LOADS FOR HAVRE.

To Improve Expression

As well as Complexion

The victim of indigestion, who wants to eat a good meal and he will suffer if he eats one, finds poor consolation in picking and choosing a diet. As a matter of fact you can, not get relief by cutting down your diet to a starvation basis. The stomach must be strengthened until you can eat good nourishing food. The only way to strengthen the stomach only way to strengthen the stomach to enrich the blood and thus tone up the nerves that control it. The only way to enrich the blood, and tone up the nerves and give strength to the stomach—strength that will enable it to properly digest any kind of food—is through a fair use of Dr. Williams! Pink Pills. The one mission of these Pills is to make rich, red blood, that reaches every part and every organ of the body, bringing renewed health and activity. The following case illustrates the value of Dr. Williams' Pink Pills in indigestion:
