### Hon. Dr. J.B.M. Baxter Leader of Opposition

Hon. Dr. J. B. M. Baxter, who was elected as Leader of the Provincial Opposition, Thursday night made the following statement to the Canadian Press:  
 "The Opposition Party, of which I have been selected as leader, will go into this campaign resolved to renege itself, in accordance with the best traditions of its past history. It will stand essentially for prudent administration of the resources of the Province, avoiding increase of the bonded debt for services which can be met out of the annual revenue; for increase of that revenue without imposing undue burden upon any section of the people; for government on constitutional lines by the people through their representatives, and for recognition of the right of all the people to share in the administration of the affairs of the province without any distinction based upon race, or class or creed.  
 At the convention of the Provincial Opposition, Hon. J. A. Murray definitely retired from the leadership

### Origin of Eels Solved After 2,200 Years

Copenhagen, Sept. 22—The question of the origin of eels, which was raised by Aristotle 2,200 years ago and has occupied deep sea scientists for the last century, has now been finally solved by an expedition promoted by Danish scientific men, and effectively supported by Councillor Anderson, manager of the East Asiatic Company, who put the four-masted motorship, Dana, at their disposal.  
 The expedition has discovered that eels, leaving north west Europe in the autumn, emigrate to their breeding place near the West Indies, where conditions for the development of their larvae are favorable. The larvae afterwards make their way back to the places from which their parents started on the European coast.  
 This discovery is not only of geographical interest, but will also yield very practical results. The supply of eels in the breeding places is inexhaustible, and there will be an unlimited supply of eel food for European countries.  
 Eels only undertake the journey from and back to the breeding place once in their lives.

**For Sale**  
 A number of small Pigs, which I will sell at once for a reasonable price.  
 Mrs. Maggie Mutch  
 38-2nd Sillikers, N.B.

**Teacher Wanted**

 Solicitor, Conveyancer, Etc.  
 Above Bank of Nova Scotia  
 Charlottetown, N. B.

### Poor Health Life's Handicap

**Rich, Red Blood and Strong Nerves Needed to Win Out**

It has been well said that life is a race. The full blooded man with sound nerves, the bright-eyed, rosy-cheeked woman invariably win. The nervous, dyspeptic man, and the anemic woman are left behind. Success in life is largely a question of good health and sound nerves. It is never the shaky, undecided men who are chosen for promotion; the sickly looking, pale woman is no sought after like her happy rosy sisters.  
 What makes all the difference is the condition of the blood. If your blood is thin and poor, your nerves are bound to suffer, because they have to depend upon good red blood for nourishment. Headaches, undecided will, a shrunken figure and pale, unattractive face tell only too plainly that the blood is at fault.  
 Both men and women in great numbers have found deliverance from their inferiority in life's race, caused by impoverished blood through the use of Dr. Williams' Pink Pills. They are a remedy that has been a household word to tone up the whole system, make the blood rich and red and strengthen the nerves. Mrs. S. B. Miller, Elmira, Ont., says: "I took upon Dr. Williams' Pink Pills as a family medicine, and have reason to praise them for what they have done in our home. Some years ago, while we were living in Alberta, my husband was so completely run down that he was unable to do any work, and even to carry a pail of water would exhaust him. A doctor was called in who said his heart was affected, and that medicine would be of little use to him. This greatly worried me and I finally urged him to try Dr. Williams' Pink Pills. He began their use and in a short time the swelling in his hands and feet disappeared. We decided to return to Ontario, but the doctor said he could not stand the trip. But the doctor was mistaken, for through the use of the pills, he gained such strength as to be able to look after the harvest, and in a month later we returned to Ontario. My husband still takes a box or two of the pills twice a year, and they keep him in good shape. I have also found the pills good for my growing daughters, and we are never without them in our home."  
 One of the best things about Dr. Williams' Pink Pills is that they do not contain the slightest trace of opiates or harmful drugs. While they are overcoming disease they are building up general conditions of good health. You can get these pills through any dealer in medicine, or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### Many Failures Laid To Drop in Prices

