REPORT OF THE SPECIAL COMMITTEE.

The following report was handed in by the Special Committee :

Whereas, during the past year, the horticultural interests of our country have sustained a serious loss in the death of three prominent Canadian horticulturists, namely, Mr. Charles Gibb, of Abbotsford, Que., a scientific student and experimenter, who by his travels and researches has already very much enriched our Canadian literature and whose death in the prime of life occurred at Cairo, in Egypt last March ; Mr. W. H. Mills of Hamilton, a former president of our Association, whose labors, as a hybridist, have
