Conditions Outlined Is of Interest To Resident and Non-Resident Hunters—Matter of Licenses, Etc.

A recent pamphlet issued by the provincial government concerning the same laws in New Brunswick for the season of 1918 outlines the conditions to be observed by resident and non-resident sportsmen.

The season for big game, as in former years, opens on September 15th, and closes on November 30th. The shooting of caribou is forbidden, and sportsmen who at a former time took delight in shooting parties will be denied this sport, which is banned for three years' duration, the direct result of the prevailing scarcity of these birds in the province.

All hunters must register at the crown land office and camp help must also take out licenses for their business, the latter license being \$10. All non-resident hunters must procure a license, the cost of which is set at \$50, and must also engage a guide. All ten dollar non-resident deer licenses are abolished. Again, licenses are abolished for trapping and killing animals must procure a license the cost of which is \$25. (non-resident resident of the province, on payment of the license fee of two dollars, to non-residents \$50.

Licenses are obtained from the crown land department, Fredericton, or from any authorized vendor of the same. Licenses are not granted to a person under 18 years of age. Regarding guns to be used, automatic rifles are allowed for killing big game, but "silencers" on any rifles are not permitted.

LITTLE CHARLES HALLENTICED FROM HOME

Seven Year Old Boy Walked Fourteen Miles From Home With Older Companion—Found At Ononette Yesterday.

Little Charles Hall, aged seven years, residing at 45 Brussels street, strolled from his home on Monday evening, and vigilant search by friends and the police, who were notified, failed to ferret his whereabouts.

His mother was distracted with grief and searched nearly the whole night. Yesterday morning Chas. Warwick of the city, noticed two little lads at Ononette Station and upon enquiring learned the younger of the two to be the Hall boy. Mr. Hall went to Ononette and brought the lad to the city, much to the relief of his mother. He reached home the night before last, and it is believed he told his mother the truth. He talked that another boy told him that his father drove an engine, and to come with him for a drive with his engine. They walked nearly 14 miles from the city when found; and it is confirmed the elder lad's father never drove an engine in his life, but made the statement so as to entice young Hall away.

The little lad's mother was happy to see her boy returned again, and spoke in very high terms of the police of the city who she said worked hard to ascertain the young lad's whereabouts. She also wished to thank kind friends for their aid in helping to locate her boy.
