

FARMERS TOUR ONTARIO TO OBTAIN POINTERS

The first of a series of motor tours inaugurated by the Provincial Department of Agriculture for the purpose of giving farmers an opportunity of visiting the leading farms throughout Ontario, commenced yesterday when fifty farmers from Dufferin county started on a three days' tour of Ontario county. The party

spent yesterday in the vicinity of Whitby, and besides visiting a number of farms, inspected the new government asylum farm there. The party is in charge of Mr. H. A. Dorrance, district representative for Dufferin county. The touring farmers returned to Toronto last night. On their way to Guelph to-day they will inspect the farm of Mr. John Gardhouse at Weston. The chief place of interest at the Royal City will be the Ontario Agricultural College. It is the intention of the Provincial Government to popularize these tours in different parts of

TWELVE ARE DEAD: THE MAYOR TALKS WARRANTS

Revised Figures Show 92 Injured, Two of Whom May Die—Attorney-General Will Act on Result of Coroner Greenwood's Inquest.

Toronto, July 9—Twelve persons dead and ninety-two injured, two of whom are in a critical condition, is the corrected count of the worst accident in the annals of Canadian electric railways. All in the accident were from Toronto.

Most of the injured are getting along well, though in some cases it will be weeks and months before recovery will be complete. Many will be maimed for life. Others, apparently not seriously hurt, are suffering from internal injuries, the character of which cannot yet be gauged.

BRINGING DEAD HOME.

The bodies of Harold Jaffray Partridge and Elizabeth Crombie were brought to Toronto by train last night. The body of Margaret Tomlin was conveyed by the steamer Cayuga, having been released after the coroner viewed the remains. Three women died on the Chippewa on the trip across the lake Wednesday night, completing the list of twelve. They are: Mrs. J. Moore Hart, Mrs. Alice Westney and Mrs. Margaret Sloan.

It was stated last night at the Toronto General Hospital that Alfred Grinnell, 768 Logan avenue, was not likely to live until morning. He had received a fractured skull and jaw, and severe bruises about the head. Mrs. Harry Orr, 8 First avenue, was reported to be in a critical condition, her injuries consisting of broken ribs, lacerated face and scalp wounds.

They were: Miss Ruby McBrien, 90 Caroline avenue; Mrs. Jane Kets, 228 Niagara street; Mrs. Elizabeth Cameron, 58 Caroline avenue; Miss Myrtle Nurse, 1 Neville Park boulevard; Baby Gregg, 39 1-2 Boston avenue, and Harold Raynor, 49 DeGrassi St.

MAYOR CHURCH TALKS
Toronto, July 9.—As a result of a largely signed petition, bearing the signatures of a score of prominent citizens of Riverdale, Mayor Church last night stated that he will call a public meeting for the purpose of discussing what action should be taken in the matter of demanding the apprehension of those responsible for the terrible catastrophe at Queenston Heights on Thursday.

"The petition contains the number of signatures required under the statute," added the Mayor, "and in compliance with the wishes of the people of Riverdale I am in duty bound, as chief magistrate of the city and as a Police Commissioner, to call a meeting which will likely be held on Wednesday or Thursday of next week."

MAYOR TO ISSUE WARRANTS
His Worship stated that if the Attorney-General will not institute criminal proceedings against the company, the Mayor Church will personally, as a member of the Toronto Police Commission, issue warrants for the apprehension of the President and General Manager of the Niagara Falls Park and River Railway. The Mayor stated that he will hold a conference with the Toronto Police Commission, Attorney Corley with respect to the matter this morning and if they decline to fall in line with his views he will assume the responsibility of proceeding against the officials in charge of the line.

A JOCKEY-SOLDIER'S STORY

Trooper H. Layden, of the 2nd King Edward's Horse, who is a native of Liverpool, and has been a cross-country jockey in France, and joined the King Edward's Horse in August, writing from the front says: "People in England have something to be thankful for—that the Huns are here and not there. I have just heard that they have been dropping bombs round—, but that is nothing to what they would drop if they arrived in their tracks, so I have done a bit towards it. If they do get me I have the pleasure of knowing some of them went first. To read about the strikes in England makes me sick. They would have to strike hard if the Huns paid them a visit; but don't worry, we will whip them at the finish and pay them back in their own coin. But we want help from England, otherwise the war will be a long one. It is no use people walking about asking for the end of the long war. I can't tell them; a long time if they don't get busy and help us all they can. Settle their differences after. Those who think the Germans are beaten don't know much about them; but now is the time with Italy's help to whip them like curs, but unless the people in England realize this and do all they can we will have had our trouble for nothing—they will beat us." In the course of a further letter Trooper Layden says that the first lieutenant was shot through his head while he was talking to him, but the wound was not fatal. The trooper himself was blown out his feet without being injured.

