

NEGRO EDITOR'S APPEAL TO HIS HOLINESS THE POPE To Protect Their Race From Outrages and Abuse.

Colorado Springs, Col., despatch: At a session of the Convention of the Western Negro Editors' Association held here, a memorial to Pius X. was adopted. It says: "Since there are so many Catholics among the negroes of the United States, who, in common with others of their race, are subjected to unparalleled outrages upon the slightest provocation, involving the innocent as well as the guilty, we urge his Holiness to use his good offices among the Catholics of this country to preserve friendly relations between the races, and to break down the spirit of unfairness so prevalent among the Labor Unions, composed in a great measure of Catholics, which, in many instances, deprive the negro of an opportunity to earn his honest living."

Is This True? New York cable: A special cable despatch from Rome to the Tribune says that it is learned from an authoritative source that the multi-talented right of veto in the conclave by many considered no longer a right, because it had fallen into disuse, was absolutely enforced by Austria last Sunday.

Cardinal Rampolla stood far ahead of all others in the conclave, and would have been elected, when suddenly the conclave was thunderstruck by receiving a telegram direct from Emperor Francis Joseph, saying that he exercised his veto absolutely against Cardinal Rampolla.

The greater part of the Sacred College was much irritated, and particularly the French cardinals, who declared that they would not recognize the veto, but a night's rest brought better counsels, and the conclave decided that in the present position of the Church in France the Holy See could not fail to give heed to the protest. It was thought that the Austrian Emperor's despatch might have been the result of the joint wishes of the triple alliance. This did not, however, alter the irritability of France, which found itself powerless.

Held an Formal Reception. Rome cable: During one full hour this morning the bells of about five hundred churches were rung in honor of the election of Pius X., a welcome unique of its kind, and ordered by Cardinal Respighi, Vicar of Rome, who issued special instructions, therefore. All the churches contemporaneously celebrated a mass for the event, the intoning of the Oremus combining with the harmony. The bell ringing served another purpose, that of heralding the great ceremony of the reception of the pontifical body accredited to the Holy See.

Rome has lately been surfeited with Vatican functions, but that of this morning was especially cordial, for the White family, with the others. The members of the Sacred College held a kind of informal reception, the conclave, short as it was, having brought a procession of the White family, which was formed, first came the Swiss Guards, which give a peculiar medieval splendor to all Papal gatherings, then the Palatin Guard, followed in circular ranks by the

whole Pontifical Court, in its multiformed and multicolored costumes, the Cardinals in all the gorgeousness of their scarlet robes, and the Bishops, scarcely less straggling in the purple.

The Pope's Appearance. The Pope, in spotless white, his grey hair in harmony with his whole attire, and surrounded by the noble guard, who always remain near his person, went on foot just ahead of the conclave.

He is Well Posted. All then kneeled his hand, and the Pontiff took this opportunity of speaking personally to each, showing a knowledge of the politics of various countries, which surprised the diplomatists, the new Pontiff being credited with taking small interest in affairs outside Italy. It was another surprise to them to hear him speak French, if not fluently, at least with a certain readiness. Altogether the whole audience gave proof of a new era of international cordiality at the Vatican.

Coronation on Sunday. Rome, Aug. 10.—The coronation ceremony will be performed at St. Peter's, on Sunday, according to a rite dating from the latter part of the fourteenth century. As the Pope enters the Church a clerk of the Papal Chapel holds up before him a red surmounting by a handful of flax. This is lighted; it flashes up for a moment and then dies out at once, as the Chaplain chants: "Pater Sancte, sic transit gloria mundi." ("Holy Father, thus passeth away the world's glory.") This is done three times. The Mass is then begun as usual, but before the incensation of the altar, the "blessing of the Pontifical" is pronounced by three cardinal bishops, each of whom recites prayer over him.

