25 CENT "DANDERINE" FOR FALLING HAIR, ITCHY SCALP OR DANDRUFF—GROWS HAIR

Don't Pay 50 cents for worthless hair tonics—Use Old, Reliable, harmless "Danderine"—Get results

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Danderine tonight—now—anytime—will surely save your hair. Get a 25 cent bottle of Knowledge's Danderine from any drug store or toilet counter, and after the first application you will say it was the best investment you ever made. Your hair will immediately take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Decision in Interesting Breach of Contract Case Reached Yesterday in the Circuit Court.

The case of J. Charles Salmon vs. Raymond & Doherty, Limited, proprietors of the Royal Hotel, was concluded in the Circuit Court yesterday afternoon, when the jury returned nine answers to that number of questions, and his honor, on these answers found for the plaintiff and gave judgment for \$318.

This was an action in breach of contract. The plaintiff, who is the proprietor of the Globe Laundry, entered into an agreement with the defendant to launder their hotel linen at a certain rate. The contract expired on April 1, 1912. In February last the defendant refused to give any further laundry work to the plaintiff, claiming that the work was not being properly done. The plaintiff did not sue for a specific amount, but claimed that the loss on account of the breach was \$1,500 per year.

When the court opened yesterday morning counsel argued points of law and at half past ten His Honor charged the jury.

The court submitted the following questions to the jury:

1. Was the work done in a reasonably skillful, careful and workmanlike manner? Answer—Fairly reasonable.
2. If so, not in what respect was it lacking? Not answered.
3. After complaints were made was there any substantial improvement in the quality of work? Answer—For a period.
4. If so, was the work afterwards done in a reasonably careful and workmanlike manner? Answer—Not always.
5. Having regard to the quality of the work which was necessary for the proper carrying out of the defendant's business, was the work so done at the time of the refusal to further carry out the contract, or immediately prior thereto? Answer—No.
6. Did plaintiff suffer financial loss by the defendant's refusal to carry out the contract? Answer—Yes.
7. If so, what was the loss from February, 1912 to present time. Answer—\$150.00.
8. What would be the profit on work to be done up to April 1, 1912? Answer—\$100.

The following question was submitted to the defendant:

Upon what basis do you estimate the loss sustained by the plaintiff to date and three per cent. for prospective profit?

The following question was submitted by the plaintiff:

After the delivery of the basket from the laundry to the defendant, did the defendant refuse to do so on any opportunity for improving the work, or did they without previous notice refuse to do so, and do so as to discontinue sending laundry work to plaintiff?

Answer to first branch, No; to second, Intimated they would.

COAL HANDLERS WILL GET INCREASE ASKED FROM COAL COMPANIES

Five Cents an Hour Advance in Pay and Better Working Conditions—Will Sign Contract Today.

At the meeting of the coal handlers last evening, the officers reported that the coal companies had agreed to recognize the union, and grant an increase of pay of 5 cents an hour during the winter months, and make other important concessions.

After discussing the proposition of the company, the members of the union decided to accept it, and a contract will probably be signed today, covering working conditions for one year. Hereafter the coal handlers have been getting the same pay as the longshoremen, 30 cents per hour in winter and 25 cents in summer. The companies have offered to pay them 35 cents the year round, or an advance of 5 cents per hour for the first 15th to May 1st. Other terms agreed to by the companies will materially improve the condition of the men. The price is to receive double pay for work on Sundays, Good Friday, Christmas Day, Labor Day or Dominion Day.

If required to wait to be put to work after being called out, they are to be paid the full rate for the first hour, and the half rate for succeeding hours. If required to work during meetings of the union, they are to receive double pay for such time as they may be employed. All foremen are to be members of the union and receive 10 cents per hour more than the men. Only union men are to be employed.

TRIOUBLED WITH KIDNEYS COULD NOT SWEEP FLOOR.

It is hard for a woman to look after her household duties when she is suffering from a weak and aching back, for no woman can be strong and well when the kidneys are out of order.

The weak, lame and aching back comes from sick kidneys and should be attended to at once so as to avoid years of suffering from the kidney trouble which is sure to follow if the back is neglected.

On the first sign of a pain in the back, Doan's Kidney Pills should be taken. They go right to the seat of the trouble.

Mrs. Joseph Throop, Upper Pointe du Lac, N. B., writes:—I cannot speak too well of Doan's Kidney Pills. For two years I was so tired, life was a burden and I got up more tired than when I went to bed, and my back was so lame I could hardly straighten up. I took different kinds of medicine, but none of them did me any good until a friend advised me to try Doan's Kidney Pills. I did so and today I don't know what it is to be tired and my lame back is all gone. I can recommend them to any person suffering with a weak back and that terrible tired feeling."

