How To Banish Wrinkles Quickly

If your face is disfigured with wrinkles, no matter what the cause, you can quickly dispel every line, even the most obstinate, by using a simple, home-made wash lotion. Merely dissolve an ounce of powdered salicylic acid in a half pint witch hazel— inexpensive ingredients found in any drugstore. Bathe the face in this, and presto!—you scarcely believe how fast the wrinkles disappear. Look into your mirror and behold the marvelous transformation!

The remarkable astringent action of the salicylic acid tightens the skin, wrinkles are literally pressed out. Use this once a day for a while; it cannot injure the most delicate skin. The treatment itself leaves no trace—no one guesses the secret of your increasing youthful appearance.