Salmon Packing Trade. Seattle, Wash., Aug. 10.—As a direct result of the Treasury Department's recent ruling permitting American salmon packers to recover a drawback of duties paid on foreign fish caught for export, the Canadian packers have sought a truce in the warfare going on near the border waters. A conference has just been held here between J. A. Truesdell of Vancouver, B. C., and L. B. McGovern, of the Pacific Packing and Navigation Co., at which it was agreed that the Canadians would cease fishing in American waters and buying American fish, and the Americans, as far as the salmon combine is concerned, will keep out of Canadian waters. The Canadians for years have encouraged fishing in American waters for their canneries, but the duty on salmon prevented retaliation by the Americans. With the drawback allowed by the Treasury, the Americans were put in position to retaliate.

DYING FROM HARD USAGE. Walkerville Man Fell in a Fit and Was Arrested for Drunkenness. Walkerville, N. Y., Aug. 10.—Lucien P. Wagner, a business man of Penn Yan, was drowned in Keuka Lake yesterday in a monster like trout. Wagner and J. Ross Lee were trouting, the latter rowing, when Wagner looked the fish. Lee went to his assistance, but before he could seize the line Wagner was dragged head first out of the boat. The line became entangled about Wagner, and although he struggled desperately, he was pulled under the water and did not rise again. Attempts to find the body have failed. Lee says he got a glimpse of the fish as it pulled Wagner from the boat. He describes it as the largest trout he ever saw, and there are many big ones in Keuka Lake.

FISH DROWNED HIM. Yankee Sportsman Palled Overboard by Big Trout. Rochester, N. Y., Aug. 10.—Lucien P. Wagner, a business man of Penn Yan, was drowned in Keuka Lake yesterday in a monster like trout. CHRISTIAN SCIENCE. Jury Would Make Treatment a Legal Offense. Toronto, Aug. 10.—That Hulda Frazee came to her death in Toronto on June 9th from scarlet fever, and that from evidence adduced for our consideration we find that no one showed any negligence in connection therewith; and we, the jury aforesaid, would, however, strongly recommend that the law be so changed as to make it a criminal offense for any Christian Scientist to administer their treatment to any person who is not legally of age.

KILL NEGROES FOR NOTHING. Whitecappers Slay Preacher and Fatally Shoot Son-in-law. Lewisburg, Tenn., Aug. 10.—A band of whitecappers last night made its appearance at the home of a negro preacher named John Milliken. Milliken made his exit through a back door. He was brought down by a volley, dying almost instantly. John Hunter, a son-in-law of Milliken, was made to accompany the mob on a fruitless search for another negro, and in an attempt to escape was fatally shot in the back. The wife of Milliken was struck over the head with a gun and painfully injured. No cause is assigned for the killing.

three days before medical assistance had been called in. Mr. Dewart—who advised you to call in a physician. Mr. Frazee—Jean Allison, a neighbor, came in and told me that her child became ill and developed symptoms of scarlet fever. She knew that my daughter was not very well, and she suggested medical treatment for the child. I complied with her request. Mr. Dewart—Did you give the child any medicine? Mr. Frazee—Dr. Carveth prescribed the medicine, which was administered according to directions. Mr. Dewart—Have you had a personal demonstration of being cured by Christian Science? Mr. Frazee—I was cured of fits, which I experienced from my babyhood until I was 25 years old. To the foreman of the jury Mr. Frazee said that he knew of cases where a broken shoulder had been cured by Christian Science. Mrs. Frazee's testimony was on a line with that given by her husband, and at the conclusion the above verdict was brought in.

AFFECTED BY "X" RAYS. London Doctors Suffer From Manipulating the System. London, Aug. 10.—Two doctors, belonging to the staff of the London Hospital, have been affected by "x" rays in a manner similar to that of the assistant of Thomas A. Edison, the noted American electrician, and have been compelled to abandon their work. They were engaged for a long time in making examination of and manipulating diseased parts, while "x" rays were directed on the patients. When they began to suffer from the effects of the rays, the hands of which lead foil was worn, and these impeded the movement of their hands, and were discarded. One of the sufferers ceased operating under the "x" rays eighteen months ago, yet his hands have improved little, despite constant treatment.

LABOR IN THE RAND. Recruiting in British Central Africa Has Proved a Failure. Johannesburg, Aug. 10.—With a view to testing the accuracy of a statement made by a witness before the Labor Commission that 10,000 natives annually are available from British Central Africa for recruitment in the Transvaal, the Chamber of Commerce at Blantyre, British Central Africa, has been a failure. The 800 men out of 1,000 authorized are unobtainable. The local labor bureau is unable to obtain sufficient labor for home railway construction. The Chamber considers that it is impossible to obtain the supply required by the Rand.