Price, 50 cents a box, 3 for \$1.25, at all dealers, or mailed direct on receipt of price by The T. M. M. Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

St. John's Glowing Tribute to the Wonders of the Magic Vedee

Years of Suffering Vanished

Demonstrators Still Busy Doing Good Work at 78 Charlotte St.

The wonderful Vedee Cures that were publicly effected or started at the Keith Assembly Rooms, St. John, last week, and the many striking and sensational results won in sight of the large audience that packed the Hall, continue to be the principal topic of the day, and have spread the fame of this marvellous health-restorer machine called the Vedee throughout the Province.

The Lecturer started the proceedings by a short address explaining the Vedee and the marvellous effects of the little machine. In relieving, without drugs or electricity, the pain of poor tortured sufferers from Neuralgia, Rheumatism, Lumbago, Sciatica, Gout, and Neuritis, and other painful complaints. He also said that a large number of cases of Stammering, St. Vitus Dance, Weak Eyes, Asthma, Bronchitis, etc., even in long standing chronic cases, can in many instances be either completely cured or greatly improved by the use of the "Vedee Blood Circulator," the curative value of which has been proved by tens of thousands of people, from Royalty downwards.

The demonstration was then started, and the platform soon crowded with people anxious to obtain relief. Sufferers from chronic long-standing cases of rheumatism, of sciatica, and lumbago, who were unable to move, and who came from the audience, were taken and treated; and the relief that looked miraculous to the audience were won. It is not necessary to describe here in detail the many cases there publicly treated, since these were fully given with names and addresses, during the proceedings. Enough to say that, as each case was taken where pain was present that pain instantly vanished at the touch of the marvellous Vedee. Sufferers from long-standing rheumatism, who had to be helped or lifted on the platform, and who before treatment could only crawl or hobble by the aid of sticks or crutches—each step an agony—found after one treatment with the Vedee, their poor joints loose again, their twisted, pain-racked muscles and limbs softened and eased, and to their unbounded joy and astonishment, able to briskly walk from one end of the platform to the other entirely without pain, and without the aid of crutches or sticks.

Many Obtain Quick Relief Who Thought Themselves Incurable.

No written testimonials could be so convincing as the actual sight of the marvellous results obtained upon so many sufferers, in the presence of a large audience. The platform was crowded by patients requiring treatment. Many of them have failed to derive any benefit from drugs, so they embraced the opportunity of testing the efficiency of the Vedee. The Demonstrator repeatedly stated that in many cases of painful complaints, which were relieved on the platform, a short course of home treatment would be required in order to make the relief permanent.

THE EMPHATIC AND UNANIMOUS APPROVAL OF THE BRITISH MEDICAL PROFESSION HAS BEEN ACCORDED TO THE VEDEE.

The Following are Only a Few of the Many Cases Treated at the Keith Assembly Rooms, St. John, on the Platform

Suffered Ten Years With Bronchitis and Asthma.

Frank Wren, of the Royal Hotel, suffered for ten years with bronchitis and asthma. He breathed with difficulty, wheezing being plainly audible, and complained of gripping pains in his chest. After treatment with the Vedee, he was a long deep breath, a smile lighting up his face as he said: "The tightness in my chest is all gone."

Acute Pain Relieved.

W. P. Gilroy, 26 Long Wharf, complained of acute pains in his left arm, which had been injured as a result of an accident. After a short treatment with the Vedee, both pain and stiffness vanished.

Tortured with Sciatica.

Arthur Boudry, of Middle street, almost a cripple on account of six years' standing, the maldy having settled in his right leg, said that in five years he had not known three minutes' freedom from pain, without resort to morphia. The afflicted limb was considerably swollen and he was suffering at the time of treatment. After a brief Vedee application, Mr. Boudry said: "The pain has left me."

Had Stammered Five Years.

When Master James Leonard, of 155 Bridge street, came to the platform, the lad was barely able to make the demonstrator understand his name and address. After a few minutes' treatment with the Vedee, to the muscles of the throat, the same question was asked. The answer came clear and distinct, without hesitation, as did replies to queries from the boy's mother who was in the audience.

Chronic Asthma.

Mrs. Adeline, Elm street, who has for ten years been a victim of asthma, experienced pain and difficulty in breathing. A brief application of the marvellous little instrument brought instant relief.

Sight Greatly Improved.

Walter Howard, 103 City Road, stated that for years he had been very short-sighted and wore strong glasses. The Vedee treatment brought him greatly improved vision, enabling him to see faces in the audience much more clearly than before.

Painful Lumbago.

William Fox, of Black River Road, Remaining in St. John a Few Days Longer.

At the conclusion of the Lecture the Demonstrator stated that for the benefit of sufferers wishing to consult them, or to procure a Vedee instrument, they would remain a few days longer and that Free Consultation would be given every week day from 11 a. m. to 6 p. m. Also on Thursday and Saturday evenings from 8 to 9, at their offices, 78 Charlotte Street.
