Young Man Accidentally Shot
While Rabbit Hunting

From Saturday's Daily.
Melville Shelton, son of Mr. George
Shelton, of West Oxford, a young man
about 20 years of age had part of his
right hand blown off by the accidental
discharge of a gun yesterday after-
noon. With two companions the young
man was rabbit hunting. While get-
ting over a fence he drew the muzzle
of the gun towards himself, when the
weapon was discharged. Most of the
charge took effect in the right hand,
a portion of which was blown off.
Some of the pellets also entered the
wrist, which was seriously injured.
The injured young man was brought
to the Alexandra Hospital in the eve-
ning.

THE MARKET

OFFERINGS PLENTIFUL BUT NO
DECLINE IN PRICES.

From Saturday's Daily.
Offerings were fairly plentiful at the
market this morning but prices re-
mained practically the same as dur-
ing the past few weeks. Poultry was
exhibited in large quantities but there
was not the slightest decline in prices.
The demand, however, was not quite
as brisk as usual. Prices as follows
were asked: Turkey 20 cents a pound;
Geese 14 cents a pound; chickens \$1.2
to \$1.50 a pair; eggs 30 cents a dozen,
butter 30 cents a pound.

A PLEASING PROGRAM

RENDERED AT RECITAL IN ST.
JAMES CHURCH LAST EVEN-
ING.

From Tuesday's Daily.
A program that gave universal sat-
isfaction, and was especially pleas-
ing to all lovers of high class music, was
rendered at the recital in St. James
church last evening under the auspices
of the choir. The program consisted
of a larger attendance, but this could hardly
be expected in view of counter at-
tractions.

The capable organist, Mr. Chreno
E. Gilmour, and the choir, were ably
assisted by Dr. J. H. Dargie, organ-
ist of the Methodist church, and Mr.
Alfred Peine, basso, of London. In
its entirety the program reflected
great credit on all taking part, and
especially on Mr. Clarence Gilmour and
others who were untiring in their ef-
forts in its preparation. Every num-
ber was greatly appreciated by all
present and the event was a pronoun-
ced success.

THE SUNBEAM THEATRE

WILL SOON OCCUPY SPACIOUS
NEW QUARTERS.

The Sunbeam Theatre will soon oc-
cupy new quarters, the spacious fur-
niture store, lately occupied by Mr.
A. C. Foy, having been procured. As
this is one of the largest and most
substantially built stores in Ingersoll,
the dimensions being 100x40 ft., it
will make an admirable Moving Pic-
ture Theatre.
It is the intention of the manage-
ment to make this one of the most
up-to-date and attractive theatres in
Ontario. Comfortable opera chairs
will be added and provision made for
between four and five hundred people.
An attractive front will be put in,
and the interior nicely decorated and
brilliantly illuminated. No pains will
be spared by the management to make
this theatre one that will compare
favorably with those in the larger
cities.

RODE IN CHARGE OF LIGHT BRIGADE

Friends of Veteran at Arkona
Seeking Place For Him in
Aged People's Home

London, Dec. 5.—The remarkable fact
has come to light that there is at pre-
sent living in the village of Arkona a
survivor of the famous Light Brigade
that charged the Russian batteries at
battle of Balaklava.
Saturday Mayor Beattie had a caller,
Mr. James A. Crawford, formerly of
Ingersoll, who wished to know if a
place could not be secured in the Aged
People's Home for this British veter-
an, who is without friends, and living
alone in Arkona. Mr. Crawford was
working near there some time ago and
became acquainted with him.
The old man whose name is Thorny-
croft, is past 80 years of age, and has
been making his home of late in an
office formerly occupied by a doctor.
He has a pension of two shillings and
three pence a day, which Mr. Craw-
ford thought would almost meet the
cost of his maintenance, even if the
patriotic duty of caring for so eminent
a veteran did not enter into the ques-
tion.

Mr. Crawford was of the opinion that
the case should come to the atten-
tion of the Government, and wanted
to see Major Beattie about it. A
Major Beattie was in Ottawa he was
unable to see him, and so came to May-
or Beattie. The latter was not sure
just what could be done about it at
present, but will look into the mat-
ter.
A Toronto paper recently printed an
interview with a resident of that city
who was claimed to be the sole sur-
vivor in Canada of the famous charge.
From the veteran's story it would ap-
pear, however, that he was not in the
Light Brigade, which made the charge,
but in the supporting artillery which
was in the rear of the charge and saw
it from some distance. This would
make Mr. Thornycroft, of Arkona, the
sole survivor in Canada of the Light
Brigade.

START TRAINING NOW

INGERSOLL HOCKEYISTS SHOULD
FOLLOW LONDON TEAMS' EX-
AMPLE AND GET BUSY
"AT ONCE."

The announcement was recently
made by a London paper that the hoc-
keyists of that city had commenced
training in preparation for the O.H.A.
season. This should be a significant
fact, so far as the other teams likely
to be grouped with the Londoners in
the junior and intermediate series, are
concerned. To be plain it should be
taken as a broad hint that it is time
for them to get busy if they expect to
be in a condition to stand the pace
when the season opens.
So far as the local situation is con-
cerned quite a few of the faithful
followers are already enquiring as to
what is being done. The Chronicle
has not yet ascertained that any team
has been taken toward immediate
action. Those familiar with the list
of prospective players believe Ingersoll
will have a fairly strong team in
the junior division, but it must be
remembered that practice has much
to do with the success of any team in
all branches of sport. The ice is here
and the players should take up some
form of training with as little delay
as possible.

