## Asthmatic Bronchitis, of Nine Years' Standing ing Cured by the Syrup.

St. JOHN, N. B., August 11, 1869.

MR. JAMES I. FELLOWS.—DEAR SIR: I consider it my duty to inform you of the great benefit I have received from the use of your Compound Syrup of Hypophosphites. I have been for the last nine years a great sufferer from Bronchitis and Asthma at times so ill that for weeks I could neither lie down or take any nourishment of consequence, and during the time suffering intensely. I have had, at different times, the advice of twenty two physicians.

The least exposure to either damp or draught was sure to result in a severe attack of my disease. Finding no relief from all the medicines I had taken, I concluded to try your Compound Syrup of Hypophosphites, and have great reason to thank God for the result. I have, in all, taken twelve to use, and now I feel as strong and well as ever I felt in my life, and for the last year have not had one moment's sickness, and neither does dampness or draught have the least effect upon me. Were I to write on the subject for hours, I could not say enough in praise of your invaluable Compound Syrup of Hypophosphites, or give an adequate idea of my sufferings.

You are at liberty to make what use you please of this letter. Its publicity may be the means of benefitting other sufferers as much as it has me.

I remain yours, respectfully

MRS. HIPWELL, Exmouth Street.