(Sun and New York Herald.)  
 A statement that the peak of high prices has been reached and that since February there has been a steady decline, accompanied by the wrecking of many business houses, was made last night by Francis H. Mason, vice-president of the Guaranty Trust Company, in an address before the National Retail Tea and Coffee Merchants' Association in the Pennsylvania Hotel.  
 Mr. Mason said that the drop in prices of manufactured products had been felt only slightly yet, with the most pronounced downward trend in commodity prices. He added that the number of commercial failures was increasing, the figures for July having been 681 mercantile and industrial firms, with liabilities of almost \$23,000,000, and for August 673, with liabilities of more than \$8,000,000. The record of failures in July, 1919, was 462, with liabilities of 5,500,000.  
 The large failures last month exceeded those for any other August since 1894, according to Mr. Mason's figures, and liabilities involved by these defaults were the heaviest reported since 1914.  
 "This is not the time to borrow in order to carry large stocks of goods or to stimulate production of non-essential articles," said Mr. Mason. "These failures indicate that certain more or less painful readjustments are taking place in trade and industry. They should point the moral that in a declining market it is the part of wisdom to be short on commodities and long on credit. Commercial loans are not, however, being denied to any industry that is endeavoring to increase the production of essential goods."  
 Mr. Mason characterized as "hardly" any movement of manufacturers and dealers to sustain prices by artificial means, stating that this is actually an attempt to suspend the operation of economic laws. He called for the repeal of excess profits taxes on the ground that they were "a heavy, unnecessary burden upon the producer. The excess profits taxes are investing in tax exempt securities."

### Played 106 Hours Without Stopping

London, Sept. 19—A world's record for continuous piano playing has been established here by Alfred Kemp, a former University of Chicago student, who played without stopping for 106 hours.  
 The former record was 105 hours. It was held in New Zealand.  
 Milk and fish comprised his diet during the stunt. He used some smelling salts frequently. When not eating or drinking, he chewed tobacco. He did not take any drugs. His hands were swollen to twice their natural size when he finished. They had lost the sense of feeling. The keyboard of the piano was frequently sprayed with mentholated spirits to prevent his fingers from cracking.  
**SUGAR LOWER**  
 During last week, both Standard and Yellow Sugar decreased \$1.00 per hundred weight in St. John, making the present prices \$21.10 for standard and 20.60 for yellow.

**RED ROSE TEA** is good tea

The distinctive Red Rose flavor, aroma and rich, full strength is found in every Red Rose Sealed Carton.  
 Never sold in bulk.  
 You will also enjoy Red Rose Coffee

### Evangeline Immortalized in Bronze

(1) At the unveiling of the statue of Evangeline by Lady Burnham, when the Imperial Press Conference party visited Grand Pre, N.S.  
 (2) Some members of the party, assembled around Evangeline's well.  
 Five continents were represented at the unveiling of the statue of Evangeline, Grand Pre, Nova Scotia. Nearly all those present, belonged to the Imperial Press Conference party, and the unveiling ceremony was performed by Lady Burnham, who said:  
 "Evangeline is the beautiful conception of an American poet whose verses we learnt to read on both sides of the Atlantic when we were children. History has shed another light on the Acadian story. We see today that British policy was not as black as it was painted. Whoever may be the truth of this story, as a woman and an English woman, I shall always regard it as one of the most painful episodes in our annals. Thank God these cruel old days have passed us forever, and from the fate of Evangeline has sprung a great wave of sympathy which has been carried on the healing hand of time. It is a good omen that the beautiful sun, God's healing hand, should be resting upon us all today, who are here to do honor to that sweet woman. Under those rays in your wonderful land so full of beauty and promise the old hatred is dead. I have now the privilege of unveiling the statue of Evangeline."  
 The statue, which is of bronze, is the work of Henri Hebert from a model by his father the late Philippe Hebert, a descendant of the Acadians of whom Evangeline was one. It is a magnificent work of art, and was presented to the Park at Grand Pre by the Dominion Atlantic Railway, which is now part of the C. P. R.

## Announcement

AFTER five years of Government regulation we are once more permitted to manufacture high patent

# PURITY FLOUR

with all the perfections of its old, high standard of quality.

No announcement of this Company was ever made with greater pleasure and our satisfaction with the welcome return to normal milling conditions, will be evidenced in the material improvement in all your baking.

Order a bag from your Grocer.

## Western Canada Flour Mills Co., Limited
