WIFE ALSO MAY BE CHARGED WITH BIGAMY

Sidney A. Hart, the man who was arrested yesterday on a charge of big-amy, was not brought into court this morning. The only new development in the case today was the procuring of a marriage certificate by the police which may be used as evidence against the defendant. The certificate shows that on December 2, 1914, Rev. Dr. Hutchinson united in marriage a young woman living her name as Gertrude Jackson, aged twenty-two years, and a man claiming to be Charles W. Harrison, giving his age at forty-two. The police suspect that the couple now held in custody and the two mentioned in the marriage certificate are the same. The woman, who it is alleged is Hart's third wife, is still detained in jail. The charge of bigamy is also being brought against her, as it is said she has another husband still living.

MRS. PALMER INJURED AT PUBLIC LANDING

West St. John Lady Run Over When Automobile Frightens Horse

Following an accident which occurred at Public Landing last week, Mrs. George M. Palmer, of West St. John, is confined to bed in her mother's home at that place, with injuries sustained when the wheels of a carriage ran over her. Accompanied by Mrs. Tufts of Boston, who has been visiting at the Landing, Mrs. Masters was standing in the roadway near her mother's home when an automobile came along. About the same time, a horse driven by Mr. Neal, coming up from the Landing, came frightened at the car and bolted. The two women sought safety, Mrs. Tufts running behind the automobile and Mrs. Palmer to one side of the road. The horse started to rear upon its hind legs, and Mrs. Palmer tried to dash behind the car with Mrs. Tufts. She tripped and fell, and overcame with excitement as well as the result of the fall, became unconscious. The horse suddenly bolted forward and one wheel of the wagon passed over Mrs. Palmer's shoulder. She was carried into her mother's house by the owner of the automobile, and it was found that one of her lower limbs was badly cut and her body bruised. She did not become fully conscious for several hours. A physician was summoned, but did not arrive until the following evening, owing to the long distance which he had to come, and not having received the message sooner. Mr. Palmer, on learn-ing the news, rode to the Landing. His wife will be unable to return home for several days, but her numerous friends about the city will be pleased to learn that she is improving after her injuries.

THE NAVAL VISITORS

Tars Were From Three British Gunners Schooners—Nearly All Have Seen Action—Some Survivors of Disasters

Those tars who passed through the city yesterday to Quebec were rather a distinguished gathering. All of them, nearly all, have been in action. Two of the number were survivors of the H. M. S. Ocean, the first British loss at the De-voiler, and the related graphic stories of their struggle for life. A couple of others were off the H. M. S. Triumph, also lost at the Dardanelles.

THE SOLDIERS' PRAYER

St. John Man Sends Copy of Petition Offered Daily by Overseas Force—Great Devoutness Shown

This is a prayer the Canadian soldiers are reciting each day at the front and in the camps in England. Little leaflets have been distributed among them and, as William Gormley writes in the Presence in Peace, "Strengthen us to quit ourselves like men in our night watch. Keep us faithful unto death, calm in danger, patient in suffering, true to our king, our country and our flag. Help us to win victory for our empire. Help us to win victory over ourselves, our temptation and sin, that we may be more than conquerors through Him who loved us and died for us, Jesus Christ, our Saviour."

FURNISHING THE HOME

By usage August has become the month for the furniture buying and home furnishing. It is customary at this season for manufacturers and dealers to encourage trade by favorable prices. Furniture is probably more heavily advertised in August than in any other month of the year. And this same advertising has transformed a very dull month to a very busy one.

If you are thinking of buying goods for the home this is the right season to consult the advertising columns of The Telegraph and Times.
