

Keep in the atmosphere
of such visits appears
of some time when you
are here I shall be glad
to give you the paper
it might interest you if
you had time to read it.
We hope to see you soon
in Montreal. I need not
say to you how pleased
we will always be when
you have some time
to spend with us.
I may go down to
Allan's the end of the
week. Perhaps I may

run across you ³²⁴there.
I believe it is to be an
awful week this time.
With very kind regards
in which my husband
joins me

Believe me

Very Sincerely Yours

Annie B. McDougall.
