

THE ACADIAN.

WOLFVILLE, N. S., JUNE 21, 1895.

The editors of our juvenile contemporary, in a little item of the "new milk" variety, in their last issue, express their gratitude to us for our complimentary reference to their sign.

Extensive preparations are being made for the success of the convention of the Maritime Union of Christian Endeavor, to be held in Truro, August 20th, 21st and 22nd, says the Truro News.

An individual who over the signature of "Tucker" has been contributing news as alleged to be items of Wolfville news to the Kentville Chronicle for the past few weeks, in the last edition published proclaims to the world the fact that he has "no use for the ACADIAN."

A new book on Canada, by Dr Bourinot, will shortly be issued. It is entitled "How Canada is Governed," and gives in plain, simple language a short account of the political system of the Dominion.

Another projected attempt to reach the Pole is announced. This time the explorer is a Swedish engineer, M. Andre, and he proposes to accomplish the undertaking by means of a balloon.

The now celebrated case, Shea vs. O'Connor, of Halifax, an action for slander, ended at Truro on Thursday last. The action arose over an overcoat.

While engaged in taking his garden at St. Andrews, N. B., on Wednesday last, Dr Parker picked up a coin that had been struck in April, 1795, to commemorate the marriage of Queen Caroline and King George IV.

A wealthy Lendover, at an expense of \$10,000, has constructed a "color organ," the keys of which on being depressed not only evoke music, but also throw upon a screen the color corresponding with the note vibration, according to the undulatory theory of light.

The invitation to Rev. Dr. R. L. Whitman, president of Colby college, Waterville, Maine, to become president of the Columbian university, has been accepted by him.

A monster excursion to Boston, under the auspices of the St. Patrick's T. A. & B. Society, of Halifax, is being arranged to take place in August, via the Yarmouth route.

Independent Order of Foresters.

Through the courtesy of Mr William Regan, Court Deputy of Court Biomedon, we have received the following interesting facts concerning the independent Order of Foresters:

During the month of May the number of applications for membership received by the Medical Board was 4,022, of whom 3,611 were accepted, showing an advance of over 500 on the highest number of applications ever received in any one month.

The Surplus Fund of the Order on the 1st of June showed the high total of \$1,317,000.

On the 30th of May the corner stone of the Foresters' Temple was laid by His Excellency the Earl of Aberdeen, Governor-General of Canada, in the presence of an immediate concourse of Foresters and their friends.

The Temple will be eight stories high and will be the finest fraternal headquarters on the continent.

The Forestry year closes on the 30th of June, and in every particular it will be the most prosperous year in the history of the Order.

The increase in the Surplus has been \$300,000.00, and in the Membership about 18,000.

For the month of June it is expected that at least 5,000 applications will be received.

During the year New Courts have averaged 35 per month.

The Supreme Court will meet at St. Martins' Town Hall, Trafalgar Square, on the 1st day of August.

The High Court of Ontario will meet at London, Ontario, on the 8th of October.

Evening Stars.

A correspondent to the Montreal Star says: To those who, like myself, love star-gazing, there is presented at the present and will be for some days to come the unusual spectacle of the appearance as evening stars of no less than five of the principal planets of our system; namely, Mercury, Venus, Mars, Jupiter and Saturn; and as the like star combination will not appear upon the scene for many a long year to come, it will be well for amateur astronomers to keep a bright look upon the heavens every clear evening this week.

The splendid object in the western sky, visible from a few minutes after sunset until 10.30 p. m., is Venus. Somewhat below, and a little more to the north, is Mars, visible from 8.30 to 9.15 p. m., somewhat faint. At nine o'clock p. m., Jupiter is approaching his setting, on the southwest horizon, and on looking a little above him, in the general line of the ecliptic, is seen the planet Saturn.

The best time to observe this seldom seen planet is 8.45 to 9 o'clock p. m., Saturn is high in the zenith and visible all night.

Mothers' Meeting.

The last regular meeting of the Woman's Christian Temperance Union of this place was a mothers' meeting—open to all women.

It is the purpose of the Union to substitute such meetings for the regular meeting once every two months. Mrs. Boggs gave an address, on the occasion above referred to, in most profitable and inspiring words. The subject for consideration was "The Spiritual training of our Children." No mother present could have failed to realize very fully her responsible charge, for could she have failed to discern the true sources of her power. After this address the meeting was thrown open for prayer and for discussion, and was pervaded by a most solemn and uplifting influence.

No woman to whom is intrusted the training of children can afford to lose the aid and the inspiration gained by thus sharing her sympathy, her prayers and her experience with other women who are doing the same work.

Berwick.

The delegates from the Berwick Baptist church to the Central Baptist Association being held at Mahone Bay, are Rev. D. H. Simpson and wife, Mr W. O. Shaw and wife, and Mr W. A. Skinner.

The meeting of the Kings county Convention of the Baptist W. M. A. Societies held here on 13th inst., was fairly well attended, and business of importance transacted. The public meeting in the evening, addressed by the president, Mrs. Manning, and Mrs. Boggs, was well attended. The importance of increased activity in the work of Foreign Missions was strongly emphasized by the speakers and endorsed by an appreciative audience in a silver collection.

Annual School Meeting.

The Annual School Meeting in all School Sections will be held on June 24th inst., to be called by the trustees, or by the Secretary under their direction, or when none exist, by the Inspector, by notices posted in three public places five days previous. See section 63 School Act.

COLIN W. ROSCOE, Insp. of Schools.

Foolish Nova Scotian.

New York, June 15.—Robt. McCullum, 10 years, a Nova Scotian, started on a trans-Atlantic trip in a 19 foot sloop, the Richard K. Fox, yesterday forenoon. His boat was hauled away from the battery by a tug and was towed as far as Sandy Hook.

MONEY TO LOAN ON REAL ESTATE. Kentville, Aug. 24th, '94

Shubenacadie. Mr Spencer Miller, who was reported in the papers some days ago as being seriously injured at Steviacke Station, Col. Co., by the passing of the cart of a frightened team over his back is not expected to live many days. His spine was broken.

About the same time, Mr Clifford Nichols, of Burlington, Hauts Co., was thrown from an ox cart by the frightening of the cattle through a peak of some geese in a pond by the roadside. Mr N. was tipped thus suddenly from a barrel of Phosphate Fertilizer upon which he was sitting, sustaining very serious shock and injury to his neck and head. He was dazed for some time. Dr J. A. Payzant was summoned. Mr N. is doing well towards recovery. The back or spine is often broken by such an accident.

It is very dry over here for the grass lands. Mr Cox is putting an imposing dress upon his Hotel in the topping of it with a flat roof story. Com. Avonport.

An amusing and unusual occurrence transpired in this place last Friday evening, June 14th, by which the members of the Division of S. of T. were considerably startled and surprised. Upon reaching the Division room they found it already occupied by a number of monkeys that had escaped from a westward menagerie. Fortunately the animals were not ferocious, which was doubtless due to the restraining presence of several of their keepers.

The extraordinary antics of two trained monkeys in particular created quite a sensation and amused the human beings considerably; still it is hoped that in future circus shows will give Avonport a wide berth and be successful in keeping their animals caged. Com.

Chocolats Creams 15c. lb. at the Evangeline Kandy Kitchen, next to Book Store.

Methodist Conference. The twelfth session of the Nova Scotia conference of the Methodist church met at Bear River on Tuesday. A large number of ministers have been in attendance. The following is the first draft of the stationery committee as wired to the ACADIAN yesterday. It is, of course, subject to change:
