## SPORT NEWS OF A DAY; HOME AND ABROAD

### FOOTBALL

**U. N. B. and Acadia Tie.**  
The football teams of the University of New Brunswick and Acadia played a tie in Wolfville yesterday in the first game of the western section of the Intercollegiate Football League, the score being 3-3. Both teams were handicapped by the loss of some of their best men, who are on the injured list. The U. N. B. scored their try one minute after the game started and their opponents evened up the score eight minutes before play terminated.

**Fredericton High Wins.**  
Fredericton High School football team defeated Normal School yesterday at the capital by a score of 10 to 0. The winning team scored a dropped goal, a try, and a penalty goal.

**Takes Team From Field.**  
Rothsay Consolidated schools football team left the field in Sussex yesterday while playing against Sussex high school because of a decision handed down by referee Atherton that Captain Monahan had been unduly rough in making a touch down. The score was six to three in favor of Sussex when the trouble arose.

### BASEBALL

**Indiana Release Caldwell.**  
Cleveland, Oct. 28.—Ray Caldwell, pitcher for the Cleveland team since 1919, has been given his unconditional release. He came to Cleveland from Boston. Manager Spackler said he intends to reorganize his pitching staff for 1922.

### TURF

**Wins Dewhurst Stakes.**  
R. Moore's two-year-old colt Lambach yesterday captured the Dewhurst stakes at Newmarket Houghton, England, when a small field. Lambach finished second and Treacle third. The purse was valued at 500 sovereigns.

### BOWLING

**Games Last Evening.**  
In the Cleric League the Railway Mail Clerics took all four points from the Red Rose Ten quintette. The winners totaled 1,223 and the losers 1,160.

In the Wellington League the C. N. R. team took all four points from the Blue Gooses. The winners totaled 1,280 and the losers 1,181.

In the Garrison League the R. C. A. S. Ambulances. The winners totaled 1,060 and the losers 861. The 6th. Siege Battery took all four points from the R. C. E. Their total total was 1,119 and the losers 1,116.

The Commercial League fixture between Brock & Paterson and the Ford Motor Works resulted in a split, each taking two points. The former team totaled 1,228 and the latter 1,229.

### BRITISH RUGBY

**(Canadian Press Dispatch).**  
London, Oct. 27.—In county championship rugby football games today, East Midlands defeated Warwickshire at Northampton by 20 to 6, and Hampshire beat Kent by 21 to 7 at Blackheath.

### PITCHED TWO ONE-HIT GAMES IN SUCCESSION

Virgil Barnes, brother of Jesse Barnes of the New York Giants, while pitching for the Milwaukee American Association Club last season, pitched two one-hit games in succession.

On Sept. 18 Barnes led the Kansas City Club to a single safety, shutting them out 4-0, and four days later he repeated the performance against the Toledo team, beating them by the same score.

Barnes was one of the leading pitchers of the Milwaukee team the past season, winning half his games with a club which finished in fifth place. In 1920 he pitched for Rochester, in the International League, winning twelve games and losing twenty-three for a seventh-place team.

### BLAMES DRUGS FOR INSANITY

**A British Columbia Alienist Urges Establishment of a Home for Addicts.**  
Vancouver, Oct. 28.—An attempt to cure drug addicts by a three months' course at the mental hospital in New Westminster, the largest and best equipped in western Canada, has been a signal failure, according to a report just made public by Dr. H. C. Steeves, superintendent of the institution.

"Permanent results can only be obtained by placing the patient in a special establishment for at least three years," declares Dr. Steeves. "It will take at least that time, in severe cases, for the unfortunate victim of the habit to regain his self-control, for new nerves, new tissues and new muscles must be formed before the craving is entirely eradicated, and such a process of re-creation is necessarily slow."

Experts agree that a community farm, in some spot remote from the temptations of city life, would be the ideal spot for a home for dope fiends. To ensure success it would be advisable to declare the district "out of bounds" for all Orientals, particularly Chinese, who are mainly responsible for the peddling of the dope among the white men.

Of the 460 patients now in the New Westminster hospital, sixty cases are directly attributable to the use of drugs, while indulgence in cocaine, heroin, opium and morphine is a contributory cause in a large number of other instances. The victims are nearly all white men or women, few Orientals losing their reason, though they may take much more dope than the whites. Their power of resistance, it is believed, is much greater because drugs have been used by their race for centuries.

Although not a week passes in Vancouver without drugs worth thousands of dollars being seized by the police, the traffic continues unabated. Some months ago a "White Cross Society" was formed for the purpose of combating the evil, but it has apparently given up in despair, the results of their efforts being nil, because of the looseness with which the laws governing drugs are drawn, and the big money which lawyers are making by seeing that the spirit of those laws is not enforced.

**SQUIRRELS, AN EAGLE, A CAT IN TURN SHUT OFF ELECTRICITY AT PLYMOUTH**  
Plymouth, Mass., Oct. 29.—The falling of the electric lights recently was somewhat puzzling to the Electric Light Company. The lights were off for some time. The superintendent has been investigating, and out in the woods, along the high tension line yesterday, found that a cat had crawled up the pole and had made connection across the high-tension line. The animal was electricuted, and was found beneath dead.

The company here has had a great deal of trouble with squirrels, which get their tails across the wires, causing a short circuit. They have been found underneath the pole dead. A short time ago there was trouble on the line, and it was found that an eagle had flown on to the line, short-circuiting the current. The company has placed tin around the poles to prevent squirrels and other animals from climbing. When the latest accident occurred there was no tin on the pole.

