

Boy Knight Notes

Church parade to St. James on Sunday was a good one in every way. The boys looked spick and span. Corp. B. Eggleston and Mr. Harry Easterbrook won the prizes for Sunday. Rev. Mr. Lettler gave a splendid address filled with good practical advice for young people, drawing many striking illustrations from the lives of various British soldiers.

The choir rendered the service in excellent manner. Mr. Pickles sang Kipling's Recessional in good voice.

TARGET WORK

This was commenced in earnest at the seniors on Monday evening, and juniors on Tuesday with good results.

A GIFT

Mr. Thos. Darwen has donated an A.B. cornet and an alto horn to the B. K. band. The gift is most acceptable, and the thanks of the organization are tendered to him for the same.

NEW MEMBERS

These are rapidly coming in. Both B. K. and G. C. being increased continually.

MIDGET CLASSES

These meet every Saturday morning, and are in charge of R. Vansickle and Reg. Tyrell. Good work is being accomplished by them.

MEMBERSHIP BUTTON

These are now being distributed. Have you got yours? And do you know the grip and P.W.?

THE L. C.

THE MOTHER GUILD

Are very busy planning and working for the good of the youngsters. Their meeting this week was largely attended and much work was done.

We are glad to learn of the promotion of Ernest Vansickle. He is doing good work. Both he and his father are together on the firing line.

IMPROVEMENT IN BUILDING

Through the combined efforts of the Mother's Guild and G. C., our building will certainly be much warmer and cosier this winter. "What is home without a hearth?" and what a help the Mother's Guild are in our B. K. organization?

MANLY BOYS

A gentleman made the remark the other day, "What fine manly chaps some of those Boy Knights are, always polite and courteous." I hope

all of our boys will try to live up to this recommendation.

MAY PRODUCE HEAVY GUNS IN CANADA

Representatives of British War Office Looking Into the Matter Now.

Ottawa, Oct. 29.—With the object of determining the possibilities of production of heavy guns in Canada, Sir Frederick Donaldson and Gen. Mahon, representatives of the British War Office, are visiting the principal steel-producing centres of the Dominion. They are now concluding an inspection visit to the plants of the Dominion Iron and Steel Co. and the Nova Scotia Steel Co. and similar industries in the Maritime Provinces, after which they will visit Montreal, Toronto and other cities.

It is learned that the establishment of an arsenal for the production of such cannon by the Dominion Government itself would be acceptable to the British War Office. This is now before the Government.

A lengthy Cabinet Council was held yesterday, but no announcement was forthcoming. The establishment of such an industry depends upon the ability of Canada to turn out heavy guns within a comparatively short period. The manufacture of these guns involves a lengthy process, and Mr. D. A. Thomas, representative in Canada of the British Minister of Munitions, when asked how long it would probably take to equip factories to turn out such weapons, replied that while he could not say definitely it would probably be a matter of six months.

Mr. Thomas and Mr. Lionel Hichens were present at a lengthy conference with the members of the Canadian Shell Committee yesterday afternoon and last night considering the tenders which have been received for the

manufacture of the largest big shell order of eighty millions. These tenders are much more numerous than was at first anticipated. They are being tabulated and will be let in a few days, but it is not expected that an official announcement will be made as to the names of the successful tenderers.

Mr. D. A. Thomas, it is understood, will leave for England in a few days. He will be here, however, all day tomorrow. It is learned that any reorganization of the Shell Committee which may take place will involve the retention of Gen. Bertram as chairman. He has done splendid work and it will be recognized. It is also learned that Mr. Carnegie will remain as a member.

LOOKING TOO OLD TOO SOON

Too many women and too many girls look old long before they should. Their faces become pale and drawn; wrinkles appear, and their eyes lack brightness. Can this be wondered at when they so frequently have headaches, backaches and a general feeling of wretchedness and weakness?

