THIRD DAY'S ATTENDANCE AT EXHIBITION EQUALS THE FIRST

Crowd on Wednesday Estimated at 7,600.—Paid Admissions Were 6,100
 Secretary Hands Out Attendance Figures For First Three
 Days.—A. J. Ottewell, Clover Bar, Wins Silver Medal
 Sweepstakes For Stock Judging

The third day of the Provincial Exhibition attracted another immense crowd, the equal of the first day, but by no means as large as Children's Day. The Secretary of the Exhibition Association, gave out the figures for the three days this morning. The totals in each case are not declared to be accurate to within fifty or one hundred, but they are the official approximate figures.

Paid Admissions.
 July 1 6,200
 July 2 7,250
 July 3 6,100

Total Attendance 19,550

July 1 7,700
 July 2 15,000
 July 3 7,600

The great difference between the paid admissions and the attendance on July 2 is due to the fact that this was Children's Day and the youth of the city and province under twelve years of age, was admitted free.

The racing events in front of the grand stand were the principal feature of yesterday's program, stock judging having been practically completed on the previous afternoon.

The judges completed the judging of the five stock Wednesday. The work began early with the competition among the light stallions for the grand championship prize. There were three entries in this class: E. K. Strath's Woodman, Pickering Bros. Red Greenlander and J. J. Jordan's Li Hung Chang, each representative of the hickory standard bred roadster and registered thoroughbred respectively. The two judges, Mr. George Gray, who judged the heavy horses, and S. B. Fuller, who handed out the ribbons in the light horses, were in the ring. After long examination and testing the championship gold medal was given to Woodman.

Cattle Championships.
 The contest for the grand championship in the beef breed was the most interesting feature of the day. A great many of the spectators were here to see the contest. The prize was a gold medal and a silver cup, valued at \$100. The prize is a gold medal awarded by the Exhibition Association and a silver medal the gift of the Alberta Cattle Breeders' Association. In the dairy breeds there was a contest between the Jerseys and Holsteins. The prize is a gold medal, donated by Jackson Brothers, of Edmonton, owned by H. Deberry, East End Dairy, Edmonton. His competitors were Sir Akkute de Kol Burke and Sir Akkute de Kol, both owned by W. H. Mullins, Ponoka.

Stock Judging Competition.
 A lively time was spent by the young men in the competition for the best live stock judge on the grounds. There were several entries in each class and splendid answers were given by each in his answer paper, containing the names of the animals and points of each individual he was called upon to judge. The contest was very heavy and the stock judging schools held by the Department of Agriculture last winter. The young men were highly complimented by the Minister of Agriculture, who said that Alberta would soon have a whole school of trained live stock judges who would be capable of going to any part of the Dominion to act as live stock judges.

George Gray and S. B. Fuller conducted the examination of the students in the horse judging, while Smith and M. D. Geddes, of the Farm and Ranch Review, conducted the examination of the entries and awards in order of merit in the various judging contests:

SHOCK FELT AT OTTAWA.

Observatory Seismogram Records Earthquake Many Miles Away.
 Ottawa, July 3.—A severe earthquake was recorded at the Dominion Observatory here yesterday morning. The preliminary tremors arrived at 8:15 minutes and forty eight seconds and the principal shock began at 8:34 minutes and fourteen seconds. The record being more pronounced than that for Kingston, Jamaica. From the seismogram, it is inferred, that the earthquake took place some 3,000 miles distant, north of the Bahamas.

OPPOSITION IS DEVELOPING

To American Proposal Referring To Inviolability Of Private Property At Sea

The Hague, July 3.—The opposition to the American proposition before the peace conference on inviolability of private property at sea is increasing. It now seems that Russia and France are not even in favor of the Italian amendment suggesting that belligerent railway, is coming to this city to arrange for an Ottawa Old Boys' Excursion, which will be attended by over 400 ex-Ottawans from the West. The railroad is arranging for entertainments and itineraries for the excursion.

Excursion For Six Ottawans.

Winnipeg, Man., July 3.—Boy Bullock, of the Chicago Great Western railway, is coming to this city to arrange for an Ottawa Old Boys' Excursion, which will be attended by over 400 ex-Ottawans from the West. The railroad is arranging for entertainments and itineraries for the excursion.

PEACE PARTY IN CONTROL.

