

The Range is the Soul of the Kitchen

The modern housewife knows the important part the range plays in the household economy. She knows how vitally important it is to eliminate from the kitchen all possible work, worry and waste.

And the range is the soul of the kitchen. Its influence is felt every day and all day by the entire family.

The Gurney-Oxford Range is a strong advocate of modern household economy. Not only does it cook and bake without disappointment or failure, but it is a positive influence for economy. It burns less coal—it requires less attention—it conserves time.

Modern woman demands in her work modern time and labor saving ideas, and modern woman is right. The Gurney-Oxford Range is the fruit of constant effort, research and experiment to make and keep abreast of modern ideas of efficiency. The Gurney-Economizer (which is licensed for use only on the Gurney-Oxford range) for regulating the drafts by one action: the Gurney method of distributing heat to all sides and corners of the oven: the improved Gurney grates, combine to make the Gurney-Oxford range the standard of efficiency and the foremost exponent of modern household economy.
