated and formally presented to the church.

The ceremony was included in a short and elegant service, with appropriate psalms, lesson and hymns.

After Rev. Mr. Hooper had unveiled the new window, the rector, made the presentation, in behalf of the donor, in memory of the many happy years he had spent as rector of St. Paul's.

The new rector accepted the gift, and in a brief address spoke in highly complimentary terms of the self-denying labors of Rev. Mr. Dicker.

The service concluded with a special prayer for the Divine blessing upon Rev. Mr. Dicker in his labors, and the benediction.

The window, which is rich in coloring, represents the figure of St. Paul, with a background showing an eastern exterior. The figure is surrounded by the sword and crown and the whole both in size and treatment is thoroughly in keeping with its surroundings.

THE EMPRESS OF IRELAND
The C. P. R. steamer Empress of Ireland docked shortly after one o'clock this morning after having had a fairly rough passage. She encountered fog and head winds for the most part of the voyage but otherwise the trip was uneventful.

The big steamer left Liverpool on April 6th and all along the banks of Newfoundland she experienced foggy weather. She had on board 1302 passengers, of which number 124 were first-class, 467 second class and 901 steerage.

The Empress had on board Louis Langi (of Vienna). He sailed from Liverpool and is going to Victoria in the interests of Austrian capitalists. Among the others are Dr. Shadwell, the British economist, commissioned to report on Canadian industrial conditions for the London Times; Mr. Forslund, of the C. P. R., who has completed a tour of Scandinavia in the interests of Scandinavian immigration.

When three days out the steamer encountered a large iceberg and the large number of passengers admired for some time its immense proportions. The fourth day brought another one in sight and the steamer passed very close to it and afforded the passengers an excellent opportunity for viewing it.

THE KNOCKER
BAND CONCERTS
Is St. John to have any band concerts next summer? It is claimed that if such concerts were held on Kings or Queen Square the mob would over-run the grass and flower beds and destroy them. Perhaps there is some justification for this statement, judging from past experience, but is it a fact that the police authorities are powerless in a St. John crowd? Are St. John people worse than the people of other cities? If the warning were given in the press and the first offender were promptly jailed, would there be any further difficulty in controlling the crowd to the walks and the sides of the square? The fact that so many people congregate proves that they appreciate the band music. There are excellent bands in the city. Why should they not be encouraged and the people be given what they want? In this matter St. John is ages behind the times.

THE EXPRESS SERVICE.
The Times Knockers express companies ignore the rights of the public? I want, let us say, to send a package to Marysville. One company says: "We do not

CANDIDATES ARE ANXIOUS

Tuesday's Civic Elections May Prove Unusually Exciting

The anxious time for the aldermanic candidates is drawing to a close, and by next Tuesday night the would-be city fathers will know their fate. Many of the candidates and their friends are putting up a stiff canvass, while some are content to go about their business as usual and let the people decide the matter without any effort on their part to influence them.

In the contest for alderman-at-large it is an open question as to how the result will be. Ald. Lantallum and Ex-Ald. Frink are pretty generally believed to be winners, and J. King Kelley is said to stand a good chance of being returned. Ald. Lockhart, H. L. McGowan and W. C. R. Allan, will, it is thought, run pretty even, while some are of the opinion that James Hunter's chances are by no means slim.

The fight for Tuesday next is expected to be a red hot one, with Green slightly the favorite from present reports.

The friends of Dr. McIntyre in Lorne, of George W. Sleight in Wellington, Charles T. Jones in Kings, Wellington Green in Victoria, and E. M. Spragg in Lansdowne are making strenuous efforts on their behalf, and they express confidence in the result.

The battle in Guys, where W. D. Baskin and John B. Taylor are opposed to Ald. Tilley, is expected to be a close one, though Tilley is now looked on as having good chances of success.

In Dufferin it is the general opinion that Ald. Willett will pull out ahead, though his opponents are working energetically. Despite the apparent lack of interest among the citizens generally at the present time, it is thought there will be a warning up on Tuesday next and the polling of a large vote is looked for. It won't be the fault of some of the candidates if the people don't turn out and cast their ballots.

The polls will open at 8 a. m. and close at 4 p. m. The list of returning officers and the booths is as follows:

Guy Ward—James Carleton—in or near City Hall in Guy's Ward.

Brook's Ward—George McSorley—in or near the shop occupied by Andre Rolston, 24 St. John street, near Sand Point.

A PLEASANT FUNCTION
Wm. H. Bustin Entertained Lansdowne Hotel Guests Last Evening.

William H. Bustin, proprietor of the Lansdowne House, King square, entertaining his guests and their friends last evening. During the early part of the evening a smoke talk was held in the office for the men and afterwards an adjournment was made to the parlors where the ladies joined them and the balance of the evening was very pleasantly spent with music and dancing. Mr. and Mrs. Bustin, making the Lansdowne always homelike and attractive for their guests. Mr. Bustin, though taken completely by surprise, made an appropriate reply thanking the donors for their kind words and much appreciated gift.

Last evening's entertainment was the closing of a number that have been held at the popular King Square hotel during the winter months. About two weeks ago Mrs. Bustin was made the recipient of a handsome present at a somewhat similar gathering.

A number of well known singers will take part in the sacred concert in the hall of the Every Day Club tomorrow evening at 8.30 o'clock. There will also be good music at the meeting at 4 o'clock tomorrow afternoon, when quartettes, duets and solos will be sung by members of the club.

THE KNOCKER
go to Marysville, but we will deliver it at Fredericton." The other says: "We will deliver it at Marysville, but it must go via Moncton and Chatham to get there." Why should there not be an arrangement whereby one company would take the package to Fredericton and the other convey it on to Marysville? These companies are out for business but they disregard the rights of the public. This matter St. John is a case for the railway commission.

A PUBLIC EYESORE.
How much longer will the citizens tolerate the hideous pole in the centre of Queen Square. Talk of monuments and things of beauty! Here is a monstrosity that offends the eye of every man, woman and child who traverses Queen Square. If the woods had been searched its equal in ugliness could hardly have been found. There is here an opportunity for the safety board to do a public service. There are too many ill-looking features publicly exposed about the streets of the city, and this handsome square should not be disgraced by one of them.
