looks sadly out of place. It is sad but true that to be consistently artistic we must often sacrifice our sentiments of association. So with pictures, but hanging portraits on a tapestried wall has the sanction of custom at least.

In the more artistic houses there is a tendency to make the wall surface so decorative that the room looks livable with very much less in the way of furniture, ornaments and pictures than is customary. Any move which is in the direction of simplicity is a gain. For instance, the wall of a living room will be finished in rough gray pfaster, al-

TEN DOLLAR BILLS IN N. S. Current Price of Votes Figures In Bluenose Election Case.

Annapolis, N. S., Oct. 4.—Two cases of especial interest were before the Supreme Court here yesterday. They were brought by A. Davidson, Conservative provincial organizer, against parties accused of bribery in the interests of T. A. Daniels, M. P. P.
Fred Armstrong of Round Hill, admitted bribing a voter to vote for Mr. Daniels with \$10. His counsel asked that the full penalty of \$400 for the offence be not imposed. Judge Townshend took the matter in consideration. In the other case, in which Z. Hall, postmaster of Hampton, Annapolis County, was alleged to have offered \$5 bribes to various voters to vote for Mr. Daniels, the case was allowed to proceed to trial. The defendant failed to put in an appearance. Two witnesses, Saundier and Taylor, testified that Hall offered them \$5 to yote for Daniels, Judgment was reserved in this case.

Three Kinds of Lightning.
The Etruscans of old believed that there were three kinds of lightning—one incapable of doing any injury, and incapable of doing any injury and injury other more mischievous in its character and consequently only to be issued with

Curi-ously enough, modern scientific men agree with the view that there are three kinds of lightning, but their varithree kinds of lightning, out their varieties differ from the Etruscans. The first is known as forked lightning and runs in zigzag lines, the second as sheet lightning, because it is seen in a body, and the third as globe lightning, as it sometimes runs in the shape of a ball. sometimes runs in the shape of a ball. The Word "Nice."
"Nice" is one of the exceptional words which have risen on the scale and improved with age. It is from the Latin "nescius" and originally signified ignorant. To Chaucer it regularly meant foolish—"wise and nothing nice." In Spenser's time it still meant effeminate. From general foolishness there was probably first a specializa-tion to foolish fussiness about trifles. Then the idea of ignorance dropped out, and the word meant particular about details, accurate. It was credit-

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for woman's weaknesses and peculiar ailments that does not contain large quantities of alcohol? It is also the only medicine, especially prepared for the cure of the delicate diseases peculiar to women, the maker of which is not afraid to take his patients into his full confidence, by printing upon each bottle wrapper all the ingredients entering into the medicine. Ask your druggist if this is not true.

"Favorite Prescription," too, is the only medicine for women, all the ingredients of which have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a free booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Pr. Pierce's medicines are made, and don't forget that no other medicines put up for sale through druggists for donestic use can show any such professional endorsement. This, of itself, is of far more weight and importance than any amount of so-called "testimonials" so conspicuously flaunted before the public, in favor of the alcoholic compounds.

The "Favorite Prescription" cures all woman's peculiars weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and draging-down sensations is lower abdomen, accompanied by weakening and disagreeable catarrhai, pelvic drains and kindred symptoms.

female medicine in the world has received such widespread and nalified endorsement. No other medicine has such a record of cures of female troubles or such

nosts of grateful friends as h Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, Inflammation and Ulceration. Falling and Displacement, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Eackache and Local Weaknesses, than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors in an early stage of development.

Irregular, Suppressed or Painful Periods, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility quickly yield to it. Deranged organs causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female existen.

It quickly removes that bearing-down feeling, extreme lassitude, "don't-care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulancy, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the organs which this medicine surely cures. Chronic Kidney Complaints and Backache, of either sex, the Vegetable Compound cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.
