measured the codar planks, because he was not using it. Ald. Lamprey asked what quantity of this was unpaid for. Ald. Kerr said as far as he could find out there was \$237 owing on the santling. Ald. Kiely for then answered, the question addressed to him. He said as far as he was aware there never was any wrangling in committee. Ald. Kiely said he was obliged to the two gentlemen for answering the questions. There never was any wrangling, nor was there any dispute. He did not know of one single thing which he had recommended to the committee which was not adopted by the council. Everything worked well till a little cancure was gotten up by, he believed, Ald Lamprey. He went on mittee. Not one of them had spoken to him about the work on the street. On one accasion he sailed the com-mittee out to examine the gravel pit. They also called to see whether a codar block or plank crossing should be put down at the City hotel. They also drove to the London read. There he suggested having the sidewalk moved out, but Mr. Williamison ob-jected. They could not agree to any-thing. He went on with the work there and made a good job of it. Ald Reid did speak to him about it after-work as he had agreed. He told Ald. Reid that they did not agree to any-thing. In referring to the special meeting of the City council, he said the charges mad e agins: him were unfounded. It was true that he and the foreman had some dispute at first as to how the work should be done. He sold the foreman the work had to be done his way, and since that time they had got on well together. The speaker then gave a detailed account of the expenditure on the different street, appropriation \$20, spent, \$102, spent, \$103, sport \$100, spent, \$200, spent, \$102, spent, \$100, spent \$124.19; Delhi street, appropria-tion \$203, spent, \$200, spent, \$100, spent \$100, spent \$124.19; Delhi street, appropria-tion \$203, spent, \$204.19; Windham street, appropriation \$20, spent \$100, spent \$124.19; Delhi street, ap-propriation \$00, spent \$100, spent \$124.19; Delhi st

would be sufficient to induce him to withdraw the circulars. Ald. Howard said he ruled the mo-tion out of order because it was too arbitrary, and instructed the assessor to do a certain thing. Ald. Kelly stated that the statute instructed the assessor how to pro-osed. He held that no one was obliged to answer the questions contained in the circular seni out by the assessor. Ald. Howard said that whether the circular was proper or not he vas not going to say. He believed that it was reported that the Finance committee were the instigators of it. He wished to deny this report. The assessor was doing his own business in his own way. Fixed for Wednesday Morning. AUBURN, A. Y., Aug. 4.—This after-noon the Associated Press representa-tive asked Warden Durston if it would be safe for a correspondent to absent himself from the vicinity of the prison two or three hours. "Why, certainly," was the response, " and 1 will say to you frankly that there will be nothing of importance within the next 24 hours." This was said at 4 o'clock this alternoon, hence the warden is authority for the statement that the death bolt will not be loosed at least until 4 o'clock to morrow. The execution will probably occur Wednesday morning. A DELICATE POINT OF LAW.

A delicate point of law was to-day suggested here by a gentleman deep in legal lore. This suggestion was not the outgrowth of any personal in- torest, but is the outcome of careful perusal of the statute under which kemmler has been sentenced, and of the form of the sentence that directs Kemmler shall be killed in the week beginning Monday, Aug. 4. Here is the point raised : That the week be- pinning Aug. 4 ends with Sunday. The warden has arbitrary power to defer the execution until Sunday. Aug. 1. On Sunday it is held that the peneral law would infervene to pre- pround that any execution of legal troeses upon Sunday is not legal. Directly at this point the case is touched by that general principal of liw that, if the sentence under which Kemmler is expected to be killed is void in part, it must be wholly void Brought to a close application the as- semption is that if it is ilegal to kill keek designated, then it would be vicek designated. The situation. ti be held, would be different if Sunday it execk designated. The situation. the week designated. A. Scott was appointed secretary pro-term. To allow these present an oppor-tunity to learn what the council of the Board had done at its last meeting, the chairman asked the secretary to read the minutes of the last meeting of the council. Mr. Day, who had been appointed to see the assessor, stated that he waited on Mr. Chadwick and that he had promised to make a report as to whether 71 per cent. on the rental would bring in as much or more as the present permonal tax. But as he had neglected to hand in his report nothing could be done at present. I twas then moved by Messrs. Bond and Alexander, and carried, that the Baily provides the state up the

CITY ASSESSMENT.

CITY ASSESSMENT. CITY ASSESSMENT. Moved by Ald. Scroggie, seconded by Ald. Dowler, that the assessor, F. J. Chadwick, be instructed to assess the city of Guelph in the usual way and to his best judgment, and that the papers distributed amongst the mer-chants to be filed up by them asking them to give a general statement of their affairs be withdrawn. The chairman said that the motion was out of order, as the duties of the assessor are defined by statute. Ald. Scroggie argued that it was not fair to compel the merchants to fill in those circulars. Other municipalities did not do so.
