service that has own yet been, the Church appearing as if filled with an erdinary funday compression. Miss Geddes played the "Dead March," in her usual exquisite manner, at the commencement of the service. This was followed by Hymn 328—"A few more years shall roll." Then an impressive adures on the tesolnings of the past year, and an appropriate prayer. This was followed by the special hymn for New Year's eve, 88—"Days and moments quickly flying," which we never heard sung with better effect. Then there was a call to silent prayer, the Canon urging all present to lay, like Herseliah of old—his trouble before the Lord, his besetting sin, his secret sorrow, the cross he was called to bear, praying to Him that of His infinite mercy He may remove it, or else give us grace to bear it patiently. All knelt down for a few moments and there was a dead silence that was most impressive. The new year having now opened, the grand Hymn of Thanksgiving, 285, "O Lord of Heaven, and earth and sun," was sung. Then an address on the fature and our duties. Speaking of the aspect of affairs in the old country, he spoke of the dark and gloomy shadows from the old year projected forward into the new, that it may be more wonderous events will soon evolve themselves as the fiture becomes the present than those which have already startled and convulsed the world in the year past, and that God only knows how deeply interwoven our mother country, and we curselves may be involved in them. The Canon then dwelt on the teachings of the church service for the day, that we should continually mortify all evil and corrupt affections. Then "O Paradise" was sung, and prayer and the benediction concluded this very pleasing and interesting service.

Temperance Social in Guelph Tr.—The Good Templars of Farmer's Home Lodge, held their annual social in the school house, Section No. six, on Friday evening the 21st inst., and it was in every way a great success. Quite a number from the Rockwood Lodge were present, besides a goodly number from Beaver Lodge, Guelph. After a sumptuous tea had been served, Mr. Wm. Gibson was called to the chair, and discharged his duties in his usual pleasant and able manner. A very lengthy and interesting programme was then gone through with. The parties taking part in it being the Miss. Strange. Messrs. Collinge, Hewat and McCarthy, of Rockwood, and Misses. Mack, Roper and Shaw, Messrs. Roper, Wheeler and Keys of Guelph, all of whom acquitted themselves in an admirable manner. The acting of Ten nights in a barroom, by a number of the gentlemen from Rockwood, was no doubt the best thing of the evening, being admirably acted all through. Rev. Mr. Howie, of Guelph, was also present, and delivered a very interesting address, after which the singing of "God save Queen" brought this really successful and pleasant social to an end.

A CANADIAN HERDINE.—There is living at Walsingham, Ont., about forty miles from London, a real heroide. Her name is Abigait Rory. A former resident of that city says that about twenty years since an American vessel was wrecked off Long Point on Lake Brite, and the entire crew, composed of seven persons, were resoned one by one by this brave woman. Shortly after this event a subscription was started and a farm of 200 acres was presented to her and her children. Besides this a gold medal was struck and given her with a suitable inscription, and this is though highly of by the family. At present she is about fifty years of age, and is renderkably flue ooking and strong.

Seven year ago, the past Spring, I had a severe attack of Dibhtheria, which left my limbs paralyzed and useless, so I was unable to walk or even sit up. Noticing the advertisement of Pranvian Strutt, I concluded to give it a trial, and to my great joy soon found my health improving. I continued the use of the Strutt until three bottles had been used, and was restored to complete health, and have remained so to this day. with great caution

I attribute my present health entirely to the use of Peruvian Syrup, and hold it in high estimation. I cannot speak too highly in its praise. I have in several cases resommended it in cases very similar to my own with the same good results.
