Admiral Beatty's Message to Men of the Grand Fleet

London, Nov. 22.—(British Wireless Service)—After the surrender of the main installment of the German fleet off the Firth of Forth Thursday, Vice-Admiral Sir David Beatty, commander-in-chief of the Grand Fleet, issued the following message to the men of his command:

"I wish to express to the flag officers, captains, officers and men of the Grand Fleet my congratulations on the victory which has been gained over the sea power of our enemy. The greatness of this achievement is in no way lessened by the fact that the final episode did not take the form of a fleet action. Although deprived of this opportunity, which we had so long and eagerly awaited of striking the final blow for the freedom of the world, we may derive satisfaction from the singular tribute which the enemy has accorded to the Grand Fleet.

"Without joining us in action he has given a testimony to the prestige and efficiency of the fleet without parallel in history, and it is to be remembered that this testimony has been accorded to us by those who were in the best position to judge.

"I desire to express my thanks and appreciation to all who have assisted me in maintaining the fleet in insistent readiness for action, and who have borne the arduous and exacting labors which have been necessary for perfecting the efficiency which has accomplished so much."

TWENTY MORE GERMAN SUBMARINES WERE SURRENDERED FRIDAY

London, Nov. 22.—(British Wireless Service)—Twenty more German submarines were surrendered to Admiral Sir Reginald Tyrwhitt off Harwich this morning. This makes a total of fifty-nine submarines thus far handed over. There would have been twenty-one surrendered today but one sank during the night.

BRITAIN SUPPORTS DOMINIONS' CLAIMS RE GERMAN COLONIES

London, Nov. 21.—The Right Hon. Walter Long, Colonial Secretary, has written to the Agent-General of New South Wales, in reply to an enquiry as to the future of the German colonies, stating that Premier Lloyd George has authorized him to say that the whole support of the Government will be given to the claims of the Dominions on this subject.

Mr. Long says that Premier Lloyd George has already made this clear to the representatives of the Allies at Paris.

UKRAINE FREED OF HUN GOVERNMENT BY COSSACK FORCE

National Assembly and Pro-German Dictator Fled—Provisional Body Sitting.

ALEXIEFF IS ACTIVE

Copenhagen, November 20.—The Ukrainian Government has been overthrown and Kiev has been captured by troops from Astrakhan, according to Kiev despatches to a Russian newspaper. The Ukrainian national assembly has fled and a provisional government has been established by the capture of the city, who are apparently commanded by General Denikine, leader of anti-Bolshevik forces.

The Ukraine became a republic during the disorders in Russia after the overthrow of the Kerensky government in November, 1917. There was much fighting there between the Bolsheviks and their opponents, resulting in the defeat of the Bolsheviks. The Ukrainian government made peace with Germany at Brest-Litovsk, a few days before the Russian Bolshevik Government also agreed to the German terms. Austro-German troops then entered the Ukraine for the purpose of carrying out economic articles of the peace treaty.

The Ukrainian Government was overthrown last May and General Skoropadski became dictator under the title of hetman, but he has had difficulty in maintaining order there, although assisted by the Austro-Germans.

General Denikine was formerly commander of the Russian armies on the southwestern front. Previous to that he had been chief of staff of the Russian armies.

Believed Alexieff Leading Cossacks

Washington, November 20.—Reports of the overthrowing of the Ukrainian Government by General Denikine's anti-Bolshevik troops were received here today with great satisfaction. For officials said it will make the work of the Allies in handling the Russian problem much more simple. It has been believed for some time that General Alexieff, the former Russian commander-in-chief, had a large force of Cossacks operating in Astrakhan and the news from the Ukraine seems to confirm this, as General Denikine is a member of Alexieff's army. Denikine is known to be an able officer, who has the confidence of his men and of government officials in the Allied countries.

It was pointed out today that with the Cossacks, many of whom are Ukrainians themselves, in charge, it will be easy to restore order in Europe with supplies and necessary munitions by way of the Black Sea, which is now open to the Allies.

Bitter Struggle Between Poles and Ukrainians

London, November 20.—Since the capture of Lemberg, the capital of Galicia, by the Ukrainians on November 1, fighting has continued there between the Ukrainians and the Poles without cessation, according to Austrian newspapers, quoted in a Vienna despatch dated Monday, to the Daily Mail.

Lemberg was taken by surprise. Polish legions attempted to recapture the city. Both sides are using artillery, and German officers are helping the Ukrainians.

All traffic to and from Lemberg has been stopped, and the residents are unable to leave their homes. The battle of machine-guns has been continuous and there was fierce fighting for the possession of the town hall, the post office, the Diet building and the governor's palace, parts of the buildings being destroyed. The Ukrainians outnumber the Poles and it was declared in Vienna on Monday that Lemberg was entirely in the hands of the Ukrainians.

The Ukrainians have also captured Czernowitz, the capital of Bukovina, and Boleslaw, while fighting is in progress at Przemyśl, Kolomea and Stanislav.

