

# A Wide Range.

A preparation which enriches and purifies the blood and assists nature in repairing wasted tissue must have a wide range of usefulness.

Such a preparation is Scott's Emulsion of Cod-liver Oil with Hypophosphites of Lime and Soda. The uses of Scott's Emulsion are not confined to wasting diseases, like consumption, scrofula or anæmia. They embrace nearly all those minor ailments associated with *loss of flesh.*

Scott & Bowne, Belleville. 50c. and \$1.