Presbytery discussed church union at
their meeting here to-day and by a

first, that the presbytery decline to
express approval, and second, that
the presbytery express disapproval of
the basis of union. But suggest an

THE COMMITTEE WILL NEGOTIATE

With Ingersoll Waterworks Co.,
Relative to Purchase of Plant
— Regular Meeting of
Council

From Tuesday's Daily.
No time was wasted by the council
last night. Quick disposition was made
of all matters and everything was off
the slate in less than an hour.
Undoubtedly the most important fea-
ture of the proceedings was a resolu-
tion authorizing the Fire, Water and
Light Committee to open negotiations
with the Ingersoll Waterworks Com-
pany, relative to the purchase of their
plant by the Corporation.
The resolution was as follows:
Moved by Mills.
Seconded by Knapp.
That this council being of the
opinion that it would be in the in-
terest of the town to purchase the
plant of the Ingersoll Water-
works Company, therefore, we
would authorize the Fire, Water and
Light Committee to open ne-
gotiations with the said Company
and request Committee to state the
price which they are willing to
accept for said plant.

Speaking of the resolution Ald. Mills
stated that the Fire, Water and Light
Committee had had several interview
with representatives of the Company.
The Company's representatives had
pointed out that they had nothing by
way of authority to be governed by
and had requested that the Council
pass a resolution instructing the Fire,
Water and Light Committee to take
up the matter with them.
The Mayor, the speaker stated, had
received a letter during the day from
the Company in regard to negotiation
the committee had with them. Mr.
Mills pointed out that the committee
had asked for certain concessions be-
fore entering into the contract for ten
years, and it had been deemed advis-
able to have the whole council deal
with the matter. He also said: "We
asked for an extension of two years
if we can get it." Continuing he said
"But, whoever will represent the peo-
ple in the council next year will like-
ly take up the matter then. It is the
feeling of the council and the majority
of citizens I believe that the town
should own the plant. We will have
Niagara Power in the next five or
six weeks. We have introduced a by-
law to provide for the election of a
commission to manage the electric
plant and the same commission could
manage both plants. Some years ago
a figure was offered the Company and
they made us a proposition in the
neighborhood of \$85,000, but to-day
they probably will want \$125,000. The
grader Porter, which was seconded by
Mr. J. F. Morrey. A vote of thanks
was also moved by Brigadier Potter to
Mayor MacKay for his kindness in
presiding.

The resolution carried unanimously.

65 cents, Millard & Bailey, feed for

for a concert for their benefit. Ad-

BRIGADIER POTTER SPEAKS ON JAPAN

Was One of the Salvation Army's
Pioneer Workers in That
Country—An Interest-
ing Address

From Monday's Daily.
An address replete with informa-
tion as to conditions in Japan and the
work of the Salvation Army there was
given by Brigadier Potter of Toronto
in the town hall yesterday afternoon
before a medium sized, but very ap-
preciative audience. Brigadier Pot-
ter was one of the Army's pioneer
workers in Japan and his address was
one of fascinating interest, inasmuch
as it dealt with all phases of Japa-
nese activity.

Mayor MacKay presided and in his
introductory remarks referred to the
visit to Ingersoll a number of years
ago of General Booth. He also spoke
highly of the great work of the Sal-
vation Army and cordially welcomed
Brigadier Potter to this town.
Brigadier Potter, who appeared in
Japanese costume, is a native of the
North of Scotland. He has been iden-
tified with the work of the Salvation
Army for many years, having com-
menced at the early age of 13 years.
He was for some time associated with
General Booth in Army work in the
Old Country. He went to Japan at
the close of the war between that
country and China and commenced
work in Yokohama and Tokio.

The speaker described the social and
domestic life of the people, and their
religious beliefs and ceremonies before
Christianity was introduced. He men-
tioned the fact that the government,
which was patterned after the British
Constitution, is a limited monarchy,
under a Mikado. With regard to the
religious conditions of the country be-
fore Christianity was introduced the
speaker explained the heathen cus-
toms, pointing out that there was al-
most a different god for every indi-
vidual. These gods were made of var-
ious materials, such as stone, wood,
etc., and could be purchased in most
of the shops and stores, the price in
many instances being about two cents
each.

The speaker referred to the advance-
ment made by the S. A. in Japan since
the pioneer days, 15 years ago. He
mentioned that at the present time
the Army has there 120 officers, 39
Corps stations, 200 local officers and
8 social institutions, etc.
Brigadier Potter also intimated in
a general way that the Japanese are
eager to learn and ambitious to ac-
quire the English language and meth-
ods of doing business. The address
plain and the same commission could
manage both plants. Some years ago
speaker held the rap attention of all
present.

At the close of the address Reeve
Fleet moved a vote of thanks to Bri-
gadier Potter, which was seconded by
Mr. J. F. Morrey. A vote of thanks
was also moved by Brigadier Potter to
Mayor MacKay for his kindness in
presiding.
