Malleable Iron Building in Amherst Being Fitted Up Again.

(Special to Times.)

Amherst, N. S., April 16—A large number of men are now at work in the malleable iron building effecting repairs and erecting machinery. Yesterday an official of the Canadian Car & Foundry

furnace would be in operation by the first of May.

This will prove good news to the people of Amherst. It marks a revival of the great old industrial days. The optimists are now predicting a bright future for the busy town.

The malleable iron building, 900 feet in length, was dismantled when occupied by German prisoners. Machinery was stored away. Now it is being re-erected. The furnaces and ovens are being repaired and within a month at the least the plant should be booming.

Cocoanut Oil Makes A Splendid Shampoo

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulsified cocoanut oil shampoos contains a present a p harmful. Mulsified cocoanut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulsified cocoanut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.