In most cases it is the blood that is to blame. From one cause or another the blood has become thin and watery and it is a fact that anaemia (bloodlessness) more than any other cause, gives women this prematurely aged appearance. It is important that the blood supply of girls and women be regularly replenished—important not only on the score of looks, but to restore robust health, which is of greater value. Dr. Williams' Pink Pills actually make new blood and restore the system shattered by overwork or worry. These pills give a glow of health to pale faces and make tired, weary women and girls feel bright and happy. With Dr. Williams' Pink Pills at hand there is no need for any woman or any girl to look ill or feel ill. Mrs. J. McDonald, jr., Hay, Ont., says: "I honestly believe Dr. Williams' Pink Pills saved my life. Some years ago I had anaemia, and as I did not realize the seriousness of the trouble I soon became a complete wreck. I got so weak I could hardly walk. I neither ate nor slept well and could not go upstairs without stopping to rest. At times I had an almost unbearable pain in my back and would have to remain in bed. I suffered most constantly from a dull headache, and when sweeping if I stooped to pick up anything I would get so dizzy that I would have to catch hold of something to keep from falling. At times my heart would beat so fast that I would have a smothering sensation. My eyes were sunken and my hands and limbs would be swollen in the mornings. I tried several kinds of medicine without benefit, and my friends thought I would not recover. Then I began taking Dr. Williams' Pink Pills, and before long I could see and feel that they were helping me. I gladly continued the use of the pills until I was completely cured and I cannot say enough in their praise, and I strongly recommend them to all run-down girls and women."

You can get Dr. Williams' Pink Pills from any dealer in medicines or by mail at 50c a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

JUST WHAT WENT ON

Under the heading "Our Bankrupt Lady of the Snows," there appears in the most recent issue of the Fatherland a fantastic, fever-prompted story of conditions in Canada. The Fatherland is a journal published in English in the United States, bitterly pro-German, and financed, it is said, by the German Government. It is claimed that it was the mouthpiece of Dr. Bernhard Dernburg. Articles frequently appear from the pen of Albert Kaltchmidt, so well known in Canada on account of his part in the recent dynamiting outrages. The story is so humorous that a censor gave his consent to the publication of extracts.

"This is a story telling how the cruel British satraps of Canada have brought ruin and misery upon a once fair land. With tempting bonuses and honeyed words they lured simple and honest men from distant lands (Germany and Austria) to hew their

woods and till their soil," says the writer in opening his article. The satraps, who he mentions later, are Sir Robert Borden, Sir Samuel Hughes, and Sir Thomas Shaughnessy. The story goes on to say they received an order from Borden to intern all aliens.

"The servile satrap paled at these instructions, but obeyed them. In all Canadian towns and countryside from British Columbia to Quebec, the Canuck ran riot and typified himself with brutal Cossack deeds. He burned houses, plundered shops, and stoned unoffending men, women, and children in city streets and on country roads. No one deterred him. German, Austrian, and Hungarian men and women were dragged from their homes and slaughtered in the open. Native-born sons who defended foreign-born parents were slain—the daughters were brutalized by the mob."

"Then these fathers who survived were dragged to desolate detention camps, old sheds, open to winter winds and rains, flung into factory ovens, starved and left unclad. The mortality among them was frightful. The permanent illness was worse."

One-third of these men cannot work again, and they have been lured into this country, remember by the soft persuasions of the men who had done them these wrongs. And their wives and children in rags to-day still roam the streets and byways of Canadian cities, butts of the mocking mob, begging in vain for food and shelter.

"After the mob and massacre in Canada the Canuck stopped, breathless and terrified by his own work. Factories had been ruined, farms burned down, and unemployment began to raise his grisly head. The blow was beginning to recoil upon the mob. The shadow is now dark indeed."

London, Oct. 29.—Sir Bryan Mahon has taken command of the British forces in Serbia. This announcement was made in the House of Commons yesterday by Harold J.
