

IN TROUBLE ON MAIDEN VOYAGE

Schooner E. H. Worden Davis Fast In Ice

ARCTIC RESCUE TRIP

New York Party Travel Across Icefields and Haul Sick Man Two Miles—Vessel Was From Parnboro

New York, Jan. 3.—Frozen solid in the ice of Long Island Sound, off Hardy's Island, the lumber schooner Davis from St. John, N. B., was the goal today of a rescue party which made a perilous journey across icefields that held all the terrors of the Arctic.

Both the patrol boat and a police launch were unable to break through the ice, and they communicated with the schooner by means of a searchlight.

A physician from Parnboro hospital, an ambulance driver and a patrolman set out from the Bronx shore across Bronx Hills to reach the schooner. Facing a bitter wind and confronted by rough ice and air holes a large part of the journey, the men finally reached a city institution on Hardy's Island.

The schooner is on her maiden voyage to the Sound. She loaded a cargo of lumber at Parnboro, N. S., for New York. She was built at Advocate Harbor and was completed only last fall.

The Junior members of the Natural History Society held the first dance of the season last evening, when about seventy-five young people enjoyed a very pleasant evening.

Less Talk—More Guns U. S. Army's Need

THE LITERARY DIGEST for January 5th commences the year 1918 (the twenty-eighth year of its existence) overflowing with vital news-articles of immediate interest. In fact, there are several topics so important that in enumerating them it is difficult to say which should come first.

WHY U. S. WENT TO WAR WITHOUT GUNS covers from every angle the U. S. Congressional investigation of the War Department. It presents the criticisms leveled at the Administration and also the evidence adduced in its favor, with comments from the press of the United States.

UNCLE SAM TAKES OVER THE RAILROADS—Is this the first step toward Government ownership? Will the situation continue after the war? To get an answer to such questions THE DIGEST telegraphed to leading editors throughout the country asking for an expression of opinion upon this latest and most radical war-measure, and this article gives illuminating replies from them.

CENTRAL POWERS ANXIOUS TO QUIT deals with a subject of vital human interest, being a resume of public opinion upon Germany's latest peace proposal.

THE TRUTH AT THE BOTTOM OF THE SUGAR-BARREL concludes the story in last week's DIGEST of the investigation of Mr. Hoover and the U. S. Food Administration.

Other interesting and instructive topics in this number of THE DIGEST (dated January 5th) are:

- Short-Lived Victory at Cambrai. Prussian "Democratic" Franchise To Win the War with American Coal. The Fuel Value of Wood. Keeping the Workers Well. Saving Wheat by Saving Meat. New York School House-Cleaning. A Catholic Admonishes Catholics.

Women Of Canada, You Have Done Gloriously!

On December 17th, hundreds of thousands of women in Canada cast their vote for the first time. They did not do so lightly, nor without thought and a careful weighing of all the facts of the situation.

This event opens up a new era for Canadian womanhood. It places a responsibility upon the women that they will accept proudly. The suffrage is a challenge to their intelligence, and now that they have a voice in the Government of their country,

they will desire to obtain a true perspective on all world events. They will want to know the facts and have them clearly and correctly stated, and they will turn each week to THE LITERARY DIGEST for this information, because in no other magazine will they be able to get such a wealth of exact information free from partisan bias upon the great subjects that agitate humanity everywhere.

Buy "The Digest" this week and see how admirably it will meet your requirements.
