Style Right and Fashion First—The Aim of
Our Fashion Departments

Early Spring Fashions Summon

Here newest spring garments await you now—Coats, Suits and Frocks that will win your praise and delight the minute you see them. These early first arrivals have note after note of newness. There are handsome models to be found new that you may find it hard to duplicate later.

YOUR INSPECTION CORDIALLY INVITED.

Fashions First Word In Frocks

Springtime, New Frock Time! And there are street and afternoon dresses to satisfy a hundred fancies and practically every figure. Slim and straight is the order of the season, while tunics, tiers, side fastenings, embroideries and braidings work magic to make these frocks interesting. There are woollens, silk crepes and knitted materials; as well as the finer fabrics used for formal and semi-formal wear.

New Thoughts On Spring Suits

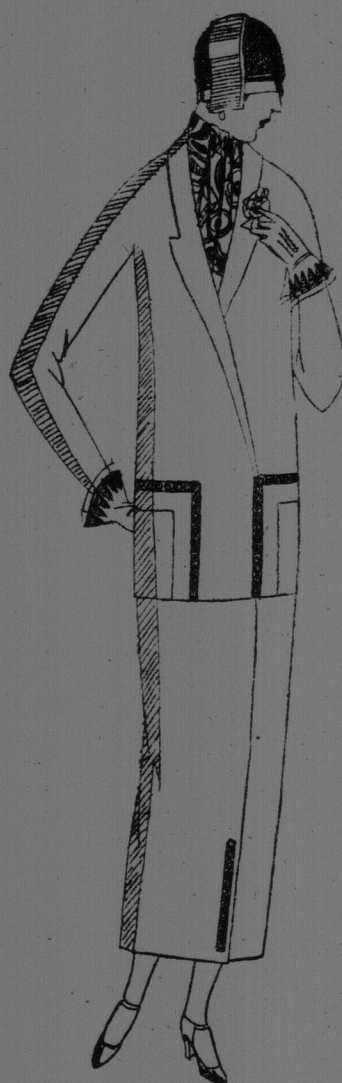

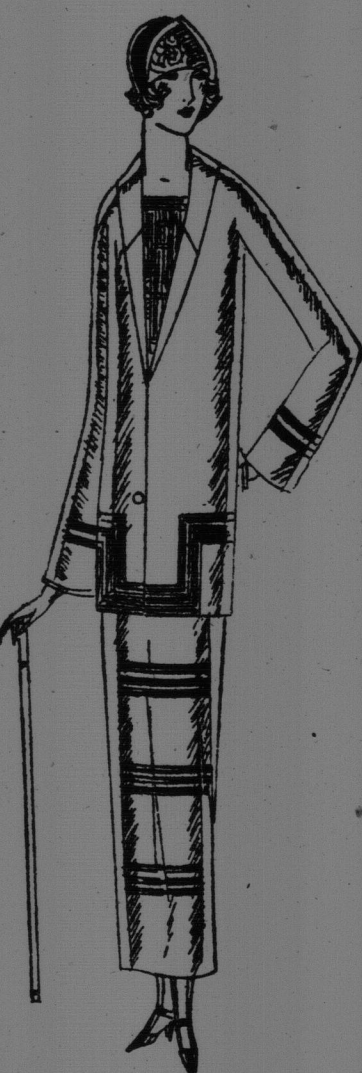

Some of the most fascinating models have straight dress and long-line coat to match. Dress sleeves are often fashioned from brightly embroidered silk crepe, forming a smart contrast to suit material. For misses and small women the "boyish suit" is ideal; this has plain short coat and jaunty tailored skirt. Women who prefer conservative suit styles will find our stocks have amply provided for their needs as well. Colors, styles and fabrics all mark these late arrivals as style-right.

Coats Suitable to Spring Occasions

Spring coats, like frocks and suits, are straight and slim and convey an air of distinction to the wearer. Some are made from stunning, soft woollen fabrics in plaids, stripes and plain colors and are decidedly English looking in cut and material. Others are in fine, light weight twilled fabrics; or the popular velvety Marvella, and Bolivia cloths. Our present stocks emphasize the variety of types to be fashionable for spring and summer months.

DEATHS

David Lloyd Evans, farmer of Barneville, died in the General Public Hospital on Sunday evening. He was 69 years of age and on first coming to this country from Wales conducted a meat business in Union street. However, failing health forced him to give up his business in St. John, and he moved to Barneville, where he vigorously took up farming. Despite failing health, he was known as a hard worker. He was actively engaged with the business of his farm up to a few days ago, when he was compelled to seek immediate medical attention. He leaves his wife

and one son, the latter at present engaged in lumbering operations in the province, besides several children who reside in the Old Country.

Mrs. Lois Selfridge.

London, Feb. 26.—Mrs. Lois Selfridge, aged 80, mother of Harry Gordon Selfridge, a big London department store manager, died yesterday at the home of her son here. She went to the U. S. in November for a visit. She was taken ill last month in Washington, and Mr. Selfridge left hurriedly for the U. S. to be with her. She recovered sufficiently to be able to sail with him from New York, arriving at Southampton Saturday.

A newly patented umbrella has a flashlight in the handle for night use.

TWO ARE KILLED AT GLACE BAY MINE

Sydney, N. S., Feb. 26.—The lives of two miners, John Babb, a native of Carbonara, Nfld., and Daniel McDonald, Louisburg, both married, were snuffed out without a moment's warning at Victory Mine No. 24, Glace Bay, this afternoon, when shortly after the men entered the pit to begin night shift a heavy piece of rock fell from

the roof, crushing them and causing instant death.

YOU CANNOT JUDGE BY APPEARANCE.

It is impossible to tell the quality of tea by the appearance of the leaf. A rough, coarse, unevenly rolled tea may taste much better in the cup than a closely rolled, well-tipped tea that appears much finer. The only way to be sure of getting tea of reliable quality is to buy a guaranteed blend like "SALADA," whose goodness and