IRISH HONOR LIST. King Confers Titles in Connection With His Recent Visit. London, Aug. 10.—A long list of honors, conferred by the King in connection with the royal visit to Ireland, is published to-night. Sir John Charles Renny, M. P., and Thomas Andrews, chairman of the County Down Council, have been knighted. Lord Mayor of Belfast, and Edward Fitzgerald, Lord Mayor of Cork, have been created baronets. Other honors are distributed during the royal tour, but to the officials of the principal

A DYNAMITE TRAGEDY. Father and Son Torn to Pieces While Fishing. Vancouver, Aug. 10.—A terrible tragedy occurred near Macaulay Point yesterday. Two men, believed to be Henry Caldwell, a surveyor, and his son, went to a small island, about two miles from Victoria, and off Macaulay Point to catch fish. Their dynamite exploded, and the bodies of both were torn to small pieces and scattered over the rocks.

ELECTROLYTIC STEEL PLANT. A New Industry on the Welland River at Chippewa. Niagara Falls Report: It was currently reported on both sides of the river to-day that they had secured the Ruthenberg process of making steel by electricity, and in the near future will construct a mammoth electrolytic plant on the Welland River at Chippewa, using a large block of Canadian Niagara power.

CANADA WANTS MEN. W. T. R. Preston Issues Invitations for Harvest Hands. London, Aug. 10.—Mr. W. T. R. Preston, Commissioner of Immigration, issued an invitation in the press for harvest workers to go to Canada, urging that they must leave at once. The men, unacquainted with farming, are told that they must be willing to accept \$10 monthly, the farmers being responsible for their board and lodgings. Agriculturalists are promised \$20 to \$25 monthly, with their canneries, but the duty on salmon prevented retaliation by the Americans. With the drawback allowed by the Treasury, the Americans were put in position to retaliate.

TO CROSS IN ONE PARTY. Chamber of Commerce Will Thus Tour Canada. Montreal, Aug. 10.—The delegates to the coming Congress of Chambers of Commerce of the Empire, to be held in this city, beginning Aug. 17, will, after the session of the convention, travel west over the Canadian Pacific Railway in a special train provided for the occasion. It was at first proposed to send the delegates on a division during the evening. This was mainly owing to the presence of many Irish peers, who are seldom seen in Parliament, but who have found it possible to attend now to defend their own interests.

WAS TWICE DEFEATED. Government is Having Hard Work in House of Lords. London cable: The Government is meeting with difficulty in steering the Irish land bill through the House of Lords, which was occupied to-day with the measure in its committee stage. Amendments were passed with persistence by the landlord interest, and the Government was twice defeated on divisions during the evening. This was mainly owing to the presence of many Irish peers, who are seldom seen in Parliament, but who have found it possible to attend now to defend their own interests.

MILLIONS LOST IN STOCKS. Wall Street Yesterday a Scene of Financial Despair. New York Report.—Two more Stock Exchange failures, making a total of six in the last 11 business days, were recorded to-day, when Sharp and Bryan and Hurlbutt, Hatch and Company, announced their inability to meet their obligations. Both failures had been discounted for a week or more.

STOCKS WERE THROWN AWAY. The day's business can best be summarized by the statement that almost four-score of stocks, falling two-thirds of their active list, touched the lowest record reached during the present movement, which had its inception last September.

HAD ONE VERY CLOSE CALL. Steamer Home to Ala Led With Canadian Deals is Aground. Montreal, Aug. 10.—The steamer Home, from Montreal to Port of Spain, England, is ashore at Point Rich, Newfoundland. The steamer loaded deals for Robert Cox & Co. at this port, and sailed on the 28th of July. From the information obtained, it appears that the steamer ran ashore at Point Rich on Friday last. According to the latest advice she is taking no water, but in spite of the endeavors of two French cranes, is still fast aground.

