At Sea

The twin ships, the "Royal Edward" and the "Royal George" are the fastest triple screw turbine boats in the Canadian service. The British port is Bristol (two hours nearer London than Liverpool.) Special Royal Line Trains within 110 minutes of London. The steamers are driven by the newest type of turbine engines, insuring a maximum of speed and minimum of vibration. Their equipment is the finest ever seen in the St. Lawrence—large staterooms, spacious social apartments, sheltered promenade decks, artistic furnishings, perfect service and ventilation by thermo-tank system, the fresh air being warmed or cooled as required.