The moulders employed in a number of foundries in Falkirk and district came out on strike recently in connection with a question of wages. Some time ago the Central Iron Moulders' association, in conjunction with other trade unions made a demand for an increase of wages on behalf of light castings workers in Great Britain and Ireland. Negotiations took place, and in the meantime other foundry workers were granted a war bonus. Eventually the demand was referred to a Court of arbitration under the Industrial Disputes Act, which met and awarded the following increases to the men: Penny per hour to workers paid by hour, 4s per week to men paid by week and 10 per cent to pieceworkers to take effect on 28th May. This was the full demand of the men except that it did not come into operation, as asked by the workers, as from 5th April. Dissatisfaction has been aroused by the award, the men contending that as other workers have been paid a war bonus since 5th April they should also receive as from that date the advance now conceded to them.

Children Cry FOR FLETCHER'S CASTORIA

BRANTS AND SENATORS WILL BE COMPETITORS FOR LEAGUE PENNANT

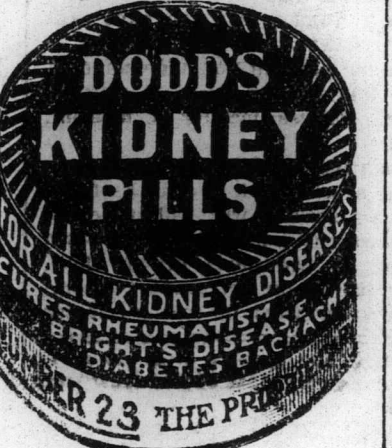

This is Shaughnessy's Opinion of How Season Will End—Large Squad of Visitors are Coming From Ambitious City on "Booster's Day."

A rosters contest, such as the Brantford sporting fraternity frequently witnessed and participated in when lacrosse boomed here, will be one of the "Booster's Day" features at Agricultural Park Saturday afternoon when the Hams and Brants will clash in a double-header. Hamilton, according to the Ambitious City sport writers, is going to send up a large delegation of fans to boost and root for Billy Cristall's braves, and they will match their lung power against that of the Brants' followers. Some real excitement is sure to result, and apart altogether from the outcome of the games, this feature will be worth the price of admission.

Their successes of the past couple of weeks have restored the confidence of the Brant players, and they are putting a lot of ginger into their work. Ball games, like elections, and horse races, are uncertain propositions, but, as with horse races, class ultimately tells. Fans who have seen the Brants play of late realize that they have the class, and now that they have struck their stride, are satisfied that it is only a matter of time before they are up fighting with the leaders. By taking both ends of "Booster's Day" double-header, they will get within striking distance of their old-time rivals, the Hams, and with the assistance of a big home crowd, they are confident of their ability to turn the trick.

That sport writers who have been picking an all-star outfield from the Canadian League and overlooking Buster Burrill of the Brants, have been making the mistake of their lives, is the opinion of Frank Shaughnessy, manager of the Ottawa Senators. No one will deny that, with all his faults, "Shag" is a good ball player himself, and the best judge of ball players on the Canadian circuit, and when he expresses an opinion, it carries some weight. Discussing players during his recent visit here, "Shag" said: "The best outfielder in the Canadian league to-day is Buster Burrill, and I sure would like to have him on my team. He is the last man in the league I want to see stepped up to the plate when we are hooked up in a close game like all of the present series have been. He has a wicked bat, speed on the bases and a noodle that helps a whole lot. In the field, none of them have anything on him. He can either come in or go back on a hit ball, is a sure catch and has anything in the league beaten on throwing from the outfield to the bases or plate. Most people seem to prefer Kopp of St. Thomas, but not me. Kopp is undoubtedly a good man and has it on Burrill in speed, but the Brant boy gets fly balls that the speedy St. Thomastite would never get close to, with all of his speed, because he studies the opposing batters and places himself for the ball. And he doesn't make many mistakes either. The only sure hits to centre where Burrill is guarding that pasture are the ones that go over the fence. I will be surprised if the Brantford lad does not go up this year."

Incidentally Shag has a wholesome respect for the entire Brantford team. "We find them the hardest bunch in the league to beat," said he. "With an even break in the luck, they would have at least broken even with us on their last visit to Ottawa, and we were more than satisfied to grab one of the three games here. When you get together a bunch of hitters like Cooper, Comstock, Mullin, Burrill, Dunn and Fried, they are liable to

BABY'S GREAT DANGER DURING HOT WEATHER

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in homes where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will cure the baby. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

RUSSIA BUYS LARGE QUANTITIES OF TEA.
The Canadian demand for Indian and Ceylon teas increases yearly, and if one adds to this the many other contingencies brought about by the war, it can readily be understood why the cost of tea is increasing. Russia is taking enormous quantities. Russia their buyers pay the very highest prices. The abnormal buying has forced quotations up over 10c a pound higher than nine months ago.
