The Home Rulers had a conference on Mednesday. The resolution is criticised by many friendly to the Home Rule movement as foolish and inadvisable, as nothing can be gained by it, and because it places the Home Rule members in the attitude of having abandoned their own cause in an emergency to gratify personal feelings. During the discussion Parnell stated that he would resign the chairman-

Parnell's amendment opposing the second reading of the Land Bill declares that the Bill in its present state would fail to secure to the tenant farmers such reduction of rents as would afford adequate protection to their property in the holdings, and would leave evicted or rack ed tenants in a defenceless position; that it offers no guarantee of the creation of a sufficient number of occupying owners to check the monopoly in land or make available for the laboring population and of the large area of cleared land from which the former occupiers were unjustly

PRIVATE JUDGMENT RUN MAD.

Little Rock, Ark., April 22.—Rev. Robert Matlock, who was discovered hanged in Izard county, a few days since, was lynched, as was supposed. Matlock was a preacher of the new-light fanaticism, prevalent in this region. Last year the en-thusiasts among his followers, who believed in blood atonements, under the lead of Matlock, killed six or seven men. Matlock murdered Thom is Miller at a barbecue lest Angust, with a knife. He was captured, tried and acquitted as insane. A short time ago a murdered man was found on the top of the mountains, between Tclico and Batesville, and the circumstances pointed strongly to Matlock as the murderer. The community was greatly excited, and Matlock is also supposed to be a victim of blood atonement.

A METHODIST BISHOP ON RE-VIVALS.

Oswego, N. Y., April 18.—Bishop Fos-Oswego, N. Y., April 18.—Bisnop roster, of Boston, who presides over the Northern New York Conference of the Methodist Episcopal Church in session in this city, gave old-style Methodism a galvanic shock in his address to-day to the candidates for admission to the Conference. The Methodist revival is an institution as old as the Methodist revival but tution as old as the Methodist Church, but Bishop Foster admonished the candidates that "continued growth is better than an avalanche of revivals." He also declared In the House of Commons on Tuesday night Blennhasset (Home Ruler) moved a resolution in favor of abolishing the power of levying distress for rents of agriculture who have to be coaxed, and said while emotion is a touching thing, "to see a man snivel and cry is foolishness." In respect of pre ching, he said people will go on where where they can get thought, and a man who has nothing to say must not expect to have congregations.

Methodist Sects Teaching Different Doctrines.

The wish of the Wesleyans to exclude doctrinal topics from the programme of the Ecumenical Methodist Conference has been respected by the American Methodists, who, while not in favor of doctrinal controversy, suggested that papers be pre-pared on the doctrinal basis of Methodism, showing that it is scriptural, philosophical, etc.; but the Wesleyans would have none of it. The only reason they give for this extraordinary caution is that there are doctrinal differences between Methodist bodies, and offence might be given if the subject of the faith is touched upon.—