Men Who Favor Peace in Coal and Steel Interests Securing Stock.

Montreal, July 3.—The affairs of the coal and steel companies are approaching a crisis, and it looks as if the peace party has secured control. President Plummer called a meeting of steel directors this morning, and rumor has it that the end of his regime is near. James Ross' holdings of steel directors this morning, and Sir Henry Pellatt and Rodolphe Forget, with 30,000 each, are working in with the Ross interests.

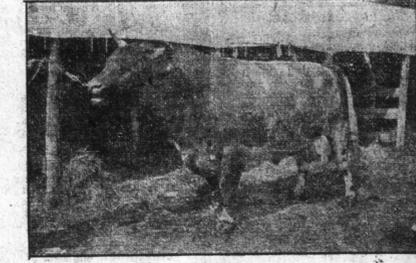

through the cities of St. Paul, Chicago, and Toronto.

regarding the use of wireless telegraphy based on her experience during the Russo-Japan war, while other powers are desirous of proposing that submarine cables be classed as neutral property. The Japanese have not presented any proposition regarding the bombardment of towns, but have asked the Americans, who, in their proposition desire to prohibit bombardments of towns for not paying ransoms, to propose the abolition of the payment of ransoms in order to escape bombardments.

Miss Anna Eckstein has requested an audience of President Nelidoff in order to present a petition signed by over two million Americans in favor of a general arbitration treaty.

New Fellowship Created.
 Toronto, Ont., July 3.—The Board of Governors of the University have provided a third Alexander Mackenzie fellowship in political science for the session of 1907-1908. It was awarded yesterday by the council of the faculty of arts to H. H. Davis. The George Paxton Young memorial fellowship in philosophy was awarded at the same time to W. D. Brown.

To Celebrate the Fourth.
 Winnipeg, Man., July 3.—The American Association is preparing to celebrate the glorious Fourth to-morrow at Portage La Prairie with real American enthusiasm.

MANY FAVORITES WERE BEATEN IN THE THIRD DAY'S RACING

The third day's racing at the exhibition was by long odds the best of the meet, up to the present time. The attendance was another record one. The weather was all that could be desired and the racing was the equal of any ever seen here.

The two trotting races were doubtful numbers till the finish of the final heat, the 2:30-2:35 requiring five heats and the 2:15-2:14 taking four to decide the winner.

These two races were not concluded till almost six o'clock and the three running events required an hour and a half more to finish the day's program.

In the latter events there was considerable delay in getting out the horses, causing some annoyance to the spectators, who felt that some of the tedious waits should have been provided.

The Winnipeg horse, Bertie K, whose driver was on Tuesday under suspicion of working a collusion with the bookmakers to fix the race to the latter's advantage, also was a doubtful proposition yesterday and was watched closely by the judges all afternoon.

Yesterday was the best one financially of the meet for the bookmakers, owing to the frequency with which the favorites failed to make good. As a result many of the knowing ones made considerable money.

Following is a detailed account of the day's races:

2:30 Pace or 2:35 Trot—First Heat.
 In this race there were five starters. Boundary Boy, Kitty Lou, Starlight, Payroll and Archie Kirk, who drew positions from the pole in the order named.

After lengthy scoring and several warnings by Starter Weaver, the five horses got away at the fourteenth,

by each in his answer paper, containing the names of the animals and points of each individual he was called upon to judge. The contest was very heavy and the stock judging schools held by the Department of Agriculture last winter. The young men were highly complimented by the Minister of Agriculture, who said that Alberta would soon have a whole school of trained live stock judges who would be capable of going to any part of the Dominion to act as live stock judges.

 Uixkull, the distinguished Rus-
 sian nobleman, speak. On
 platform were also Rev. Mr.
 McDonald (Leduc), and Rev. Mr.
 Jones, the last of whom intro-
 duced, in a brief speech, the speaker
 of the evening. Baron Uixkull, in
 course of a very interesting ad-
 dress, told of the trials and priva-
 cy of the Russian people before
 dawn of religious freedom, and
 subsequent happiness when
 ty of religious thought was
 led. He made a powerful plea
 the Baptist seminary, which was
 ty to be established, and closed
 a number of anecdotes to show
 need of better religious instruc-
 tion for the young men of the mis-
 sion.
