## NO MONEY TO SAVE LIVES.

Finance Committee Shelves Pure Milk For Babies.

No Extra Fees For Jurors In the Kinrade Case.

Smoke Nuisance Complained Of—Railways to be Watched.

"Last summer over a hundred infants died from gastric diseases alone. We have a scheme costing \$700 by which we believe that death rate can be cut in two. Do you think it is worth while?"

At the meeting of the finance committee yesterday afternoon the Medical Health Officer, Dr. Roberts, fired that question at the aldermen. He was there with a large and influential deputation for a fighting chance for babies in the sweltering hot summer months, urging the city to grant funds for the establishment of a central distribution station, to ensure a pure milk supply for infants during July and August.

The aldermen expressed sympathy, but decided the city could not spare the money. They will advise those interested to bring the matter up next January, so provision can be made in the estimates. In the meantime they decided to shelve the question. To let it down they laid it over for two months.

Ald. Lees was the only one who held out strongly for making a grant at once. It was not a question of whether the city had the money, in his opinion. It was whether it was worth while trying to save the lives of a hundred babies.

"The milk that is brought into the city is not brought in under ideal conditions," said Dr. Roberts, who discussed the Rochester system, explained that the scheme was to erect a temporary shelter, have a nurse in charge, sterilizing apparatus and send the milk out in sterilized bottles. It would be sold at cost to infants and invalids only. He suggested that the site of the central station be near the butter market.

Frank Quinn and Dr. Mullin also spoke. They explained the building would only cost \$500.

George Hope appeared with a deputation from the Board of the Victorian Order of Nurses. The nurses have undertaken to assist in the distribution of the milk. Mrs. (Dr.) Woolvorton, Mrs. John Cramer, Mrs. Robert Evans and Mrs. P. D. Cramer were among others present.

"It is terrible thing to contemplate these babies dying off like flies," said Mrs. P. D. Cramer. "Sanitary precautions would give them a fighting chance."

Speaking on behalf of the Infants' Home, Mrs. Evans said they cared for 80 children last year. "We have a terrible fight for their lives," she said.

"Do you believe what these people say?" inquired Ald. Lees. "We have a chance to save the lives of a lot of babies; we should try."

It looks as if the last hope of the Kinrade jurors getting extra fees has faded. The city solicitor said he had written to the Attorney-General's department two weeks ago, but received no answer. He wrote again yesterday, and it was decided to wait until the Government is heard from.

Coroner Anderson said he had a letter from the department recently saying that the Government did not pay fees, and did not want to establish a precedent in this case. The doctor thought the least the city could do, in view of the extraordinary demands made by the jury, was to pay the jurors something extra.

SMOKE NUISANCE.

J. P. Dougherty and George McLaughlin appeared and complained about the way H. B. engines belched dense smoke at the head of West avenue. Ald. Cooper said the smoke nuisance was as bad in other parts of the city. It was decided to employ an engineer to investigate and keep watch. If the railways are not obeying the regulations of the Dominion Railway Commission they will be prosecuted.

OTHER BUSINESS.

The application of Charles Smith, the late city messenger for a further grant, was shelved. Mr. Smith received a grant of \$200 when he retired.

The Board of Health was instructed to get an estimate on the cost of collecting garbage once every two weeks on the mountain top and in the annex.

The council will be recommended to pass a by-law to prohibit dog picking or roving of dogs on the city streets.

Hamilton will back Toronto up in the campaign to have the Welland canal deepened, providing Burlington channel was deepened at the same time.

The division of the city into wards, so as to reduce the number of aldermen, was laid over until the next meeting.

Ald. Lees announced that he was strongly opposed to reducing the number of aldermen.

Three band concerts will be given in Woodland Park during the summer.

CLOSE FACTORY.

Neighbors Didn't Like It and Health Board Orders It Away.

Brantford, June 28.—The Board of Health has ordered the factory of the United Soap Company on Clarence street to close its doors as the business is regarded as a nuisance to the neighborhood. The company is controlled by three clergymen, and was formerly located at Owen Sound.

Prosecution for the Sunday sale of ice cream has been begun against the proprietor of a store on Colborne street.

William B. Hawkes, engineer, aged 42, injured in a boiler explosion at the Ungar Williamson laundry here, has succumbed.

BEHIND CLOSED DOORS.

Investigation of Charges Against Bank Manager Lindsay.

Quebec, June 28.—The investigation into the charge of obtaining money under false pretences alleged against W. P. Lindsay, formerly manager of the Levis branch of the Bank of British North America, was commenced behind closed doors at the Police Court this morning, and will continue from day to day until completed. This investigation is in connection with the forgeries in which young Atkinson was implicated.
