Ottawa, September 12, 1919

Dear Mr. Metherall:

Though I am looking forward to the pleasure of making your acquaintance in the very near future, I feel I should like to express, without further delay, my grateful appreciation of your kindness in giving such generous public support to my nomination at the Liberal Convention held at Summerside on the 4th of the month.

The hearty manner in which the nomination was endorsed by yourself and other members of the Legislative Assembly for Prince Edward Island would seem to make this expression of confidence one not less from the Liberals of the Province as a whole than from the constituency of Prince itself. I need scarcely say that the warmth of welcome thus evidenced is something for which I am more than deeply grateful.

Yours very sincerely,

Mr. Christopher Metherall, M.L.A.,
