# DISCOURAGEMENT CAUSED SUICIDE

Dr. Hoy, Who Backed System to Burn Ashes, Takes His Own Life When He Found That the Plan Would Not Work Well.

NEW YORK, July 6—An Altoona, Padespatch to the Herald says that, being unable to stand the continual twittings of his friends about the failure of the scheme to make ashes burn, which he backed financially, Dr. H. K. Hoy, one of the best known homeopathic physicians in the state and one of Altoona's wealthy men, committed suicide yesterday by swallowing the empty bottle. Dr. Hoy was 58 acid. Dr. Hoy went into the bathroom and took the poison. Mrs. Hoy heard him fall and summoned assistance, but when the door was broken in, her husband was lying dead on the floor, his hand clutching the emply bottle. Dr. Hoy was 58 years old and had a fine practice as an eye and ear specialist. He accumulated a fair fortune which he then invested in oil lands, which increased his wealth, until he was worth about \$250,000.

John Ellemore, an Altoona cobbler, startled the country about six months ago by the announcement that he hed discovered a process by which he could make ashes burn. Dr. Hoy, who had know Ellemore all his life, became interested in the financial backer of the cobbler. It took only a short time for a scientists to declare the scheme a failure.

Dr. Hoy did not mind the loss of the money, but he could not stand the rid cable steamship in the world, has left from this port.

There are 2,323 nautical miles of an unbroken rubber and armored cable stowed away in three of the four big tanks on the ship, and overboard it will go at the from the ship, and overboard it will go at the fair fortune which he then invested in oil lands, which increased his wealth, until he was worth about \$250,000.

LONDON, July 6—The British Admiralty and War Office have both drawn the
color line against a youth born in London
of a negro father and English mother. On
of a police requests that the roadway beof a negro father and English mother. On the death of his parents the Strand Board of Guardians took charge of the boy, who has now grown up and desires to serve his country, but the authorities refuse to permit him to enlist in either the navy or the army.

This banning of a British subject because of his color promises to lead to a lively discussion in Parliament, where the matter therity will be brought up.

MEDALS FOR

WAR WRITERS

fireworks at Rockwood Park, the chief of police requests that the roadway between the bridge and above the old boat house be kept clear of teams. This, as will be readily understood, does not exclude pedestrians from this portion of the road, and teams may occupy all other driveways.

The object in taking this precaution is to prevent a stampede in case anything should go wrong.

The police will, of course, do all that is possible in handling the crowd, but the chief hopes that the drivers of carriages and autos will co-operate with the force and thus render material assistance.

### COLLISION IN HARBOR

Schooner Friendship Collided With Mud Scow This Morning Damage Was Slight.

Minor Order of Honor Bestowed on the Robust Italian Tenor. LONDON, July 6-The king has honored Caruso by making the tenor a member of the Royal Victorian Order.

Concerning the Royal Victorian Order, Whittaker's Peerage says:

"The last of our orders of knighthood, which dates only from 1896, was designed as a recognition of personal services to ed as a recognition of personal services to recent frosts. Some replanting has been 100 p. m.—Wun Gondy will arrive wes

Saint Mary's picnic will be held on Bean crop killed fer at present."

Westfield, with the usual games and sports, and St. Mary's band will be in There were several to the state of the st attendance. Trains will leave at 9,20 a. m. and 1.10 p. m., returning to town about 7.45 p. m. If the day is wet the picnic will be held the day following.

In the police court this morning Joseph

There were seven deaths reported at the office of the board of health for the week ending today as follows: pneumonia, measles, myocarditis, hydrocephalus, heart disease, abscess on brain and phthisis pulmonalis, one each.

3.00 p. m.—The Ludlow will be towed into the west-side slip and examined.

3.30 p. m.—The Ludlow will be towed out again and Wun Gondy will give an exhibition of crossing the harbor while in a state of anaesthesia.

Riley, charged with drunkenness, was remanded to jail.

### REQUEST FROM

As the schooner Friendship was moving out from Sand Point slip this morning, lasting she collided with one of the mud scows of the dredge Beaver and carried away her bobstays and some of the rigging. She was compelled to return to her berth while repairs are being made.

Worst electrical storm of the season panel down from Sand Point slip this morning, lasting over an hour. It was accompanied by a heavy downpour of rain. During the storm J. G. McElman's store at Gibson was struck by a bolt of lightning, but not seriously damaged.

Mrs. H. Montgomery Campbell and children have been spending a few days in the slip and was long one of them out when he missed his footing and fell into the water.

Mr. Howard, who was a short distance away, was quick to take in Mr. Snider's perilous position and hurried to his assistance. After some effort he succeed in the city.

Registrar Jones reports 18 marriages during the present week; also, 34 births 17 boys and 17 girls.

A special meeting of York, L. O. L. will be held this evening. Business, initiation and conferring of degrees.
