BREEDERS' DIRECTORY

Cards under this heading will be inserted weekly at the rate of \$4.00 per line per year. No card accepted for less than six months, or less space than two lines.

Under this heading should appear the names of every breeder of Live Stock in the West. Buyers and Breeders everywhere, as you are well aware, are constantly on the lookout for additional to their herds, or the exchange of some particular animal, and as THE GUIDE is now recognized as the best market authority, and in every way the most reliable journal working in the interests of the West, nothing is more natural than for you to seek in its columns for the names of reliable men to deal with when buying stock.

Consider the smallness of the cost of carrying a card in this column compared with the results that are sure to follow, and make up your mind to send us your card today.

STRONG WATER

Mr. Edison was once asked to send a phonographic cylinder to a fair. He sent this reply:

"You ask me to send you a phonographic cylinder and to say a few words to the audience. I do not think the audience would take any interest in dry scientific subjects, but perhaps they might be interested in a little story that a man sent me on a phonographic cylinder the other day from San Francisco. In the year 1873 a man from Massachusetts came to California with a chronic liver complaint. He searched all over the coast for a mineral spring to cure the disease, and finally he found, down in the San Joaquin Valley, a spring the waters of which almost instantly cured him. He therefore started a sanitarium, and people all over the world came and were quickly cured. Last year this man died, and so powerful had been the action of the waters that they had to take his liver out and kill it with a club.—Edison."

THE RETORT COURT(EOUS

A barrister named Bushe was trying a case in Limerick before Chief Baron O'Grady when, in the course of the lawyer's speech, an ass began to bray loudly outside the courtroom, the window of which opened on a pasture.

"Wait a moment," said the Chief Baron. "One at a time, Mr. Bushe, if

you please."

The barrister presently had a good chance to retort. When O'Grady was charging the jury the ass began to bray, this time at a greater distance from the courtroom window.

"I beg your lordship's pardon," said Bushe. "May I ask you to repeat your last words? There is such an echo about here I did not quite catch that sentence."

His Veracity Was Admirable

At a certain Scottish dinner it was found that every one had contributed to the evening's entertainment but a certain Doctor MacDonald.

"Come, come, Doctor MacDonald," said the chairman, "we cannot let you escape."

The doctor protested that he could not sing.

"My voice is altogether unmusical, and resembles the sound caused by the act of rubbing a brick along the panels of a door."

The company attributed this to the doctor's modesty. Good singers, he was reminded, always needed a lot of pressing. "Very well," said the doctor, "if you can stand it I will sing."

When he had finished a braw Scot said: "Mon, your singin's no up to much, but your veracity's just awful. You're right about that brick."

Ready! Go!!

Now that the harvest rush is largely over let's get busy and start our Directory of Local Grain Growers' Associations.

We want 500 cards similar to the one which is being inserted by the Swan River Association.

SWAN RIVER GRAIN GROWERS MEET regularly every last Saturday in the month in Hemming Hall at 8 o'clock p.m.—David Nesbit, Sec.-Treas., Swan River, Man. 7-6

If the publication of this card in THE GUIDE is a good thing for the Swan River Association, a similar card should be of value to every local association in Manitoba, Saskatchewan and Alberta.

In the first place such a card would keep before your own members the dates of the regular meetings. (In case of a special meeting being held it could be announced in this column, the regular card being changed for the purpose).

In the next place it would direct the attention of non-members of your association who are regular or transient readers of THE GUIDE to the regular and systematic meetings of your association, and would no doubt lead many of them to become affiliated with you.

It will bring your association prominently before hundreds of manufacturers and dealers who are anxious to sell you goods direct.

But more important than all, the publication of one or more pages of cards of this character would do more than perhaps any other one thing to impress the various corporations and other interests which you are fighting with the fact that the Grain Growers' Associations are well organized, are meeting regularly and that their demands must receive consideration.

The cost of such a card is very slight. THE GUIDE, in order to encourage this movement, has decided to offer a yearly rate of \$4 per line. The card of the Swan River Association contains four lines and will therefore cost \$16 per year.

Bear in mind that THE GUIDE is not a money making proposition—every dollar of revenue received from this source will be expended with a view to making THE GUIDE a more powerful fighting organization on behalf of the Western farmer.

We would suggest, therefore, that at the next meeting of your local association you pass a resolution empowering your secretary to insert a card in THE GUIDE similar to that carried by the Swan River Association.