The correspondent says the fighting in Galicia seems to be a case for Allied intervention.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation, before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try before submitting to an operation. I followed her advice, and I am now well."

"I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."

—Mrs. MARY BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary. Every woman should give it a fair trial before submitting to such a trying ordeal.

If complications arise, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

GERMAN SHIPS MAY BE DIVIDED AMONG THE ALLIES

Battleship Koenig and the Battle Cruiser Mackensen, Scheduled for Surrender Thursday, are Being Disarmed.

London, Nov. 22.—The German battleship Koenig and the battle cruiser Mackensen, which, although scheduled for surrender Thursday, was permitted to be absent and are being disarmed under the supervision of Vice Admiral Browning, of the British Navy, who was sent to Germany for that purpose, according to the correspondent of the Daily Mail, in the British fleet. The Koenig has been in dock and could not be moved, while the Mackensen had not been completed.

Some naval men, the Daily Mail correspondent adds, reject the idea that the surrendered German ships will ever be returned to Germany. They believe they will be divided among the Allies, including the United States.

SHIP AND CARGO WERE CONFISCATED

Decision in Halifax Admiralty Court.

Halifax, N. S., Nov. 22.—Mr. Justice Drysdale, of the Admiralty Court, has rendered judgment in the case against the Swedish steamer Svithold seized in the early days of the war and brought to Halifax, confiscating the ship and cargo of rubber. Counsel for the ship have applied for permission to appeal to the Privy Council. Mr. Justice Drysdale in his judgment finds that the captain of the Svithold acted in collusion with people in Pernambuco in attempting to smuggle the third officer to Germany. The judgment relates that the Svithold's captain protested on his arrival here that he did not know he had the interned officer on board. The Admiralty judge holds that the captain lied in so protesting and finds that this alone is justification for the confiscation of the ship. The cargo of rubber is condemned because it was contraband and carried without authority.

THE EDITOR'S PARADISE

Frederick C. Beyer a well known Canadian editor, died at a recent press banquet a newspaper story. "A Medina editor died," he said, "and was, of course, directed to another place at the end of the line. But during the ascent the editor's journalistic curiosity asserted itself, and he said:

"Is it permitted for one to have a look at—or the other place?" "Certainly," was the gracious reply, and accordingly a pleasant trip was made. Here the editor found much to interest him. He scurried about and was soon lost to view.

"His angelic escort got worried at last and began a systematic search for his charge. He found him at last seated before a furnace fanning himself and eating at the people in the fire. On the door of the furnace was a plate saying, 'Delinquent Subscribers.' "Come," said the angel to the editor, "we must be going."

"You go on," the editor answered, "without lifting his eyes. 'I'm not coming. This is heaven enough for me.'"

STOOD BY STEAMER FOR TWO DAYS

But, Because of Storm, Could Give no Assistance.

Newport, R. I., Nov. 22.—The United States Shipping Board steamer Yachin, Marcellus for New York, which put in here on Wednesday short of coal, proceeded on Thursday after her bunkers had been filled. Captain Dalpaze reported standing by the helpless British steamer Lake Manitoba off the Nova Scotia coast for two days. Because of the storm he was not able to give her assistance. It was not until he reached port that Captain Dalpaze learned that the Britisher, which was being towed from Montreal to Halifax to be scrapped, had been saved.

PRES. WILSON'S FORTHCOMING VISIT TO FRANCE

French Capital Expects Him to Arrive There About December 12.

Paris, Nov. 22.—President Wilson is expected to arrive in Paris about December 12, according to information here today. Plans are being made for the entertainment of the American President, as well as the Allied rulers who will visit Paris in November and December. The visits of Great Britain and Belgium will also be entertained at a series of fetes and official functions, which will take the form of military and civic celebrations of the Allied success in the war.

The arrival of President Wilson is expected to be coincident with the resumption of the activities of the inter-allied conference. The peace congress then will begin to take definite form.

Paris, Nov. 22.—(Havas Agency)—General Edouard de Castelnau, who will enter Strasbourg on Sunday with the French army, according to the Echo de Paris, will probably at that time "assume a new dignity."

Paris newspapers reported earlier in the week that three new marshals of France probably would be appointed soon and that one general would be promoted when Strasbourg was entered. Apparently that general will be General de Castelnau.

General de Castelnau was chief of the French general staff under Marshal Joffre and later was commander of the French armies in France and Belgium. He is one of the most successful leaders of the French army, and is known as the "saviour of Alsace" for his brilliant defence of that region in the first months of the war. In 1915 he went to Greece in connection with the Greek and Macedonian situations.

Paris, Nov. 21.—In making his formal proposal that General Petain give the rank of Marshal of France, Premier Clemenceau said: "General Petain will have the glory of having maintained to a high degree, even in the darkest hours, the morale of the French soldiers. His command forged the instrument of victory, to which his talents have so greatly contributed."

A resolution which had been carried to send a delegation to interview the Government for a grant of twenty million for the furtherance of technical education in the Dominion, is still in resolution form.
