BOYS FOR FARM HELP.

The managers of DR. BARNARDO'S HOMES desire to obtain good situations with farmers throughout the country for boys they are sending out from time to time from their London Homes. There are at present nearly 3,000 children in these Homes, receiving an industrial training and education to fit them for positions of usefulness in life; and those who are sent to Canada will be selected with the utmost care, with a view to their moral and physical suitability for Canadian farm life. Farmers requiring such help are invited to apply to