BETTER TIMES AHEAD. What Head of French Delegates in London Expects. Paris, Aug. 10.—Baron D'Estournelles de Constant, who headed the French Parliamentary arbitration group on its recent visit to London, has written an important letter to Foreign Minister Delcasse. The letter says that during twenty years the fear of Parliamentary opposition has alone prevented the settlement of the Anglo-French difficulties, and now that the fear is dispelled, nothing prevents the adoption of a conciliatory policy. All the British statesmen whom he saw, without distinction of party, says the baron, were unanimous in desiring this suggested new policy, which must be as clearly defined as the former one was obscure.

TO ONTARIO PEOPLE. Requests Made in Will of a Brooklyn Broker. New York, Aug. 10.—There was filed for probate in Brooklyn to-day the will and codicil of James McCormick, the well-known stock broker, who died on July 30. His estate is very large, but its exact value is unknown.

PORTE TO RETAIN TROOPS IN MACEDONIA.

Canadians in Lockport Seeing New Steel Process.

Lockport, Aug. 10.—A party of distinguished Canadian officials and railroad men have been here for some time. They constitute a commission from the Canadian Government and have kept very quiet about their mission here. The party is here for the purpose of witnessing a test of a Philadelphia man's process for making steel. It is reported that the manufacture of steel on this continent will be revolutionized by the new process—an electric process.

Won't Give Them Up. London, Aug. 10.—In the House of Commons to-day Premier Balfour, in reply to Henry Norman, announced that instructions had been sent to the British Minister at Peking not to agree to the Chinese Government's demand for the surrender at Shanghai of the Reform organ, Sincan.

Constantinople, Aug. 10.—Consular advice received here yesterday from Monastir indicate that the situation in Macedonia was constantly growing worse. At a meeting of the Ministers it has been decided to adopt measures of supreme severity to suppress the revolution. It is reported that Albanian troops will be employed, in which event, massacres are almost inevitable.

The Bulgarian Exarch was summoned to the Yildiz Palace on Wednesday and urged to make a final appeal to his flock to deliver up their arms, and thereby avoid bloodshed.

It is asserted in some quarters that the authorities are secretly arming the Kurds, while endeavoring to convert the Armenians of revolutionary intentions.

A despatch last night from Constantinople announced that the Porte has abandoned all idea of withdrawing the Turkish troops from Macedonia, and is making vigorous preparations to draft troops from the disturbed districts.

A circular note had, it was stated, been sent to warn the European powers of the Turkish Government's intention. The note stated that the situation is very serious, and although it did not mention Bulgaria, the document is regarded as a menace to the Bulgarian Government.

RACE ACROSS CONTINENT; KING OF TERRORS WON.

Power Co.'s Boiler Explodes Killing Two Negroes, Others Hurt.

Chicago, Aug. 10.—To reach the sick bed of his young daughter, reported dying in Los Angeles, Cal., Henry E. Lowe, of New York, Chief Engineer of the United States Steel Corporation, is rushing across the western prairies on a \$4,000 special train that promises to beat all transcontinental records.

Mr. Lowe left New York, Tuesday afternoon at 2:45 o'clock, and is due in Los Angeles at 11 o'clock Friday, making his total time for the trip from sea to sea, three days and nine hours. Telegraphic messages have been sent directing that relays of locomotives be prepared and that Mr. Lowe's train be given the right of way.

Lost the Race. Los Angeles, Cal., Aug. 10.—Mary Lowe, the 15-year old daughter of Henry Lowe, Chief Engineer of the United States Steel Corporation, who is speeding across the continent on a special train, died at a hotel here last night. When death came to the child, Mr. Lowe was passing through western Kansas.

Prominent Mason Dead. Bridgeport, Conn., Aug. 10.—James A. Wilson, a prominent lawyer, died last night of Bright's disease. He was born in New York in 1837, where he practiced law many years. He was owner of the Mousontonic Rubber Company, and prominent in Masonic circles.

A Fatal Explosion. Tuscaloosa, Ala., Aug. 10.—The boiler of the Tuscaloosa Light and Power Company exploded last night killing two negroes, severely injuring Manager McGhee and Engineer Crawford, and wrecking the plant. The city is in darkness. The boiler was carried two blocks, passing through three brick walls and landing in a department store 500 feet away.