**CHINESE ERECT MARBLE GATEWAY IN HONOR OF AMERICAN PEOPLE**  
Chefoo, Oct. 28.—The Chinese here erected a three-arch marble gateway in honor of the American people. The central arch is surmounted by an American emblem with crossed American flags and bears an inscription to the effect that the archway is a memorial to the American people, expressing the hope that the friendship of the peoples of China and the United States will ever increase.

## KENTUCKY BEAUTY DIES FROM FALL

**Miss Rainey Plunges from Window of Hotel in Presence of Friend—Jury Says Accident.**

Lexington, Ky., Oct. 28.—That Miss Dorothy Rainey of Newport, Ky., who was killed in a fall from a five-story window of the Lafayette Hotel, accidentally fell out of the window, was the finding of a coroner's jury.

This was also the statement made by Carl Wiedemann, who was standing at the door of the young woman's room at the time of her death.

Reports were to the effect that she leaped from the window because of a spondylosis over remarks which she was said to have overheard acquaintances make at the races yesterday afternoon.

Miss Rainey was about 20 years old, a daughter of Dr. Louis Rainey, a Newport physician, and noted for her charitable work. Her beauty won her the title of "the prettiest girl in Newport."

Miss Rainey and Wiedemann, a son of George Wiedemann, President of the Wiedemann Brewing Company, came to Lexington Sunday to attend the races. They had been friends for many years.

The young woman's head and body were badly crushed by the fall, and she was apparently killed instantly. She made no outcry, but was lying motionless in a pool of blood on the sidewalk between the main entrance and the woman's entrance to the hotel when friends reached her. The body narrowly missed pedestrians as it struck the sidewalk.

Her body was only partly clothed. According to the story told by those who investigated the case, Miss Rainey, Wiedemann, J. B. Richardson, local agent of the Wiedemann Brewing Company, and James Youtsey, an employe of the Life Hour Stock Farm, had dinner at the hotel. They left the dining room at 11 and 12 o'clock. Wiedemann said he and Richardson intended to drive Youtsey to his home at Life Hour Farm.

Miss Rainey went to her room on the fifth floor, while Wiedemann and Richardson went to the former's room on the eleventh floor to get their overcoats. According to the statement of Wiedemann, he stopped off to say good night to Miss Rainey. He said he found her sitting in the window. He talked with her directly from the window and started to leave the room, when she raised the window again.

Wiedemann declared he saw her topple over as she started to sit on the window ledge, and that she plunged over the window before he could cross the room. Wiedemann said Miss Rainey was subject to dizzy spells at any height.

Wiedemann said that he ran to the elevator and went downstairs, where he and Richardson hurried to the front of the hotel and found the body lying on the sidewalk.

**"PARALYZED" BY FORMS.**  
Actuary Tells Some Humors of His Profession.  
London, Oct. 4.—(By Mail)—Some stories of bright spots in the dull life of an actuary were given by S. G. Warner, past president of the Institute of Actuaries, in a lecture at the Central Y. M. C. A., Aldersgate street, when he came to the filling in of forms.

"I, many people seemed to be seized with a mild form of mental paralysis. One said his father had suddenly died, and the other said his father had been hanged yesterday. 'Father had been taking part in a public function when the platform gave way.'"

Captain V. R. Griffiths of the collier Maskinonge was reduced to the rating of mate for six months and Samuel Rioux, the pilot in charge of the ship when she rammed the Canadian Recruit has been suspended for the remainder of the season. The captain was found to have been traveling at an immoderate rate of speed in the fog and the pilot occurred with him.

## LESSONS IN LOVE

**First Lesson, for 8-year-olds**

**CANADA AND ITALY HAVE MUCH TO TRADE**  
Major Falchi is in the Dominion to Improve Relations.

Major L. Falchi, representing the Italian Colonial Institute, is in Ottawa, making investigations with a view of establishing better trade relations between his own country and Canada. The possibility of heavy increase in trade between the two countries is great, he says.

Mrs. Falchi, formerly Mrs. Hamilton Gault, of Montreal, accompanied her husband to Canada.

So far Canada holds a heavy balance of the trade between the two countries, according to Major Falchi. During the last two years large shipments of wheat have been made from Canada to Italy. Formerly Italy received most of its wheat from Russia, and has turned to Canada since this market has closed.

Within the last year the C. P. O. S. in co-operation with an Italian steamship line, has established a monthly service direct from Montreal to Genoa and Naples.

Both countries offer exceptional opportunity for the exchange of products which do not interfere with the native products of either country. Canada can export to Italy large quantities of wheat and wool, and receive in return maple and silk.

**New Rule Re Speed Boats.**  
New York, Oct. 29.—Elimination of the modern hydroplane type of speed boat from the Gold Cup races in 1922, in order to stimulate competition in the event, was agreed upon yesterday by the American Power Boat Association.

A rule limiting the piston displacement of boats entered from event at 625 cubic inches was adopted, to remain in force one year.

Car Wood of Detroit, who drove his Miss America II, to victory in the Gold Cup this year, suggested the rule revision. Mr. Wood's boat averaged about eighty miles an hour in some of the heats.

Mr. Wood said he thought the new rule would cause many owners of boats of the displacement runabout type to enter next year's race. These craft have an average speed of about forty miles an hour.

An enthralling description of the charms of Ceylon, the modern "Garden of Eden," was given yesterday afternoon in the Natural History Society's rooms by Mrs. A. Whitehead Lemaire, of Moncton, who spent ten years in that tropical clime.

The lecture was the third in the regular course arranged by the ladies' association and was enjoyed by a large audience.

Mrs. W. H. Shaw, the president, was in the chair and introduced the speaker. Mrs. W. R. McIntyre moved and Mrs. James McAvity seconded the vote of thanks which was tendered Mrs. Lemaire.
